## INTRODUCTION

**The Community Development Block Grant (CDBG) Program** - CDBG is a U.S. Department of Housing and Urban Development (HUD) program that provides funds annually to entitlement jurisdictions. Federal regulations 24 CFR Part 570 set forth eligible activities and CDBG national objectives. CDBG funds housing, public facility and public service activities that benefit low-income households and persons with special needs. Oakland County receives CDBG funds as an “urban county”. Participating communities have a population below the threshold for entitlement status and must join with the County to receive CDBG or meet the population threshold but opt of participation with the “urban county”. The City of Pontiac participates in the “urban county” as a Metropolitan City. Projects must be eligible, in conformance with activities to be funded and meet at least one of the following CDBG national objectives:

### NATIONAL OBJECTIVES

- 1. Primarily benefit low-income persons or households** - This is the most commonly used qualifier. Documentation of the benefit to low-income level persons is required of every project funded under this objective.
  - Limited clientele activities, i.e., those which benefit a specific sector of the community must benefit a minimum of 51% low-income persons.
  - Activities that benefit all residents within a defined geographic area can meet the low-income benefit requirement if the area meets the urban county exception criteria of a minimum of 45.08% low-income income residents, as calculated from Census data provided by HUD.
  - Direct benefit activities are those such as Minor Home Repair and Public Services- Youth Services that directly benefit qualified low-income households.
- 2. Aid in the elimination of slum or blight conditions** - HUD has strict guidelines to define conditions under slum and blight spot or area basis. A project must comply with the State Definition of Blight to meet this national objective. Contact Samantha Ferguson at (248) 858-5312 to determine project eligibility.
- 3. Meet an urgent community need** - Generally, this objective is used in the case of recent serious natural disasters (e.g., earthquake, flooding) and only when other funds are not available.

### CDBG ACTIVITIES MUST MEET A DOCUMENTED NATIONAL OBJECTIVE

**Consolidated Plan** - The Oakland County Consolidated Plan (Con Plan) is submitted every five years pursuant to U.S. Department of Housing and Urban Development (HUD) Code of Federal Regulations (CFR) (24 Part 91, 1/5/95). The Con Plan represents a single submission covering the planning and application aspects of HUD’s Community Development Block Grant (CDBG), HOME Investment Partnership Act (HOME) and Emergency Solutions Grant (ESG) formula programs. The purpose of the Con Plan is to describe activities to be undertaken every five years in conjunction with HUD programs by the Oakland County HOME Consortium. Oakland County serves as the lead agency for the HOME Consortium, which is comprised of the Urban County of Oakland, City of Farmington Hills, City of Royal Oak, and City of Southfield. The Con Plan is designed to assess housing and community development needs and describe market conditions to address priority needs.

## OAKLAND COUNTY CDBG PROGRAM

Local governments are known as grantees or recipients in the CDBG entitlement program. A grantee or recipient may be eligible to receive CDBG funds if they are a city in a metro area of over 50,000 in population, a designated principal city, or an urban county with more than 200,000 people. States may also receive funding directly from HUD and provide it to small cities (non-entitled communities). Oakland County is responsible for execution of its Community Development program, following its Consolidated Plan and meeting other applicable law requirements including:

- National Environmental Policy Act
- Uniform Relocation Act
- Fair Housing Act
- Title VI of the Civil Rights Act of 1964
- Sec. 504 of the Rehabilitation Act of 1973
- Sec. 109 of Title I of Housing & Community Development Act of 1974
- Americans with Disabilities Act of 1990
- Affirmatively Furthering Fair Housing

The County's responsibility must include these functions even where as a matter of administrative convenience or State law, the county permits cooperating units of general local government to carry out essential community development and housing assistance activities.

**Three Year Cooperation Agreement** - As an urban county, Oakland County is required to maintain cooperation agreements with each of its subrecipients. HUD provides notification to the County of its requirements under the Cooperation Agreement every three years. The notice includes guidance on qualification actions to be taken, cooperation agreements/amendments, notification of opportunity to be excluded; included, notification of split places and notification of opportunity to terminate.

**Annual Subrecipient Agreement** - Federal regulations require Oakland County as an "urban county" grantee to execute an annual Subrecipient Agreement with each participating community. The Subrecipient Agreement spells out obligations under the Code of Federal Regulations at 24 CFR 570.503. The agreement is in effect during any period that the subrecipient has control over CDBG funds including program income. Minimally, the Subrecipient Agreement shall include a statement of work, record and reporting requirements, program income rules, uniform administrative requirements, other program requirements, a suspension and termination clause and guidance on reversion of assets. A full executed Subrecipient Agreement is required before disbursing CDBG funds.

**Uniform Grant Guidance (UGG)** - The Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards at 2 CFR § 200 streamlines and consolidates government requirements for receiving and using federal awards to reduce administrative burden and improve outcomes. Published in the Federal Register (79 Fed. Reg. 75871) on December 19, 2014, the UGG became effective for new and continuation Federal awards issued on or after December 26, 2014.

**System for Award Management** - CDBG participating communities must register with the Federal System for Award Management (SAM), and must have a correct UIE # to receive a federal award.

**Your SAM registration is due with your CDBG application. Register to do business with the**

## HUD INCOME LIMITS

**Income Limits** - CDBG relies on HUD annual area median income (AMI) data to determine the eligibility for activities that directly benefit a person or household and to determine area wide benefit. The income limits below are effective as of 06/15/2023. The maximum income level for CDBG is Low-Income or 80% of AMI based on household size.

Persons Per Household	Extremely Low- Income (30%)	Very Low-Income (50%)	Low-Income (80%)
<b>1</b>	\$19,900	\$33,150	\$53,050
<b>2</b>	\$22,750	\$37,900	\$60,600
<b>3</b>	\$25,600	\$42,650	\$68,200
<b>4</b>	\$28,400	\$47,350	\$75,750
<b>5</b>	\$30,700	\$51,150	\$81,850
<b>6</b>	\$32,950	\$54,950	\$87,900
<b>7</b>	\$35,250	\$58,750	\$93,950
<b>8</b>	\$37,500	\$62,550	\$100,000

06/15/23

**NOTE:** Oakland County is part of the **Detroit-Warren-Livonia, MI HUD Metro Fair Market Rent Area** which contains the following areas: Lapeer County, MI; Macomb County, MI; Oakland County, MI; St. Clair County, MI; and Wayne County, MI. Income limits are subject to change.

## PY 2024 CDBG PLANNING ALLOCATIONS

Oakland County does not have information on exact CDBG funding levels for Program Year (PY) 2024. **Use the final award figure from PY 2023 to compile your application.** Once exact amounts are available necessary adjustments will be made.

## ACQUISITION AND DISPOSITION

### ACQUISITION OF REAL PROPERTY

<b>Program/Account #</b>	172170-730003
<b>Eligible Uses</b>	Acquisition of real property that will be developed for a public purpose. Use code 01 if CDBG funds will be used ONLY for the acquisition of property. This code is frequently used for the acquisition of property on which a public facility, public improvement or housing will be constructed using other funds
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility and discuss Uniform Relocation Act and appraisal requirements before applying for this project.</b></p> <ul style="list-style-type: none"> <li>• When a grantee acquires and constructs or rehabilitates a public facility with CDBG funds, assign the appropriate 03* matrix code, instead of 01.</li> <li>• When a grantee combines acquisition with relocation or disposition in a single activity, that activity can be coded as Acquisition 01.</li> <li>• When a grantee acquires and rehabilitates housing with CDBG funds for residential purposes, use code 14G.</li> <li>• When a grantee or subrecipient acquires land, clears structures, or packages land for the purpose of creating an industrial park or encouraging commercial/industrial redevelopment, use matrix code 17A.</li> </ul> <p><b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b></p>
<b>Environmental Code</b>	<b>Contact Environmental Review (248) 858-5309 to confirm if project is Categorically Excluded and/or Environmentally Assessed</b>
<b>HUD Matrix Code</b>	01
<b>Authority</b>	24 CFR 570.201(e) or 42 USC 5305(a)(1)
<b>National Objective Codes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine National Objective. Options include:</b></p> <p>LMA – Low-income area benefit: the service area identified for activities is at least 45.08% low-income income.</p> <p>LMC – Low-income limited clientele benefit: activities that benefit a limited clientele, at least 51% of which are low-income.</p> <p>LMH – Low-income housing benefit: activities that are carried out for providing or improving permanent residential structures that will be occupied by low-income households.</p>
<b>Accomplishment Type</b>	People/Housing Units/Public Facilities
<b>Performance Objective</b>	Create Suitable Living Environment
<b>Performance Outcome</b>	Sustainability

## DISPOSITION OF REAL PROPERTY

<b>Program/Account #</b>	172170-730536
<b>Eligible Uses</b>	Costs related to the sale, lease, or donation of real property acquired with CDBG funds or under urban renewal. Eligible costs would include the costs incidental to disposing of the property, such as preparation of legal documents, fees paid for surveys, transfer taxes, and other costs involved in the transfer of ownership of the CDBG-assisted property. The costs can also include the costs of temporarily maintaining property pending disposition, for example, boarding property up, mowing grass, security. However, the temporary maintenance costs are eligible only for properties initially acquired with CDBG funds.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility and discuss Uniform Relocation Act and appraisal requirements before applying for this project.</b> Disposition must assure property meets CDBG National Objectives. Proceeds of disposition are program income. <b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b>
<b>Environmental Code</b>	<b>Contact Environmental Review at (248) 858-5309 to confirm if project is Categorically Excluded and/or Environmentally Assessed</b>
<b>HUD Matrix Code</b>	02
<b>Authority</b>	24 CFR 570.201(b) or 42 USC 5305(a)(7)
<b>National Objective Codes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine National Objective. Options include:</b> LMA – Low-income area benefit: the service area identified for activities is at least 45.08% low-income. LMC – Low-income limited clientele benefit: activities that benefit a limited clientele, at least 51% of which are low-income. LMH – Low-income housing benefit: activities that are carried out for providing or improving permanent residential structures that will be occupied by low-income households.
<b>Accomplishment Type</b>	When the property will be used for the purpose for which it was acquired, use the same Accomplishment Code that was or should have been used for acquisition of the property. When a property is disposed of for a use other than for which it was acquired, use the Accomplishment Code that corresponds to the new use.
<b>Performance Objective</b>	Create Suitable Living Environment
<b>Performance Outcome</b>	Sustainability

## CLEARANCE AND DEMOLITION

<b>Program/Account #</b>	172170-730345
<b>Eligible Uses</b>	Clearance or demolition of buildings and improvements, or the movement of structures to other sites.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility and SHPO requirements before applying for this project.</b> Must document as vacant at least one year and slum/blight condition and condemnation of structure as necessary.</p> <p>This project can take place anywhere in the community.</p> <p>The community must provide the following information (per structure) before starting the project: property address, location map, photographs, statement signed by the local building official that the structure meets the State of MI Definition of Blight, description signed by the local building official of the specific conditions detrimental to public health and safety which will be corrected by demolishing the structure, signed certification that the structure, if residential in nature, has been vacant for at least one year, signed approval to demolish, and demolition agreement.</p> <p><b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b></p>

## PUBLIC FACILITIES AND IMPROVEMENTS

Use matrix codes in this section when the CDBG funds are used by the grantee or other public or private non-profit entities for public facilities and improvements.

