## Removing patients from your roster

In MCIR, there are two different rosters. The first is a patient roster (this is the list that appears when you select "roster" on your MCIR home screen). The patient roster will include any patient that you have ever searched in MCIR and does not appear on reports. There is also a Provider ID roster. This roster contains any patient that was documented as receiving their last shot from your practice. This is the roster that is used to run reports.

To remove a patient from Provider ID roster:

1. Go to the patient's MCIR page and next to "person information" click EDIT

			7.00	Provider: Overbus		View	Home Ex	
Person	Rem/R	d	VIM	My Site	Adm	Rpts	Oth	
Add/Tind Roster	Add Imm A	dd Event In	formation St	atus History

DTPIDTaP/ DT/Td/Tdap							DTaP DUE NOW	
Polio							Eligible Next Due	

2. Scroll down to "Medical Home" section. In the **Patient Provider Status** a drop down will appear with the status of the patient to the practice. Then push **submit**.

Name	State M	~ c	County	Oakland	~
Medical Home					
Medical Home	Patient Provider Status	Activo			
MCIR Options		Inactive - moved or gone elsewhere Inactive - lost to follow up			
Person does not receive medical	care in Michigan	priscily	0000	1904	_
Person does not receive medical     Person is migrant Additional Information	care in Michigan	ested the	e disabilin	g of BMI mo	dule

- a. Active= currently a patient (will appear on reports)
- b. **Inactive** moved or gone elsewhere= patient is known to have moved or changed practices (will not appear on reports)
- c. **Inactive-lost to follow up**= patient has not been to practice for some time but it is not known if patient has moved or changed practices. (In order to select this option your practice must have documentation of 3 attempts to reach patient, patient will appear on reports but it will mention that patient is lost to follow up).
- d. Inactive-deceased= patient has passed away
- 3. Once you have inactivated the patient, you can then remove patient from your patient roster. To do this, scroll to the bottom of the patient's MCIR page and press **take off roster**
