What is G2G Marketplace?

- ✓ A catalog and service bureau modeled on the application store concept
- ✓ An easy way to research, purchase and implement technology solutions and professional services
- ✓ Technology solutions and services for governments regardless of size, budget or resources
- ✓ Solutions from approved third-party vendors and government partners
- ✓ A simplified purchase and licensing process
- ✓ Pre-negotiated blanket purchase agreements and contracts

> *"G2G Marketplace will change the way governments purchase technology and services. Oakland County is leading the way in helping governments of all sizes."*
>
> – L. Brooks Patterson
> Oakland County Executive