- Grantees may only have one public facility in an activity. Grantees must set up a separate activity for each public facility. When two or more related activities are funded with CDBG, the grantee needs to set up a separate activity for each facility or improvement.
- When a facility is used only by a specific client group, the activity should be assigned the matrix code specific to that group, not the type of facility. For instance, assign 03Q to a health facility for abused and neglected children, not 03P.
- If CDBG funds are only used to acquire property for a public facility, use matrix code 01. If the grantee uses CDBG funds to pay for the acquisition and construction, or rehabilitation of a public facility or improvement, use the appropriate 03\* matrix code.
- For commercial and industrial improvements undertaken by a grantee or a subrecipient for economic development purposes, use matrix code 17A, 17B, 17C, or 17D.

## SENIOR CENTERS

<b>Program/Account #</b>	172170-731696
<b>Eligible Uses</b>	Acquisition, construction, or rehabilitation of facilities (except permanent housing) for seniors. 03A may be used for a facility serving both the elderly and persons with disabilities, provided it is not intended primarily to serve persons with disabilities. If it is, use 03B Facilities for Persons with Disabilities instead. A senior is defined by HUD as 62 years of age or more.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility before applying for this project.</b></p> <p>This is a presumed benefit activity. Communities must develop and maintain a senior center membership roster which includes documentation of age to establish client eligibility (driver's license). A current <b>PERSON DBA REPORT</b> must be submitted with each invoice which indicates the presumed benefit eligibility of clients served. The purchase and installation of permanently attached equipment is eligible under this code (i.e. public-address system and built in appliances/defibrillator). If a municipality does not have a senior center than an access fee is eligible for non- residents age 62 &gt; to access a senior center in a neighboring community.</p> <p>A <b>PERSON DBA</b> must be kept for all seniors accessing the senior center. The access fee calculation is based on the previous years' actual facility expenses <b>not</b> budgeted amounts. The senior center coordinator's salary can be figured in this expense. No other programming or personal expenses are to be included. <b>For more details on how to calculate the access fee, contact Contract Compliance at (248) 858-0196.</b> If the facility to retrofit is 50 years of age or older, project plans and a historic preservation profile is required at the time of application or reprogramming.</p> <p><b>Contact Planning &amp; Evaluation at (248) 858-5312 regarding SHPO requirements before applying for this project.</b></p> <p><b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b></p>

<b>National Objective Codes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine National Objective. Options include:</b> LMC – Low-income limited clientele benefit: activities that benefit a limited clientele, at least 51% of which are low-income.
<b>Accomplishment Type</b>	Public Facilities
<b>Performance Objective</b>	Create Suitable Living Environment
<b>Performance Outcome</b>	Sustainability

## FACILITIES FOR PERSONS WITH DISABILITIES

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Acquisition, construction, or rehabilitation of centers, group homes, and other facilities (except permanent housing) for persons with disabilities. 03B may be used for a facility serving both persons with disabilities and the elderly, provided it is not intended primarily to serve the elderly. If it is, use 03A instead. Note: For the construction of permanent housing for the persons with disabilities, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility before applying for this project.</b> <b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b>

<b>National Objective Codes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine National Objective. Options include:</b> LMC – Low-income limited clientele benefit: activities that benefit a limited clientele, at least 51% of which are low-income.
<b>Accomplishment Type</b>	Public Facilities/Housing Units
<b>Performance Objective</b>	Create Suitable Living Environment
<b>Performance Outcome</b>	Sustainability

## HOMELESS FACILITIES (NOT OPERATING COSTS)

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Acquisition, construction, conversion of buildings, or rehabilitation of temporary shelters and transitional housing for the homeless, including victims of domestic violence, dating violence, sexual assault or stalking, disaster victims, runaway children, drug offenders, and parolees. Note: For the construction of permanent housing for the homeless, use code 12; for the rehabilitation of such housing, use the appropriate 14* code; for facilities for abused and neglected children, use 03Q.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility before applying for this project.</b> <b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b>

## YOUTH CENTERS

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Acquisition, construction, or rehabilitation of facilities intended primarily for young people age 13 to 19. These include playground and recreational facilities that are part of a youth center. For the acquisition, construction or rehabilitation of facilities intended primarily for children age 12 and under, use 03M; for facilities for abused and neglected children, use 03Q.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility before applying for this project. Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b>

## NEIGHBORHOOD FACILITIES

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Acquisition, construction, or rehabilitation of facilities that are principally designed to serve a neighborhood and that will be used for social services or for multiple purposes (including recreation). Such facilities may include libraries and community centers.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.

## PARKS, RECREATIONAL FACILITIES

<b>Program/Account #</b>	172170-731332
<b>Eligible Uses</b>	Use this code for development of open space areas or facilities intended primarily for recreational use.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine before applying for this project.</b>  This is an areawide benefit activity.  Only recreational facilities within designated low-income census tract block groups are eligible.  Parks, recreational facilities must be open to the public, and if fees are charged, they must be low enough not to preclude the use of the facility by low-income persons.  If there is only one facility in the community and <i>even</i> if it is in a low-income block group, the entire service area must have a population that is at least 45.08%* low-income.  Any new CDBG-financed recreational facility must be in a designated low-income block group. (*percentage may change as HUD provides the county with new income data)  If the facility is 50 years of age or older project plans and a historic preservation profile is required at the time of application or reprogramming. The planning unit will forward the documents to the State Historic Preservation Office (SHPO) for comment before work begins. The SHPO has 30 days from receipt of a completed profile to comment. If the SHPO does not concur, the project will have to be redesigned and resubmitted. HUD no longer allows the removal and/or replacement of accessible playground equipment as an eligible project under this category.  <b>Contact Planning &amp; Evaluation at (248) 858-5312 regarding SHPO requirements before applying for this project.</b>  <b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b></p>

## PARKING FACILITIES

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Acquisition, construction, or rehabilitation of parking lots and parking garages. Use 03G if rehabilitation of a public facility or street improvement is a small part of an activity to improve a parking facility. However, if parking improvements are only a small part of a larger street improvement activity, use 03K.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.

## FLOOD AND DRAINAGE IMPROVEMENTS

<b>Program/Account #</b>	172170-730744
<b>Eligible Uses</b>	Acquisition, construction, or rehabilitation of flood drainage facilities, such as retention ponds, catch basins, streambank erosion controls, channelization of streambeds, or dams. 03I can also be used for “Green Infrastructure” improvements to manage stormwater. However, if stormwater management improvements are integral to some other activity like a park or a street project, it should be included in that matrix code (03F for parks, 03K for streets) rather than 03I.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.

## WATER/SEWER IMPROVEMENTS

<b>Program/Account #</b>	172170-732114
<b>Eligible Uses</b>	<p>Installation or replacement of water lines, sanitary sewers, storm sewers, and fire hydrants. Costs of street repairs (usually repaving) made necessary by water/sewer improvement activities are included under 03J.</p> <p>For water/sewer improvements that are part of:</p> <ul style="list-style-type: none"> <li>• More extensive street improvements use 03K. For example, an activity that involves paving six blocks of Main Street and installing 100 feet of new water lines in one of those blocks.</li> <li>• A housing rehabilitation activity such as water/sewer hookups (lines from a house to the street), use the appropriate 14* housing</li> </ul>
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility before applying for this project.</b></p> <p>If the water/sewer line runs under low-income block groups, consider the project as areawide. You may not charge low-income persons to recover CDBG funded capital costs to install or improve water/sewer lines in areas where CDBG funds are used on an areawide basis for the water/sewer line installation/improvement. CDBG funds recovered from persons who are not low-income are program income. In all other areas, CDBG funds may only pay the special assessments levied against low-income households for construction or improvement of the water/sewer line. This may include the water/sewer tap and related lines from the street to the homeowner property line <u>only</u>. The installation of lines and related plumbing from the property line to (and into) the home is classified as minor home repair or housing rehabilitation. <b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b></p>

## PUBLIC SERVICES

Use matrix codes in this section for CDBG assisted public services activities.

- It is important to distinguish a service from construction or rehabilitation of a facility where a service is being provided. For example, the construction or rehabilitation of a senior center is coded as 03A, but the funding of services provided at a facility for senior citizens is coded as 05A.
- Rental of a facility for a service is considered a part of delivery of service and should be treated as a public service. CDBG funds may be used to pay for labor, supplies, and material as well.
- Operation and maintenance may be paid with CDBG funds only for the portion of the building where a public service is being carried out.
- If the activity is restricted to one client group, use the matrix code for that group. For example, use 05A for senior services.
- Income payments are permissible if the payments are made directly to the provider of services on behalf of the individual or family which are used to provide basic services such as food, shelter (including payment for rent, mortgage, and/or utilities) or clothing.
- Income payments that are provided as a loan are permissible within the public services cap.
- To utilize CDBG funds for a public service, the service must be either: A new service; or a quantifiable increase in the level of an existing service which has been provided by the grantee or another entity on its behalf through State or local government funds in the 12 months preceding the submission of the grantee's Consolidated Plan Annual Action Plan to HUD. An exception to this requirement may be made if HUD determines that any decrease in the level of a service was the result of events not within the control of the local government. This provision was put into place to ensure that localities do not use CDBG funds to replace local or state monies to fund essential services typically offered by the local government entity. Specifically, the public services provision applies in the following manner:
  - If a service is new, it may be funded.
  - If it is determined whether the service was not provided by or on behalf of the local government with funding from the local government, it may be funded,
  - If it was provided by or on behalf of the local government with funding from the State or local government, and it is determined and documentable that the proposed service will be a quantifiable increase in the level of service, it may be funded.
  - The regulations do not prohibit a grantee from continuing to provide funding to a CDBG funded public service at the same or decreased level in subsequent program years.

\*\*\*Ineligible Public Service Activities include political or religious activities and income payments (when occurring outside of allowable parameters stated above.)

## HOMELESS/AIDS PATIENTS PROGRAMS (SUBJECT TO PUBLIC SERVICE CAP)

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Costs associated with the operation of programs for the homeless or for AIDS patients, such as staff costs, utilities, maintenance, and insurance. Because payment of operating costs for these programs is a public service under CDBG, all CDBG expenditures for 03T activities are included in the calculation of the Public Services cap.
<b>Project Delivery Costs</b>	Project service delivery costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.

## HOUSING

Housing includes new construction and rehabilitation.

- Reconstruction of housing is eligible as is rehabilitation. Replacement of stick-built residential structures with manufactured housing units, or vice versa, is eligible as reconstruction of housing.
- Manufactured housing may be rehabilitated if it is considered part of the community's permanent housing stock.
- Wiring multifamily properties for broadband internet service, as part of substantial rehabilitation as defined in 24 CFR 5.100, should be treated as a cost of the rehabilitation, not broken out separately.
- Conversion of non-residential structures to housing is eligible as rehabilitation (esp. significant for 14B, 14D, 14G).
- Rehabilitation of housing can include water/sewer hookups, running water/sewer lines from a house out to the street, installation/rehabilitation/replacement of wells, septic tanks, septic drain fields, etc.
- Historic preservation work that is done as part of other housing rehabilitation can be included in the relevant matrix code.
- Installation or replacement of landscaping materials, sidewalks, and driveways can be included when the costs are incidental to the rehabilitation of the property.

