RADIO COMMUNICATIONS FUND 53600
Fiscal Year 2023 – 4th Quarter
Brief Explanation of “Actuals”

Listed below are comments regarding Radio Communications fund's 4th quarter Fiscal Year 2023 financial statements.

STATEMENT OF NET POSITION

- Radio Communications fund reports all monetary assets as Cash. Available cash is invested and managed by the Treasurer as a pool. The Treasurer’s Office allocates interest earned to the participating funds on a monthly basis.
- Accrued interest on investment is interest earned by the fund on its cash balance in the Treasurer’s pool of investments; interest is paid when investments mature.
- Due from other governments is the amount due from municipalities for leased equipment.
- Accounts receivable includes E-911 operational surcharge revenue which is paid to the County quarterly. That amount is partially offset by annual payments in advance from antenna site co-locators.
- Inventories include parts and accessories used to maintain customer equipment and the radio system.
- Prepaid items include rent paid in advance per the lease agreements for co-location of radio system equipment and advanced maintenance contract payments.
- Capital projects in progress are the amounts expended through September 2023 for the Motorola County Public Safety Radio and the ESInet projects.
- Tower rights are the County's rights to co-locate equipment on towers constructed by the Radio fund on land owned by various municipalities. Ownership of the towers was transferred to the municipalities upon completion of construction in exchange for ongoing rights to place radio equipment on those towers.
- Vouchers payable and Accounts payable include expenses accrued through September 2023.
- Due to municipalities is the City of Novi’s share of lease payments for co-locators on Novi’s antenna site as set forth in the Board of Commissioners Resolution 98-291.

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

Revenues:

- E911 Surcharge - The Board of Commissioners’ Resolution 19-121 maintained the E-911 surcharge rate of \$0.42 for the period covering July 1, 2019 through June 30, 2020. The revenue reported for this quarter is based upon current estimated surcharge filings.
- Antenna site management revenue is for telecommunications companies that have contracted with Oakland County to place equipment on county-owned towers.
- Leased equipment revenue and Outside agency revenue is high due to more than anticipated non-public safety users of the system within Oakland County departments and outside agencies.
- Parts and Accessories indicates lower than anticipated radio equipment repair requests from other outside agencies.

RADIO COMMUNICATIONS FUND 53600
Fiscal Year 2023 – 4th Quarter
Brief Explanation of “Actuals”

- Productive labor revenue is higher than anticipated due to increased demand for service and reimbursement from CLEMIS for work performed by Radio technical staff on CLEMIS work orders.

STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION (Cont'd)

Expenses:

- Salaries and Fringe Benefits are high due to lower than anticipated overtime, on-call hours and un-filled positions.
- Communications cost is high due to lower than anticipated cell tower connectivity costs. The budget for this line item includes the ISDN rate increase.
- Equipment maintenance cost is high due to lower than expected timing of services.
- Indirect cost expense is based on the County's Indirect Cost allocation. It includes Human Resources, Payroll, Treasurer, Accounting, and Budgeting and Administrative services. The final allocation was established after adoption of the current budget.
- Professional services expense is high due to the timing of the ESInet and Radio replacement projects.
- Rebillable services are payments for parts and labor invoiced upon work completion.
- Software support maintenance is high due to the timing of the ESInet and Radio replacement projects.
- Special projects expense is high due to the timing of projects. The budget for this line item includes costs associated with tower maintenance such as painting.
- Tower charges represent payments for tower rental agreements.
- Travel and Conference and Training together are high due to a decrease in training efforts for staff members related to the new Radio project.
- Commodities overall are high due to a decrease in radio equipment purchases.
- Internal service expense overall is based on actual usage of county department services that fall below expectations.

Non-Operating Revenues and Expenses:

- Income from investments represents the portion of income from cash managed and allocated by the Treasurer's Office.
- Transfers In includes: \$781,624.00 representing a component of the \$697,914.00 approved by the Board of Commissioners for additional radios needed for the Sheriff;s contracts with municipalities
- Transfers Out includes: \$50,000 for Help Desk support and \$236,000 for OakNet operation costs, both provided by Information Technology.
