

# Prevent Prescription Drug Abuse

The opioid epidemic is upon us and growing every day in Oakland County. Resources have been assembled by Oakland County to help anyone who has this addiction and is seeking help. To learn more about our efforts, please go to our Open Data Portal at [accessoakland.oakgov.com](http://accessoakland.oakgov.com), and visit the Opioid Epidemic page.

*“Prescription drugs account for nearly 60% of all deaths from drug overdose, and pain relievers such as oxycodone, hydrocodone, and methadone are involved in three of every four prescription drug overdose fatalities.”*

— L. Brooks Patterson, Oakland County Executive