<b>Eligible Uses</b>	Use this code for loans and grants for the rehabilitation of privately-owned mobile homes. Less extensive repairs (no more than \$5,000) to a mobile home that do not necessarily bring it up to Universal Property Condition Standards (UPCS). <b>NOTE:</b> Under CDBG, single family means one-unit structures. Participating community may allocate CDBG funds to upgrade designated mobile homes.		
<b>Project Delivery Costs</b>	Project Service Delivery Costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.		
<b>Notes</b> 	<p><b>Eligible Communities-</b> Participating communities with multiple mobile home parks should prioritize and specify park(s) to align funding with need. <b>Eligible Applicants-</b> Applicants must own the unit being repaired, income qualify per HUD Section 8 Income Limits, and require eligible repairs. <b>Maximum Grant per Unit-</b> \$5,000 <b>Eligible Repairs-</b> Roof replacement, furnace repair/replacement, hot water heater repair/replacement, ADA ramps, minor plumbing leaks, park violations, skirting, and safety repairs. Other repairs may be made on a case by case basis. No lead repairs are eligible. <b>Application Process-</b> Clients are served on a first-come, first-served basis as determined by eligible vendors's receipt of a complete application. <u>No customer will be served until the application and eligibility process is completed.</u> <b>Emergency Needs-</b> This is not an Emergency Program- For heating emergencies (NO HEAT 10/1-4/1), vendor will make every effort to refer customers to emergency programs and on a case-by-case basis make every effort to address no-heat situations. <b>Program Promotion-</b> Participating communities, vendor and the County will promote the program. <b>One Contract-</b> Participating communities will designate funds for the MHR for Oakland County Neighborhood &amp; Housing Development (NHD) to provide to the vendor in one single contract. The contract will include a list of participating communities and funds provided. The vendor will reserve \$5,000 of a community's funding per local applicant. Priority will be given to current, approved weatherization customers from each community who need the eligible CDBG funded items. <b>Reporting-</b> the vendor will report directly to the NHD Division and participating communities on a quarterly basis. The report will include a list of the number of units to be done in each community according to funding received, and the number and cost of completed units in each community for the quarter and year-to-date. A copy of the contract listing each community and allocation amount and quarterly productivity reports will be provided to each community for local files. <b>Contract Payments-</b> the vendor will request payment directly from Oakland County. Funds will be paid directly through NHD using funds allocated by participating communities. <b>Contract Duration-</b> The contract duration and service delivery period will be one year. At the end of the contract period, any community that has not generated the appropriate number of referrals will be notified. If no applicants are forthcoming, all balances from the participating communities will be expended to serve approved applicants from any eligible area on a first come, first served basis. <b>Residual Balances-</b> At any time during the program, when the balance of a community's funds reaches \$500 or less, this balance will become part of the program general fund and used to serve customers from any eligible municipality. These customers will be served on a first come, first served basis determined by the receipt of a completed application. Every effort will be made to expend funds within the contributing community. <b>Administrative Costs-</b> 20% of the total grant will be available for the vendor's administrative purposes including income eligibility determination, file documentation, inspection process, bid process and contractor oversight, quality control, invoicing, tracking, and reporting.</p>

## CODE ENFORCEMENT

<b>Program/Account #</b>	172170-730310
<b>Eligible Uses</b>	Code enforcement involves the payment of salaries related to the enforcement of state and/or local codes. Code enforcement cannot pay the costs of correcting code violations. CDBG funds may be used for code enforcement only in deteriorating or deteriorated areas where such enforcement, together with public improvements, rehabilitation and services to be provided, may be expected to arrest the decline of the area, and provided the code enforcement meets a national objective of the CDBG program. Reference: s570.202(c).
<b>Project Delivery Costs</b>	Project Service Delivery Costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	This is an areawide benefit activity. See HUD CPD-14-016 below and application pages for specific requirements. Communities should refer clients to the Oakland County Home Improvement Program so that low-income persons can correct violations cited under CDBG funded code enforcement without being unduly burdened financially. Time reports must be submitted to receive reimbursement for this activity. Provide the number of inspections when requesting reimbursement.

## Notice: CPD-14-016 - Use of CDBG Funds for Code Enforcement Activities

### WHAT IS CODE ENFORCEMENT?

The Housing and Community Development Act of 1974 (HCDA) and the CDBG regulations permit the use of CDBG funds for selected code enforcement activities. Section 105(a)(3) of the HCDA permits “the use of CDBG funds for code enforcement in deteriorated or deteriorating areas in which such enforcement, together with the public or private improvements or services to be provided, may be expected to arrest the decline of the area.” This provision is codified in the CDBG Entitlement program regulations at 24 CFR 570.202(c), which reads as follows:

*Code enforcement.* Costs incurred for inspection for code violations and enforcement of codes (e.g., salaries and related expenses of code enforcement inspectors and legal proceedings, but not including the cost of correcting the violations) in deteriorating or deteriorated areas when such enforcement together with public or private improvements, rehabilitation, or services to be provided may be expected to arrest the decline of the area.

Eligible code enforcement activities assisted under 24 CFR 570.202(c) for entitlement communities do not include the costs of correcting the code violations, which may be an eligible rehabilitation cost, provided a national objective is met. In the Entitlement CDBG program, the rehabilitation costs are separate and distinct from code enforcement activities carried out under 570.202(c). Rehabilitation of buildings and code enforcement activities are also listed in the HCDA as separate eligible activities. The State CDBG regulations do not contain a section listing eligible activities, and the Entitlement eligibility provisions are not binding on states. States may use the Entitlement regulations as interpretive guidance in addition to Section 105(c) of the HCDA. Throughout this Notice, the text will refer to the Entitlement regulations regarding eligible activities; states should refer to the citations from the HCDA.

There are varying definitions and standards for code enforcement. Code enforcement is defined by some jurisdictions as the prevention, detection, investigation, and enforcement of violations of statutes and ordinances regulating public health, safety and welfare. Code enforcement can also include the maintenance and preservation of the value and appearance of residential, commercial, and industrial buildings within its boundaries. Some jurisdictions’ code enforcement efforts focus more on buildings and structures, while others are concerned with community cleanliness, public advertisement displays, garage sales, lawn care, environmental concerns (such as abandoned tires), and the condition of motor vehicles on the streets.

For CDBG program purposes, code enforcement is defined as a process whereby local governments gain compliance with ordinances and regulations regarding health and housing codes, land use and zoning ordinances, sign standards, and uniform building and fire codes. Code enforcement may take place in primarily residential, commercial, and industrial areas. The legislative language requiring “other improvements” to be made to arrest the decline of the area suggests a greater emphasis on structural issues. As a result, the CDBG program will expect that localities emphasize health and safety issues in buildings. Ancillary efforts to address violations of codes concerning vacant lots, signs, and motor vehicles are permitted in conjunction with efforts regarding buildings but should form a minor part of the code enforcement program.

## **PURPOSE OF CODE ENFORCEMENT**

Most jurisdictions in the United States have building codes, which are rules that must be followed to comply with the minimum levels of safety for buildings and non-building structures. The objective of these building codes is to ensure the health, safety, and protection of the public in the construction and occupancy of buildings. Building codes affect such matters as structural integrity, fire resistance, lighting, electrical, plumbing, sanitary facilities, ventilation, and seismic design. Therefore, the condition of buildings may be reflected in building, property maintenance, zoning, and/or other locally adopted codes or ordinances, the enforcement of which would all be eligible with CDBG funds.

The purpose of having building codes and enforcement inspections is to protect the public health, safety and welfare. As an example, a house may not have the required number of electrical outlets in each room, which may result in too many items being plugged into an extension cord, resulting in a fire. Additional examples are bathrooms venting into attics, resulting in roof deterioration, and the structural integrity of floor and roof joists.

Code enforcement inspections may also seek to encourage residents (homeowners and tenants) to maintain the appearance and value of their housing units. It is hoped that other residents are motivated to keep their housing units in compliance with local codes because of the good condition of the surrounding housing units. Since this does not always happen, units of government enforce housing codes to ensure that housing units are maintained. Housing units that are well-maintained and meet all local housing codes and standards protect the health and safety of occupants, improve the value of the residential units in a neighborhood and give such neighborhoods the appearance of being well-maintained. Housing units that are dilapidated and/or vacant may attract squatters, vandals, drug addicts, and rodents.

Code inspections are also done to protect the health and safety of persons utilizing buildings such as public facilities. For example, a privately-owned daycare center utilized by children may have peeling paint on its walls, which may pose a danger to children who may eat it, even if it does not contain lead, or loose floorboards may pose a tripping hazard for children and adults. In addition, the owners of such facilities may face legal liability if someone is seriously injured. This may be the grantee if it is a public facility or a nonprofit carrying out an eligible activity.

Code enforcement can help to reduce crime in a neighborhood, as well. The “broken window” theory was introduced in 1982 by social scientists James Q. Wilson and George L. Kelling. Their research showed that, if broken windows in a structure are not repaired, vandals are more likely to break more windows. Crime levels thus tend to be higher in areas where repairs are not accomplished. Therefore, jurisdictions monitor and maintain buildings, particularly in urban areas, to prevent vandalism and further deterioration so that neighborhoods are well-maintained and experience less crime.

## **ELIGIBLE CODE ENFORCEMENT COSTS**

**Code Enforcement Inspections** - The cost of conducting code enforcement inspections is an eligible CDBG expense. Section 105(a)(3) of the HCDA permits the use of CDBG funds for code enforcement in deteriorated or deteriorating areas in which such enforcement, together with the public or private improvements or services to be provided, may be expected to arrest the decline of the area. The CDBG Entitlement program regulations at § 570.202(c) provide that costs incurred for inspection and enforcement of codes, such as salaries and related expenses of code enforcement inspectors and legal proceedings, are eligible costs. In the Entitlement CDBG program, eligible code enforcement costs do not include the costs of correcting the code violations.

Rehabilitation activities in § 570.202(a) and Section 105(a)(4) of the HCDA are distinct from code enforcement activities carried out under Section 105(a)(3) of the HCDA and § 570.202(c). If a grantee is responsible for code enforcement, that grantee may conduct code enforcement inspections using its own employees. If the grantee contracts for code enforcement inspection services, the cost of procuring a code enforcement inspection company or specialist is an eligible CDBG activity delivery cost. Grantees may contract with another unit of government to perform code inspections services; hiring another government entity is not subject to procurement requirements at 24 CFR 85.36.

To conduct inspections in various areas within its jurisdiction, code enforcement inspectors may require the use of a vehicle. According to § 570.207(b)(1)(iii), purchase of equipment not an integral structural fixture (such as vehicles) with CDBG funds is eligible when necessary for use by a recipient or its subrecipients in the administration of activities assisted with CDBG funds. However, the grantee must be able to demonstrate that the vehicle is only being used for code enforcement inspections in CDBG-eligible areas. This may require logs to be kept for each trip. The vehicle may not be used for any other purpose. Vehicles may be leased with CDBG funds. Grantees may also purchase vehicles with non-CDBG funds (e.g., general funds) and then charge the CDBG program for their use. In the case of code enforcement, the use allowance is an eligible activity delivery cost [see § 570.207(b)(1)(iii)]. Appendix B, Item 11 of 2 CFR Part 225<sup>1</sup> (formerly OMB Circular A-87) describes cost allocation and use allowances and how costs may be maintained for vehicle usage.

Grantees may also use CDBG funds to purchase uniforms and/or coveralls if they are a job requirement for code enforcement inspectors and are a regular city-incurred expense. Appendix A of 2 CFR Part 225 states that for the cost to be allocable to a Federal award, it must be consistent with policies, regulations, and procedures that apply uniformly to both federally- financed and other activities of the non-federal entity. Such costs would be considered activity delivery costs.

CDBG funds also may be used to purchase hand-held computers or tablets to record information as the code enforcement inspection is being conducted. The purchase or lease of such devices is an eligible activity delivery cost. If CDBG funds are used to purchase computers or tablets, the grantee must be able to demonstrate that they are only being used for code enforcement inspections in CDBG-eligible areas. If computers or tablets are leased or are purchased with non-CDBG funds, grantees must ensure that the use charges to the CDBG program are appropriately allocated by the percentage of time they are used for inspections carried out for CDBG purposes in CDBG-eligible areas and for non-CDBG purposes.

**Enforcement Actions** - The costs of legal proceedings that result from code enforcement inspections are also a CDBG-eligible expense. Grantees or their contractors issue citations and/or fines for code violations. The staff costs associated with processing and issuing the citations, collecting and processing the fines, and postage are all eligible activity delivery costs. The property owner may challenge the citation or fine assessed. A hearing may be scheduled to ensure that the property owner receives due process. The cost of the hearing is an eligible CDBG expense. The salaries of the hearing officers may be paid with CDBG funds proportionate to the time they spend hearing and deciding the appeals from code enforcement citations or fines resulting from CDBG- assisted code inspections and enforcement expenses. If the grantee pays legal fees to an attorney as part of the proceedings, the grantee may charge to the CDBG program the legal fees allocable to CDBG code enforcement. These costs are considered activity delivery costs under § 570.202(c). A defendant's legal costs are not eligible costs.

---

<sup>1</sup> OMB Circulars A-87, A-110, and A-122, were incorporated into 2 CFR Parts 225, 215, and 230, respectively. On December 26, 2014, the Uniform Administrative Requirements (2 CFR Part 215, A-102), Audit Requirements (A-133) and Cost Principles (2 CFR Parts 225 and 230) will be superseded by 2 CFR Part 200.

## INELIGIBLE CODE ENFORCEMENT COSTS

CDBG funds may be used for the costs for inspection of code violations and enforcement of codes in deteriorating or deteriorated areas when such enforcement together with public or private improvements, rehabilitation, or services to be provided may be expected to arrest the decline of the area. While the cost of correcting the violations is not an eligible code enforcement cost under § 570.202(c), the regulation states that code enforcement must be performed in conjunction with improvements, rehabilitation, or services. The purpose of this requirement is to ensure that the deteriorated or deteriorating areas are being made safe and sanitary for the general public, not to generate revenue via code violation fines.

Grantees may trigger concerns about the eligibility of code enforcement if it appears that the CDBG program is being used for general government expenses or if the use of CDBG funding appears excessive in relation to the community's overall enforcement program. As fiscal stress has put pressure on local budgets, HUD has seen examples of significant increases in CDBG code enforcement budgets, while overall spending on enforcement remains the same.

Grantees should use CDBG for code enforcement as appropriate to advance the goals of the CDBG program in areas designated for such activity; HUD is not discouraging the use of CDBG in these cases. However, § 570.207(a)(2) prohibits grantees from using CDBG funds for general government expenses. Code enforcement is an eligible cost that may be paid from local and CDBG funding sources, and grantees have been tempted to shift existing code enforcement efforts to CDBG to relieve pressure on general fund budgets. HUD will look into cases where this appears to be happening to ensure that CDBG code enforcement activities adhere to the targeting and supporting services required for CDBG eligibility.

The costs of the rehabilitation, improvements, and services are not required to be CDBG- assisted, although some of the rehabilitation and improvement costs may be CDBG-eligible. The cost to rehabilitate single unit housing or multifamily housing structures may be eligible under § 570.202(a) and (b) and Section 105(a)(4) of the HCDA. The rehabilitation of public facilities and improvements on publicly owned buildings is eligible under § 570.201(c) and Section 105(a)(2) of the HCDA. Rehabilitation of commercial buildings may be eligible under §§ 570.202(a), 570.203(a) or (b) and Section 105(a)(14) of the HCDA. Demolition of buildings may be eligible under § 570.201(d) and Section 105(a)(4) of the HCDA.

Grantees may not use CDBG funds to pay for code enforcement inspections and enforcement in every area or neighborhood or for a grantee's entire jurisdiction (e.g., city- or county-wide) unless the entire jurisdiction is deteriorating. Grantees may use state or local law to determine what constitutes a deteriorated/deteriorating area. The standards identified at §§ 570.208(b)(1) and 570.483(c)(1) may also be used to determine if an area is deteriorated or deteriorating. (See Section VI.B. below.)

## NATIONAL OBJECTIVES FOR CODE ENFORCEMENT

**Low- and Moderate-Income Area Benefit** - Code enforcement activities may meet the national objective of benefit to low and moderate income persons on an area basis under § 570.208(a)(1) (for Entitlements) or § 570.483(b)(1) (for states) when carried out in deteriorated or deteriorating areas and when carried out in conjunction with public or private improvements, rehabilitation, or services that may be expected to arrest the deterioration of the area. This national objective may be met when code enforcement inspections are conducted on single or multifamily housing units, commercial buildings, and other publicly or privately-owned buildings. The building or facility being inspected must be located in a primarily residential area where a minimum of 51 percent of the residents in those areas are low- and moderate-income.

Some metropolitan cities and urban counties have few or no areas where 51 percent of the residents are low- and moderate-income. For these grantees, the CDBG law authorizes an exception criterion to be able to undertake area benefit activities. Specifically, Section 105(c)(2)(A)(ii) of the HCDA, as amended, states that an activity shall be considered to principally benefit low- and moderate-income persons when “the area served by such activity is within the highest quartile of all areas within the jurisdiction of such city or county in terms of the degree of concentration of persons of low and moderate income.” This is implemented in the regulations at § 570.208(a)(1)(ii), which identifies the methodology to calculate a grantee’s exception threshold.

While residences and other real property in private ownership may be subject to code enforcement, code enforcement of such buildings would not be considered to meet the low- and moderate-income housing national objective (LMH). In addition, code enforcement inspections of public facilities serving presumed beneficiaries such as severely disabled adults, battered spouses, and persons with AIDS would not meet the low- and moderate-income limited clientele national objective (LMC). This is because the costs of the code enforcement actions, by themselves, do not provide a direct benefit to the homeowners or the users of the public facilities. It is the correction of the code violations that directly benefit the residents; thus, the code enforcement must meet the area benefit (LMA) national objective. The rehabilitation or improvement of the homes and public facilities subject to code enforcement address the LMH or LMC national objective criteria.

**Prevention or Elimination of Slum/Blight on an Area Basis** - Code enforcement activities may qualify under the national objective of prevention or elimination of slums/blight on an area basis under § 570.208(b)(1) (for Entitlements) and § 570.483(c)(1) (for States). Code enforcement activity will be considered to address prevention or elimination of slums or blight in an area if: The area, delineated by the recipient, meets a definition of a slum, blighted, deteriorated or deteriorating area under State or local law; The area also meets the conditions in either paragraph (A) or (B):

- A. At least 25 percent of properties throughout the area experience one or more of the following conditions:
  - 1) Physical deterioration of buildings or improvements;
  - 2) Abandonment of properties;
  - 3) Chronic high occupancy turnover rates or chronic high vacancy rates in commercial or industrial buildings;
  - 4) Significant declines in property values or abnormally low property values relative to other areas in the community; or
  - 5) Known or suspected environmental contamination.
- B. The public improvements throughout the area are in a general state of deterioration.

Note that many of the criteria in (i) and (ii)(A) overlap with state or local definitions of slums and blight. Grantees may use some or all of these provisions as the basis for delineating “deteriorated or deteriorating areas” for eligibility purposes, even if the LMA criteria are being used for national objectives purposes. However, grantees are cautioned that there are some limits on their ability to use these requirements for both delineating deteriorated/deteriorating areas and for meeting the slum/blight national objective. For example, a determination that public improvements are in a general state of deterioration can be a basis for defining a slum/blighted area but would not by itself sufficiently justify why a code enforcement program needs to be undertaken on private property in a given neighborhood. Conversely, state or local laws may provide a grantee with sufficient basis to define “deteriorated or deteriorating areas”, but do not by themselves qualify an area as slum or blighted for national objective compliance. Some state or local definitions include criteria that have nothing to do with physical conditions of the built environment (such as “undeveloped land” or “inappropriately zoned” parcels.) In these cases, inappropriate requirements should not be included in the basis for a grantee’s determinations.

This national objective may be used when carrying out the inspection and enforcement of code violations in areas that are designated as slum or blighted as a way of bringing much-needed improvements to such areas. The area does not have to be primarily residential, and code enforcement need not be limited to residential structures. Commercial and industrial buildings, and sometimes vacant lots, can lead to deterioration as well.

A redetermination of the area must be carried out every 10 years for the area to continue to qualify as a designated slum or blighted area. The grantee must maintain documentation that the area qualified as a slum or blighted area. The documentation must demonstrate the boundaries of the area, the date of the designation, the conditions and standards that qualified the area at the time of its designation in sufficient detail to show how it met the criteria for designation, and how the code enforcement addressed a condition that led to the decline of the area.

**Prevention or Elimination of Slum/Blight on a Spot Basis** - Please note that code enforcement activities cannot meet the slum/blight spot national objective. The legislation and regulations require code enforcement to be undertaken in deteriorated or deteriorating areas, ruling out consideration of individual structures not located in such areas.

**Slum Blight Urban Renewal Completion** - Although this national objective rarely applies, it remains an option for the few grantees that have outstanding urban renewal plans or areas. Grantees that want to conduct code enforcement inspections and enforcement in areas identified in the urban renewal plans may do so under the slum/blight urban renewal completion national objective if it is an activity that is necessary to complete the urban renewal plan. The grantee must be able to document this national objective by having a copy of the Urban Renewal Plan in effect at the time of closeout of HUD financial assistance under title I of the Housing Act of 1949 or financial settlement under Section 112 of the HCDA, and a description of how the inspections for code violations and enforcement of codes are needed to complete the urban renewal plan for the area.

**Activities Designed to Meet Community Development Needs Having a Particular Urgency** - Grantees may experience tornadoes, floods, hurricanes, and other disastrous events that do not rise to the level of Presidential declarations. In this instance, grantees would not receive Federal Emergency Management Agency (FEMA) funds to alleviate the effects of the disaster. There may also be areas that experienced Presidentially declared disasters, and FEMA funds were received and exhausted. In both instances, there may remain a need to address the devastation caused by the disaster.

An area that was not previously deteriorated may become so if the effects of the disasters are not fully addressed because of a shortage of funds, and areas that were deteriorating before the disaster may further deteriorate.

Grantees may conduct code enforcement inspections in areas that experienced disasters to ensure that citizens are not residing in homes or frequenting buildings with environmental contaminants and other problems that affect their safety and welfare. Following a disaster, for example, buildings may have mold and mildew, which are environmental contaminants. In such instances, code enforcement may meet the urgent need national objective. In the Entitlement program, grantees must certify that existing conditions pose a serious and immediate threat to the health and welfare of the community, the disastrous occurrence is of recent origin (18 months before the grantee's certification) or recently became urgent, that the grantee is unable to finance the activity on its own, and that no other funding resources are available. In the State program, the unit of general local government certifies, and the state determines, that those same conditions exist. Grantees must be able to document that the inspections for code violations and enforcement of codes were designed to address the urgent need, met the timing of the development of the serious condition, and have evidence demonstrating that no other financial resources were available to address the urgent need.

Please note that if CDBG-Disaster Recovery funds are used, the requirements to document urgent need may differ; and, they may depend on the requirements that apply to the specific appropriation of disaster recovery funds involved.

**Other National Objective Compliance Considerations** - Grantees must ensure that they are not paying the salaries for code enforcement personnel over their entire jurisdiction, unless the grantee has determined that its entire jurisdiction is deteriorated or deteriorating. The areas where the inspections are being carried out using code enforcement inspectors whose salaries are paid with CDBG funds must be deteriorated or deteriorating. In some communities, this will be areas that demonstrate substantial abandonment or that are designated as slum/blighted areas by local or state law.

Many of the criteria at § 570.208(b)(1)(i) and (ii)(A) overlap with state or local definitions of slums and blight. Grantees may use some or all of these provisions as the basis for delineating "deteriorated or deteriorating areas" for eligibility purposes. However, there are some limits on grantees' ability to use these requirements for both delineating deteriorated/deteriorating areas and for meeting the slum/blight national objective. State or local laws may provide a grantee with a sufficient basis to define "deteriorated or deteriorating areas" but that definition may not meet the state or local law definition to qualify an area as slum or blighted for national objective compliance purposes. In addition, some state or local definitions include criteria that have nothing to do with physical conditions of structures (such as "undeveloped land" or "inappropriately zoned" parcels). The grantee must be careful not to apply inappropriate requirements as the basis for its determinations.

When carrying out eligible code enforcement activities under the slum/blight or urgent need national objectives, grantees should be mindful of the statutory overall low- and moderate- income benefit requirement: over a period of time specified in the grantee's certification, not to exceed three years, not less than 70 percent of CDBG funds shall be expended for activities that benefit low- and moderate-income persons.

## **FAIR HOUSING AND CIVIL RIGHTS CONSIDERATIONS**

Section 109 of Title I of the Housing and Community Development Act of 1974 prohibits CDBG grantees and sub-grantees from conduct that will cause discrimination on the ground of race, color, national origin, religion, or sex, in the participation in any program or activity funded in whole or in part with Federal financial assistance.

Pursuant to 24 CFR 5.105 (a), CDBG grantees and sub-grantees must also comply with various fair housing and civil rights laws, including but not limited to the Fair Housing Act, Title VI of the Civil Rights Act of 1964, and Section 504 of the Rehabilitation Act of 1973. Grantees and sub-grantees must assure that all CDBG-funded activities, including code enforcement activities, do not discriminate on the basis of race, color, religion, sex, disability, familial status, or national origin.

Pursuant to Section 504 of the Rehabilitation Act of 1973, CDBG grantees and sub-grantees should implement affirmative efforts to involve and ensure equal access to people with disabilities; therefore, varied approaches may be required to assure effective communication and information dissemination. For example, the code enforcement agency could ensure that electronic information concerning the building code is accessible to persons with disabilities. As another example, the code enforcement agency could conduct outreach to organizations representing persons with disabilities to inform them about inspection services to ensure compliance with accessibility requirements and about procedures for filing accessibility-related complaints. Also, pursuant to Section 504, the code enforcement agency must ensure that its communications offices and hearing rooms are accessible to persons with disabilities.

Recipients of CDBG funds should take reasonable steps to ensure meaningful access to their programs and activities to limited English proficient individuals. As an aid to recipients, the Department published *Final Guidance to Federal Financial Assistance Recipients: Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons* (LEP Guidance) in the Federal Register at 72 FR 2732. For assistance regarding LEP obligations, go to [www.justice.gov/crt/lep/guidance/HUD\\_guidance\\_Jan07.pdf](http://www.justice.gov/crt/lep/guidance/HUD_guidance_Jan07.pdf).

Finally, CDBG recipients and subrecipients must affirmatively further fair housing in their use of such funds. Grantees may offer services to affirmatively further fair housing in code enforcement. Such costs, examples of which follow, are not eligible code enforcement expenses but could be eligible as public services or program administrative costs. Both of these categories have caps on the overall activity expenses.

- Providing mobility counseling or referrals to housing counseling agencies for persons temporarily or permanently displaced by code enforcement actions;
- Training staff on fair housing requirements;
- Providing outreach to marginalized populations
- Establishing partnerships with Fair Housing Organizations, state and local fair housing agencies, and community-based organizations representing protected classes under the Fair Housing Act.

## **REVENUE FROM CODE ENFORCEMENT INSPECTIONS AND ENFORCEMENT OF CODES**

Jurisdictions may assess a fine to the owner of the property that incurred the code violation. Since the fines are the end result of carrying out a CDBG-assisted activity, some grantees have been treating these fines as program income. However, such fines are not program income because they do not meet the definition of program income at § 570.500(a). Rather, revenue from code enforcement fines should be treated either as applicable credits against CDBG expenditures or as general revenue.

Appendix A of 2 CFR Part 225 defines applicable credits as receipts or reductions of expenditure type transactions that offset or reduce expense items allocable to Federal awards. To the extent that such credits accruing to or received by the governmental unit relate to allowable costs, they shall be credited to the Federal award either as a cost reduction or cash refund, as appropriate.

There are two instances that must be met for code enforcement fines to be considered applicable credits: (1) the cost of the inspections for code violations and enforcement of codes, which may include the inspectors' salaries, must have been wholly or partially paid for with CDBG funds, and (2) the intended purpose of the code enforcement fine, as reflected in local law, handbook, manual, etc., is to recover the costs incurred for the code enforcement activities without regard to the source of funds for payment of the code enforcement activity. The second criterion means that local law or procedure requires that collected fines be used to recover the costs of code enforcement, regardless of the source of the funds used to pay these costs. For example, if 50 percent of a code enforcement inspector's salary is paid with CDBG funds and his or her code inspections in Target Area A resulted in \$5,000 in fines being assessed, \$2,500 would be considered an applicable credit against the CDBG expenditure, but only if the intended purpose of assessing the fine is to recover the code enforcement expenditures.

Code enforcement fines should be treated as general revenue if:

- 1) the purpose of the fine is not to recover the cost of the code inspections and enforcement;
- 2) the costs of carrying out the code inspections and enforcement were not paid with CDBG funds; or
- 3) the amount of the fine exceeds the costs paid with CDBG funds.

For example, a jurisdiction may require that revenues from code enforcement fines go into a dedicated fund that is used solely for some other purpose such as after-school education programs. Other income received by governments that may be considered general revenue include income earned from investments and income received from the payment of fines.

## **2012 STATUTORY PROVISION ON CODE ENFORCEMENT**

Title II of Division F of the Moving Ahead for Progress in the 21st Century Act (MAP- of 2012 (Pub. L. 112-141) amended Section 105(a) of the Housing and Community Development Act of 1974 to add a new Section 105(a)(27) to the HCDA. This provision permitted CDBG funds to be used to supplement existing state or local funding for administration of building code enforcement by local building code enforcement departments, including:

- 1) increasing staffing;
- 2) providing staff training;
- 3) increasing staff competence and professional qualifications;
- 4) supporting individual certification or departmental accreditation; and
- 5) capital expenditures specifically dedicated to the administration of the building code enforcement department.

This legislation permitted training for code enforcement staff to be considered an activity delivery cost rather than a program administrative cost. This statute had a sunset date of July 6, 2014; CDBG-assisted activities allowed via this statutory authority are no longer eligible. However, some grantees may have undertaken code enforcement activities under its auspices while it was in effect. In particular, CDBG assistance provided under the authority of Section 105(a)(27) of the HCDA was required to be matched using non-Federal funds as follows:

- 1) For building code enforcement departments serving an area with a population of more than 50,000, not less than 50 percent of the total amount of CDBG funds provided for this activity;
- 2) for building code enforcement departments serving an area with a population of between 20,001 and 50,000, not less than 25 percent of the CDBG funds provided for this activity; and
- 3) For building code enforcement departments serving an area with a population of less than 20,000, not less than 12.5 percent of the CDBG funds provided for this activity.

Section 105(a)(3) of the HCDA and § 570.202(c) also permit the use of CDBG funds to pay the salaries of code enforcement inspectors. Training in code enforcement procedures and practices and paying for courses to increase inspectors' abilities to carry out efficient and proper code inspections and enforcement are eligible as activity delivery costs of CDBG-assisted code enforcement activities under Section 105(a)(3) of the HCDA and § 570.202(c). CDBG assistance under these provisions does not require a match and there is no sunset for these provisions.

## **RECORDKEEPING REQUIREMENTS**

The Entitlement CDBG program regulations at § 570.506 identify records that must be kept by grantees carrying out CDBG-assisted activities. The State CDBG program regulations at § 570.490(a) and (b) identify records that states and units of general local government must maintain and provides that the content of records maintained by the state shall be as jointly agreed upon by HUD and the states. A copy of those requirements may be accessed at [http://portal.hud.gov/hudportal/documents/huddoc?id=DOC\\_16372.pdf](http://portal.hud.gov/hudportal/documents/huddoc?id=DOC_16372.pdf).

The lack of time distribution records and documentation to demonstrate use of CDBG funds for code enforcement in eligible areas has been a significant problem for some grantees. Not having complete and accurate documentation has resulted in monitoring findings and disallowed costs. Grantees have been required to repay significant sums of money from non-federal funds because they did not maintain records delineating the deteriorated or deteriorating areas, or records demonstrating that the CDBG program only paid for code enforcement costs in those areas. HUD has seen instances in which automobiles were purchased ostensibly for code enforcement purposes solely in defined areas, but the vehicle was assigned to a motor pool with no restrictions on who could use it; those costs had to be repaid. To avoid this problem, grantees should ensure that their records and documentation demonstrate activity eligibility, national objective compliance, allowability of costs, and cost reasonableness. In addition, grantees must ensure that their time distribution records regarding time spent conducting code enforcement in eligible areas is accurate. Having this information readily available is critical for grantees to avoid monitoring findings and disallowed costs.

At a minimum, grantees are required to have records that provide a full description of each activity being assisted with CDBG funds, including its location, if applicable; the amount of CDBG funds budgeted, obligated, and expended for the activity; and the provision in 24 CFR 570 subpart C or section 105(a) of the HCDA under which it is eligible. In addition, grantees must also have records that demonstrate how activities meet the criteria for national objectives in §§ 570.208 or 570.483. Records that grantees should maintain when carrying out CDBG-assisted code enforcement activities include:

- The state and local law definitions of deteriorated/deteriorating.
- A description of the conditions of the areas in which CDBG funds are used for code enforcement, demonstrating that these areas meet the state local law definition of deteriorated/deteriorating.
- If the low/moderate income area benefit national objective criterion is used, the boundaries of the areas in which CDBG funds are used for code enforcement that demonstrate compliance with this national objective.
- If the slum/blight area national objective criterion is used, the grantee's delineation of the areas inspected as slum/blighted under state or local law; a determination that a minimum of 25 percent of the buildings in the delineated area have either physical deterioration, property abandonment, chronic high occupancy turnover rates, and/or significant declines in property values or abnormally low property values relative to other areas in the community; and documentation of known or suspected environmental contamination.

- If the slum/blight urban renewal national objective criterion is used, the Urban Renewal Plan in effect at the time of closeout of Federal financial assistance under the Housing Act of 1949 or financial settlement under Section 112 of the HCDA, documentation that the urban renewal plan is incomplete, and a description of how the code enforcement inspections and enforcement were needed to complete the plan for the area.
- If the urgent need national objective is used, for entitlement grantees, a certification that the buildings inspected posed a serious and immediate threat to the health and welfare of the community, the disastrous occurrence was of recent origin (18 months before the grantee's certification, and that no other funding resources were available to assist the activity [§ 570.208(c)]. For the State CDBG program, the unit of general local government makes the certification, and the State determines, that the criterion above was met. See § 570.483(d).
- Identification of other activities to be carried out (whether CDBG-assisted or not) that will arrest the decline of the areas and their funding sources.
- Compliance with the procurement standards at § 85.36 when equipment and services are procured.

Grantees should also be able to justify expenses for necessary equipment and their use (e.g., uniforms/coveralls, handheld computers, gasoline, vehicle lease payments or use allowances). Grantees should maintain salary records (salaries, benefits, timesheets) of code enforcement inspectors being paid with CDBG funds and a description of all areas they are responsible for inspecting. The grantee must also document costs for legal proceedings such as salaries of hearing officers and attorneys.

CDBG funds may be used to pay for salaries, related benefits and costs such as uniforms, equipment, and vehicle use allowances, only for staff responsible for conducting inspections in specific target areas or areas that meet the low- and moderate-income area benefit national objective. Furthermore, such costs should be supported by time distribution records (if costs are treated as direct charges) or an indirect cost allocation plan prepared in accordance with applicable Federal cost principles. Grantees should charge the salaries of hearing officers in the same manner whenever possible. By doing so, grantees can avoid charging the CDBG program for the costs of code enforcement inspections carried out in ineligible areas and/or for charging the entire cost of their code enforcement programs to the CDBG program.

## RESIDENTIAL HISTORIC PRESERVATION

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Rehabilitation of historic buildings for residential use. Use matrix code 16A when the preservation or restoration of historically significant features is the only work being done. If historic preservation work is done as part of other housing rehabilitation, then use the relevant 14* matrix code.
<b>Project Delivery Costs</b>	Project Service Delivery Costs including staff timesheets, other direct costs, and service costs directly related to carrying out this activity are eligible. Cost reasonableness standards apply.
<b>Notes</b>	<p><b>Contact Planning &amp; Evaluation at (248) 858-5312 to determine eligibility and SHPO requirements before applying for this project.</b> Historic preservation is eligible on a spot slum/blight basis. Historic preservation within public facilities requires pre-planning. Documented evidence of blight and decay on the exterior of the building is required.</p> <p>Project plans and a historic preservation profile are required at the time of application or reprogramming. The planning unit will forward the documents to the State Historic Preservation Office (SHPO) for comment before work begins. The SHPO has 30 days from receipt of a completed profile to comment. If the SHPO does not concur, the project will have to be redesigned and resubmitted.</p> <p><b>Contact Contract Compliance at (248) 858-0196 when compiling bids/specs.</b></p>

## ECONOMIC DEVELOPMENT

- Matrix codes 17A – 17D should be used to identify special economic development activities carried out by the grantee or through a public or private non-profit subrecipient. Under these matrix codes, CDBG funds are not given to a specific for-profit business or businesses.
- Matrix codes 14E, 18A, 18B, 18C should be used when assistance is provided to a for-profit business for economic development projects.

## REHAB: PUBLICLY OR PRIVATELY-OWNED COMMERCIAL/INDUSTRIAL

<b>#3 Economic Opportunity</b>	Accessibility for the purpose of creating economic opportunities	Affordability for purchase of creating economic opportunities	Sustainability for the purpose of creating economic opportunities

**Improve Availability or Accessibility** - Applies to activities that make infrastructure, public services, public facilities, housing, or shelter available or accessible to low- and moderate-income people, including persons with disabilities. Accessibility does not refer only to physical barriers, but also to making the basics of daily living available and accessible to low- and moderate-income people where they live. **Improve Affordability** - Applies to activities that provide affordability by lowering the cost, improving the quality, or increasing the affordability of a product or service to benefit a low-income household. Activities can include affordable housing, basic infrastructure hook-ups, or services such as transportation or day care. **Improve Sustainability** - Sustainability is specifically tied to activities that are designed for the purpose of ensuring that a particular geographic area as a whole (such as a neighborhood) becomes or remains viable by providing benefit to persons of low- and moderate-income or by removing or eliminating slums or blighted areas, through multiple activities or services that sustains communities or neighborhoods.

## COMMERCIAL/INDUSTRIAL: ACQUISITION/DISPOSITION

<b>Program/Account #</b>	
<b>Eligible Uses</b>	Land acquisition, clearance of structures, or assembling land for the purpose of creating industrial parks or promoting commercial/industrial development. 17A activities must be carried out by the grantee or by public or private non-profits.

## CDBG PROGRAM RULES

- 1. MINIMUM ALLOCATION (THRESHOLD)** - Participating communities that generate less than \$7,000 by formula will receive a \$7,000 allocation. These threshold communities are allowed 1 Public Service activity at \$7,000 (procurement required) or 2 Public Service activities at \$3,500 each.
- 2. MINIMUM PROJECT ALLOCATION (NON-THRESHOLD)** - Participating communities that generate more than \$7,000 by formula will receive a formula allocation. These non-threshold communities are allowed up to 4 CDBG projects per program year and must allocate a minimum of \$3,500 for each project.
- 3. PUBLIC SERVICE CAP (NON-THRESHOLD)** - Oakland County will allow non-threshold communities to spend a maximum of 15% of their annual allocation on Public Services.
- 4. MULTIPLE AGENCY PUBLIC SERVICE CONTRACTS** - Multiple public service contracts providing the same type of service are not permitted within the same activity.
- 5. PUBLIC SERVICE CONTRACT DURATION** - Public service contracts may have 18-month duration and start on July 1.
- 6. PROJECT SERVICE DELIVERY COSTS** - Communities may seek reimbursement for eligible Project Service Delivery Costs. These costs include all eligible items related to the delivery of project services.
- 7. INELIGIBLE USES** - CDBG funds may not be used for maintenance of public facilities. The purchase of equipment, fixtures, motor vehicles, furnishings, or other property that is not an integral structural fixture is generally ineligible. CDBG funds may be used to purchase such items when necessary for use in the administration of activities assisted with CDBG funds when such items constitute all or part of a Public Service. For information on the all project eligibility including Fire Station Equipment, contact Planning & Evaluation at (248) 858-5312.
- 8. REQUIRED DRAWS** - Draws are required on a monthly basis per activity from Letter to Spend date in the HUD Integrated Disbursements and Information System (IDIS).
- 9. REQUIRED EXPENDITURES** - All funds per year per activity must be spent within 18 months from Letter to Spend date in IDIS. After two years, all unobligated funds will be evaluated for possible recapture.
- 10. MICRO-PURCHASE** - Goods or services \$10,000 or less are considered a micro-purchase and no procurement is required.

## **CDBG RESIDUAL BALANCE REPROGRAMMING POLICY**

**Goal** - To help participating communities improve spending performance by expediting the reprogramming of residual balances of \$1,000 or less per activity without administrative burden.

**Policy** - CDBG funded community projects with a residual balance of \$1,000 or less in any program year may be administratively reprogrammed.

An administrative reprogramming must be discussed with your community monitor before submittal.

An administrative reprogramming does not require advertising or hosting of a public hearing.

Funds may be administratively reprogrammed to one of the following:

- One active account within the same program year
- One new account in a program year related to an active account in another program year
- Oakland County Home Improvement Program (HIP)
- Oakland County Housing Counseling (subject to the Public Service Cap)

**Funds must be accounted for in the program year where they were originally allocated and cannot be transferred from one program year into another**

**Procedures- Communities must contact Samantha Ferguson at (248) 858-5312 to:**

- Confirm that they reviewed the administrative reprogramming with their community monitor
- Determine if the account balance is eligible for the administrative reprogramming process
- Obtain instruction on required documentation to be submitted for final approval

**Required documentation - Communities must submit to Samantha Ferguson:**

- An original cover letter on official letterhead signed by the community's authorized Community Development representative
- The cover letter must request the administrative reprogramming and specify program year, account name (FROM) and (TO), amount to be reprogrammed and a detailed project description

## PY 2024 CDBG APPLICATION PROCESS

## D - CONFLICT OF INTEREST CERTIFICATION

Code of Federal Regulations Title 24, Volume 3 Revised as of April 1, 2004 CITE: 24CFR570.611

### TITLE 24--HOUSING AND URBAN DEVELOPMENT CHAPTER V--OFFICE OF ASSISTANT SECRETARY FOR COMMUNITY PLANNING AND DEVELOPMENT, DEPARTMENT OF HUD

#### Part 570 Community Development Block Grants

#### Subpart K Other Program Requirements

#### Sec. 570.611 Conflict of interest

**(a) Applicability.** (1) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, shall apply. (2) In all cases not governed by 24 CFR 85.36 and 84.42, the provisions of this section shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance by the recipient or by its subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to Sec. 570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to Sec. 570.203, 570.204, 570.455, or 570.703(i)).

**(b) Conflicts prohibited.** The general rule is that no persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who are in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter.

**(c) Persons covered.** The conflict of interest provisions of paragraph (b) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated public agencies, or of subrecipients that are receiving funds under this part.

**(d) Exceptions.** Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirements of (d)(1) of this section, taking into account the cumulative effects of paragraph (d)(2) of this section.

**(1) Threshold requirements.** HUD will consider an exception only after the recipient has provided the following documentation: (i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and (ii) An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.

**(2) Factors to be considered for exceptions.** In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (d)(1) of this section, HUD shall conclude that such an exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's program or project, taking into account the cumulative effect of the following factors, as applicable: (i) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available; (ii) Whether an opportunity was provided for open competitive bidding or negotiation; (iii) Whether the person affected is a member of a group or class of low-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class; (iv) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision making process with respect to the specific assisted activity in question; (v) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section; (vi) Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and (vii) Any other relevant considerations. By applying for CDBG funds, the Participating Community certifies that they have read the above:

<b>A - CDBG NATIONAL OBJECTIVE</b>		
<b>Which one of the National Objectives will this project target?</b>		
✓	Code/Description	24 CFR
<b>Benefits low and moderate income persons</b> 		
For the National Objective that <b>principally benefits low- and moderate-income persons</b> is selected, describe how the activity will address <b>ONE</b> of the subcategories listed below:		
<input type="checkbox"/>	<b>1) Area Benefit Activity</b> - Those projects carried out in a neighborhood consisting predominantly of LMI persons and providing services for such persons yet could be available to other non-income eligible persons in the area. This information can be documented by documenting that the area is primarily residential (e.g., zoning map); and that the income characteristics of households in the service area (i.e., Census data)	570.208(a)
<input type="checkbox"/>	<b>2) Limited Clientele Activity</b> - Those that benefit a specific group of people (rather than all the residents in a particular area) who are, or presumed to be, income eligible. In order to meet the LMI Limited Clientele criteria, the activity must: serve at least 51% LMI, as evidenced by documentation and data concerning beneficiary family size and income; have income eligibility requirements which limit the service to persons meeting the LMI income requirements, as evidenced by procedures, intake/application forms, income limits and other sources of documentation; serve a specific group presumed by HUD to be income-eligible include: abused children, battered persons, elderly persons, handicapped adults, homeless persons, illiterate persons, migrant farm workers and persons living with AIDS; and be of such a nature and in a location that it may be concluded that the activity's clientele are LMI.	
<input type="checkbox"/>	<b>3) Income Eligible Housing Activity</b> - These projects add or improve a permanent residential structure wherein, upon completion, income eligible persons will occupy 51% or more of the housing units.	
<input type="checkbox"/>	<b>4) Job Creation or Retention Activity</b> - A project which creates or retains permanent jobs, of which at least 51% are either taken by or available to income eligible persons.	
<b>JUSTIFICATION:</b> 		
<b>Aids in the prevention or elimination of slums or blight</b>		
For the National Objective that <b>principally aids in the prevention of elimination of slums or blight</b> is selected, describe how the activity will address <b>ONE</b> of the subcategories listed below:		
<input type="checkbox"/>	1) At least 25% of the properties throughout the area exhibit the following: a. Physical deterioration of buildings/improvements; b. Abandonment of properties; c. Chronic high occupancy turnover rates or chronic high vacancy rates in commercial or industrial buildings; d. Significant declines in property values or abnormally low property values relative to other areas in the community; or e. Known or suspected environmental contamination	570.208(b))
<input type="checkbox"/>	2) Public improvements throughout the area are in a general state of deterioration.	
<input type="checkbox"/>	Documentation must be maintained by the grantee on the boundaries of the area and the conditions that qualified the area at the time of its designation. The designation of an area as slum or blighted must be re-determined every 10 years for continued qualifications.

**C - CODE ENFORCEMENT PROJECT ONLY**

Will any of the supportive activities offered in conjunction with the Code Enforcement Program possibly trigger displacement of any "persons"?  Yes  No 

**If "Yes" Explain:**

The grantee will be required as a special condition of the CDBG grant contract to submit a formal relocation or displacement plan for the program prior to release of grant funds.

**If "No" Explain how that determination was made?**

**Service Area Where the Code Enforcement Program Will Be Carried Out:** Provide a brief narrative of the proposed activity and service area where the Code Enforcement activity will be carried out.

**Severity of Problem**

What level of service is needed?

- A new code enforcement program
- An existing code enforcement program to be increased currently funded by:
- An existing code enforcement program previously funded with CDBG funds

How was need determined?

### Conditions within the Service Area

Describe, in enough detail, the existing conditions in the service area that qualifies the area, as defined above by the jurisdiction, as deteriorating or deteriorated.

Photos attached with any applicable reports or information

**Identify problems resulting if the code enforcement program is not provided, continued or expanded:**

### Extent of the Solution

Explain how and to what extent the proposed activity will solve the problem:

Provide a summary of the proposed strategy for using code enforcement together with public or private improvements or services (e.g., a homeowner rehabilitation program) that can be expected to arrest the decline of the service area.

Describe the methodology and metrics to be used to assess whether the code enforcement program and other activities will mitigate the deterioration of the service area during the time CDBG funds are expended to implement the code enforcement program.

### Activity Implementation Plan

Provide a detailed plan of how the code enforcement program, together with "supportive activities" (i.e. public or private improvements, rehabilitation, or services) will mitigate deterioration and is expected to arrest the decline of the area. Also, identify any current or potential funding sources available to assist with proposed supportive activities.

## When To Consult With Tribes Under Section 106

Section 106 requires consultation with federally-recognized Indian tribes when a project may affect a historic property of religious and cultural significance to the tribe. Historic properties of religious and cultural significance include: archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, traditional cultural places, traditional cultural landscapes, plant and animal communities, and buildings and structures with significant tribal association. The types of activities that may affect historic properties of religious and cultural significance include: ground disturbance (digging), new construction in undeveloped natural areas, introduction of incongruent visual, audible, or atmospheric changes, work on a building with significant tribal association, and transfer, lease or sale of properties of the types listed above.

### If a project includes any of the types of activities below, invite tribes to consult:

- significant ground disturbance (digging)**  
Examples: new sewer lines, utility lines (above and below ground), foundations, footings, grading, access roads
- new construction in undeveloped natural areas**  
Examples: industrial-scale energy facilities, transmission lines, pipelines, or new recreational facilities, in undeveloped natural areas like mountaintops, canyons, islands, forests, native grasslands, etc., and housing, commercial, and industrial facilities in such areas
- incongruent visual changes**  
Examples: construction of a focal point that is out of character with the surrounding natural area, impairment of the vista or viewshed from an observation point in the natural landscape, or impairment of the recognized historic scenic qualities of an area
- incongruent audible changes**  
Examples: increase in noise levels above an acceptable standard in areas known for their quiet, contemplative experience
- incongruent atmospheric changes**  
Examples: introduction of lights that create skyglow in an area with a dark night sky
- work on a building with significant tribal association**  
Examples: rehabilitation, demolition or removal of a surviving ancient tribal structure or village, or a building or structure that there is reason to believe was the location of a significant tribal event, home of an important person, or that served as a tribal school or community hall
- transfer, lease or sale of a historic property of religious and cultural significance**  
Example: transfer, lease or sale of properties that contain archeological sites, burial grounds, sacred landscapes or features, ceremonial areas, plant and animal communities, or buildings and structures with significant tribal association
- None of the above apply**

### Inadvertent Discovery Plan for Human Remains or Cultural Items

This document sets forth the protocol to be followed in the event that human remains and funerary objects are encountered during ground-disturbing work on a HUD-funded project. As a statement of general procedure, any human remains encountered will be treated with care and respect. With any ground-disturbing activities, there is the possibility that human remains or artifacts will be encountered.

If human remains, suspected human remains, or cultural items are found, all parties must follow the current guidance from the State Historic Preservation Office (SHPO) for the discovery of human remains, copied below (v. 7/19/21):

---

---

The State Historic Preservation Office (SHPO) recommends that the following steps be implemented in the event of the discovery of human remains during a Section 106 project. It largely follows the steps set forward in Michigan Attorney General Opinion No. 6585 of 1989, *Cemeteries and Dead Bodies*.

This sequence of steps assumes that it will not be possible to preserve and maintain a given accidentally discovered burial place.

1. Upon the discovery of human remains, excavation in the immediate vicinity is halted. Cover and secure the area and do not handle finds. All project personnel shall treat any discovery as confidential. Personal photographs of finds may not be taken. The local police authority is immediately notified so that they may evaluate the site.
  2. Inform SHPO Staff Archaeologist Amy Krull (phone 517-285-4211, email krulla@michigan.gov).
  3. If the police determine that the remains do not represent evidence of a crime or missing person, a qualified archaeologist experienced in human remains recovery shall recover the remains and any artifacts that may be present. Archaeological expertise is important in documenting the discovery context and evaluating whether the remains are isolated or if additional remains may be immediately present. Archaeological recovery may be done under the auspices of law enforcement. If law enforcement chooses not to be involved, a permit for disinterment must be obtained from the local Department of Public Health, or through a court order. Human remains and artifacts must be recovered in a respectful manner.
  4. As soon as possible, the remains shall be examined by a physical anthropologist using standard non-invasive methods and procedures to create a basic biological profile and estimate ethnicity.
  5. When the recovery and examination of the remains are complete, results shall be conveyed to the SHPO's archaeology staff, and in cases involving Native American Ancestors, to the appropriate Tribal entity. Final written archaeological reports, physical anthropological reports, and associated law enforcement case documentation must be submitted to the SHPO and appropriate Tribes. Note that Tribes may have special needs regarding the taking and retention of photographs of Ancestral remains.
  6. The final disposition of Native American Ancestors and associated grave goods will be determined in discussions between the property owner and the appropriate Tribal authority at the conclusion of the recovery, examination, and reporting.
- 
-

In addition to the notifications in SHPO's policy, it is mandatory that the following Oakland County Neighborhood & Housing Development staff be immediately notified:

Katie Tierney, Senior Specialist Environmental Officer  
(248) 858-5309  
[tierneyk@oakgov.com](mailto:tierneyk@oakgov.com)

Or

Mike Pucher, Contracts Compliance Supervisor  
(248) 858-0196  
[pucherm@oakgov.com](mailto:pucherm@oakgov.com)

If forensics analysis indicates that the human remains are not Native American, disposition and reinterment of the remains will follow guidelines in AG Opinion 6585 (appended).

**CEMETERIES AND DEAD BODIES:**

Disinterment of human remains

Reinterment of human remains

**COURTS:**

Order to disinter and reinter human remains

**PUBLIC HEALTH:**

Permit to disinter and reinter human remains

**WORDS AND PHRASES:**

"Established scientific institution or society"

A local health department permit or court disinterment decree is required before a landowner, excavator or scientific institution or society may disinter human remains.

A local health department permit or court disinterment decree is required before a landowner, excavator or scientific institution or society may disinter partial human remains, where the remains are in a condition from which it may reasonably be concluded that death has occurred.

An "established scientific institution or society" as used in MCL 750.160; MSA 28.357, and 1982 AACRS R 325.8051 means an institution for the advancement or promotion of knowledge or an association organized for the purpose of scientific investigation and pursuits, which has displayed some degree of permanence and longevity.

When an historic period cemetery is disinterred and moved, the disinterred remains must be reinterred in a cemetery located in the same governmental unit or in adjoining governmental units or within a reasonable distance from the municipality where the historic period cemetery is discovered.

The cost of removing bodies from unanticipated burials and reintering them should be at public expense, unless next of kin can be located and are willing to undertake those expenses.

Honorable Richard H. Austin

Secretary of State

Treasury Building

Lansing, Michigan 48918

You have requested my opinion on five questions regarding the disinterment of human remains. You have informed me that because the Michigan Department of State is charged with the responsibility for preserving and protecting Michigan's historic and archaeological resources, it has occasion to participate in the disinterment of historic and prehistoric human remains, and is consulted with respect to the subsequent storage or reinterment of those remains. Your questions will be answered seriatim.

Your first question asks:

Is a local health department permit or court disinterment decree required pursuant to MCL 35.841 et seq; MSA 4.1341 et seq, MCL 333.2801 et seq; MSA 14.15(2801) et seq, MCL 750.160; MSA 28.357, or 1982 AACRS, R 325.8051 before a landowner or excavator may disinter human remains? Is the answer different if the disinterer is a scientific institution or society?

The settled policy of this state is to preserve and maintain the burial places of the dead. *Avery v Forest Lawn Cemetery Co*, 127 Mich 125; 86 NW 538 (1901). Consistent with this policy, the Legislature has enacted a number of statutes regulating disinterment or reinterment of human remains.

Section 2853 of the Public Health Code, MCL 333.2853; MSA 14.15(2853), provides in pertinent part:

"(1) A permit for disinterment and reinterment is required before disinterment of a dead body. The local health department in whose jurisdiction the body is interred shall issue the permit upon proper application by a licensed funeral director or person acting as a funeral director in accordance with rules promulgated by the department.

"(2) A person shall not disinter or permit the disinterment of a dead body in a cemetery and the body's reinterment in a cemetery or removal from the cemetery unless a disinterment and reinterment permit is issued by the local health department in the jurisdiction in which the cemetery is located."

It is a basic rule of statutory construction that where the Legislature uses certain and unambiguous language, the plain meaning of the statute must be followed. *Browder v. Int'l Fidelity Ins Co*, 413 Mich 603, 611; 321 NW2d 668 (1982). Although the provisions of MCL 333.2853(2); MSA 14.15(2853)(2), are applicable only to the disinterment of a body located in a cemetery, the provisions of MCL 333.2853(1); MSA 14.15(2853)(1), are not so limited, and clearly and unambiguously require a permit for disinterment and reinterment before disinterment of a dead body.

The other statutes and the administrative rule to which you have referred in no way conflict with the requirements of MCL 333.2853; MSA 14.15(2853).

1982 AACRS, R 325.8051, states:

"A person who inadvertently discovers a burial or parts of a human skeleton shall immediately notify the police authority of the jurisdiction where the remains are found. If preliminary inspection by the police authority indicates that the remains are those of a prehistoric or historic native American, the state archaeologist of the Michigan history division, department of state, shall be immediately notified of the

finding. This rule does not apply to archaeological excavations conducted by representatives of established scientific institutions or societies."

This rule requires that the police be notified following the discovery of human remains. Such notification is required even if the remains are not eventually disinterred. Representatives of established scientific institutions or societies conducting archaeological excavations are exempted from the provisions of this rule, but are still required to obtain a local health department permit for disinterment and reinterment prior to disinterment of a dead body, pursuant to MCL 333.2853; MSA 14.15(2853).

MCL 35.841 et seq; MSA 4.1341 et seq, addresses the disinterment and removal of remains of war veterans for the purpose of reintering such remains in an area set aside exclusively for the graves of United States soldiers, sailors or marines. The Act authorizes the circuit court for the county in which the veteran is buried to enter a decree directing disinterment and removal. MCL 35.841; MSA 4.1341. The Act's applicability is limited to situations where the decree is sought on behalf of the Grand Army of the Republic, the United Spanish War Veterans, the American Legion or the Veterans of Foreign Wars. MCL 35.842; MSA 4.1342. Such a court decree is not necessary before a landowner or excavator disinters remains unless the purpose of disinterment is removal to a special veterans burial area. MCL 35.844; MSA 4.1344, requires that court decrees authorizing disinterment and removal provide that the same be done under the supervision of proper health officials. Where remains are disinterred under local health department supervision pursuant to a court decree, a separate health department permit is not necessary.

Section 160 of the Michigan Penal Code, MCL 750.160; MSA 28.357, states:

"A person, not being lawfully authorized so to do, who shall willfully dig up, disinter, remove, or convey away a human body, or the remains thereof, from the place where the body may be interred or deposited, or who shall knowingly aid in such disinterment, removal, or conveying away, or who shall mutilate, deface, remove, or carry away a portion of the dead body of a person, whether in his charge for burial or otherwise, when the mutilation, defacement, removal, or carrying away is not necessary in any proper operation in embalming the body or for the purpose of a postmortem examination, and every person accessory thereto, either before or after the fact, shall be guilty of a felony, punishable by imprisonment for not more than 10 years, or by fine of not more than \$5,000.00. This section shall not be construed to prohibit the digging up, disinterment, removal or carrying away for scientific purposes of the remains of prehistoric persons by representatives of established scientific institutions or societies, having the consent in writing of the owner of the land from which the remains may be disinterred, removed or carried away."

This section simply makes criminal the disinterment of a dead body by a person who acts willfully and without lawful authority. It would, therefore, not apply to a person who had obtained a proper permit as required by MCL 333.2853; MSA 14.15(2853), or a court decree as provided by MCL 35.841; MSA 4.1341. Nor would it apply to an accidental or unintentional disinterment, although once a person became aware of the presence of a dead body, the person would then be obligated to report the discovery to the police and obtain the necessary permit.

Finally, although not raised in your question, it is appropriate to examine the aboriginal records and antiquities act, as last amended by 1988 PA 452, MCL 299.51 et seq; MSA 13.21 et seq. This Act provides that it is unlawful for a person to remove any human bones without the consent of the landowner, MCL 299.54; MSA 13.24, and further provides that a person shall not explore or excavate an aboriginal remain covered by the Act upon state-owned lands unless the person has obtained a permit from the Director of the Department of Natural Resources with written approval by the Secretary of State. MCL 299.53; MSA 13.23. Violation of any of the provisions of this Act is a misdemeanor. MCL 299.55; MSA 13.25.

It is my opinion, in response to your first question, that a local health department or court disinterment decree is required before a landowner or excavator may disinter human remains, regardless of whether the disinterer is a scientific institution or society.

Your second question asks:

Is a local health department permit or court disinterment decree required before a landowner, excavator, or scientific institution or society may disinter partial human remains, e.g., a femur or a few finger bones?

"Dead body" is defined by Sec. 2803(1) of the Public Health Code, MCL 333.2803(1); MSA 14.15(2803)(1), to mean "a human body, or parts thereof, in a condition from which it may reasonably be concluded that death has occurred."

MCL 333.2853; MSA 14.15(2853), requires that a permit for disinterment and reinterment be obtained before disinterment of a dead body. This provision thus applies to the disinterment of partial human remains where those remains are "in a condition from which it may reasonably be concluded that death has occurred." In general, the discovery of partial human remains would lead to the conclusion that death has occurred, unless the circumstances under which they were found indicated that the remains were the result of a loss of limb which did not result in death, e.g., an accident or amputation.

Additionally, both MCL 750.160; MSA 28.357, and 1982 AACRS R 325.8051 expressly apply to bodies and portions thereof. Therefore, partial human remains may be disinterred only in compliance with this statute and this rule.

It is my opinion, in response to your second question, that a local health department or court disinterment decree is required before a landowner, excavator, or scientific institution or society may disinter partial human remains, where those remains are in a condition from which it may reasonably be concluded that death has occurred.

Your third question asks:

With regard to human disinterment, what is the proper definition of the term "scientific institution or society" as found in MCL 750.160; MSA 28.357, and 1982 AACRS, R 325.8051?

In *Detroit Home & Day School v Detroit*, 76 Mich 521, 523; 43 NW 593 (1889), the court stated:

"[I]t is matter of common knowledge that all general educational establishments have universally been known as 'scientific institutions,' and fall naturally and directly within it. A 'scientific institution,' under the language of all civilized countries, means an institution for the advancement or promotion of knowledge, which is the English rendering of 'science.' "

In a similar vein, a "scientific society" has been defined as any association of individuals organized for the purpose of mutual cooperation in scientific investigation and pursuits. *People v. Cothran*, 27 Hun 344, 345 (NY Sup Ct, 1882).

Additionally, the word "established" connotes some degree of permanency. *Cornell v. Dalpiaz*, 128 NE2d 132, 134 (Ohio App, 1952).

It is my opinion, in response to your third question, that an "established scientific institution or society," as that phrase is used in MCL 750.160; MSA 28.357, and 1982 AACRS, R 325.8051, means an institution for the advancement or promotion of knowledge or an association organized for the purpose of scientific investigation and pursuits, which has displayed some degree of permanence or longevity.

Your fourth question asks:

When an historic period cemetery is disinterred and moved, what are the standards under MCL 128.1 et seq; MSA 5.3165 et seq, concerning where the new cemetery or burial must be located?

1895 PA 49, MCL 128.31 et seq; MSA 5.3071 et seq, authorizes townships to seek and obtain a court order to vacate and remove private cemeteries located within a township for certain specified reasons. MCL 128.31; MSA 5.3071. The Act requires reinterment, at township expense, in the township cemetery or if the township does not have a suitable cemetery, then in a suitable cemetery in an adjoining township. MCL 128.34; MSA 5.3074. If the vacated cemetery belongs to a church or religious society, removal may be made to another suitable cemetery belonging to the same church or society within the township or an adjoining township, instead of to the township cemetery. Id.

1871 PA 164, MCL 128.41 et seq; MSA 5.3081 et seq, authorizes cities and villages to seek and obtain a court order to vacate and remove private and public cemeteries located within their boundaries for certain specified reasons. MCL 128.41; MSA 5.3081. Reinterment, at city or village expense, must be within a city or village cemetery if one exists, and if not, must be in a suitable cemetery within six miles of the corporate limits of the city or village. MCL 128.44; MSA 5.3084.

1929 PA 297, MCL 128.51 et seq; MSA 5.3091 et seq, authorizes the voluntary sale of public and private cemeteries to cities or villages upon order of the circuit court authorizing the vacating of the cemetery and approval of a 3/4 vote of scrip holders or stockholders in the cemetery association. MCL 128.52; MSA 5.3092. In such cases, the Act provides that the cemetery association shall be responsible for interment "within a reasonable distance from such city or village,..." Id. Objecting lot owners shall be separately compensated for removing and reintering dead bodies if removed to a different location. MCL 128.54; MSA 5.3094.

There are no statutes addressing directly the reinterment of human remains, except where removed pursuant to a formal cemetery vacation.

It is my opinion, in answer to your fourth question, that when an historic period cemetery is disinterred and moved, the disinterred remains must be reinterred in a municipal cemetery within the same township, village or city as the remains are discovered and, if no such cemetery exists, in a cemetery in an adjacent township if unearthed in a township or in a cemetery within six miles of the city or village corporate boundary if unearthed in a city or village. It is my further opinion that if the historic period cemetery is known to belong to a church or religious society, reinterment may be in another suitable cemetery belonging to the same church or society located within, or within a reasonable distance from, the township or municipality where the cemetery is discovered. Finally, it must be noted that while the statutes discussed in answer to your fourth question establish certain locations within which a municipality must reinter bodies removed from a vacated cemetery, they do not so limit an individual who may desire to reinter in a different location a body over which he or she may exercise control.

Your fifth question asks:

If a construction project, such as Detroit's people mover, encounters unanticipated burials, who pays for the disinterment and/or reinterment? What if many years earlier, someone had been paid to move the burials?

Relocation of established public or private cemeteries must be pursuant to the vacation procedures set forth in the statutes discussed in response to question 4. In each case, the vacating governmental entity is responsible for costs of disinterment and reinterment.

The Legislature has not addressed the issue of allocation of costs for disinterment and reinterment of burials which are not part of established public or private cemeteries. However, in the event a contractor inadvertently discovers a

burial or parts of a human skeleton, the contractor is obligated to immediately notify local police authorities. 1982 AACRS, R 325.8051. The contractor is also required to obtain a permit from the local health department for disinterment and reinterment before removing the body. MCL 333.2853; MSA 14.15(2853). Under these circumstances, it is most reasonable that local authorities make appropriate efforts to determine and notify any next of kin, who could then claim the body, and if unable to do so, undertake to bury the body at public expense. MCL 52.205(5); MSA 5.953(5)(5). See also MCL 333.2653; MSA 14.15(2653).

It is my opinion, in response to your fifth question, that the cost of removing bodies from unanticipated burials and reintering them elsewhere shall be at public expense, unless next of kin can be located and are willing to undertake those expenses.
