Mission

- The Oakland County Food Service Industry Forum is an inclusive collaboration between the Oakland County Health Division, the food service industry, and consumers.
- This partnership seeks to prevent the occurrence of foodborne illness in Oakland County by incorporating an equity lens to all program improvements and providing access to discussion, education, and resources.

Vision

- We recognize the diversity of the food service industry and the need for dialogue on issues pertaining to food safety.
- We strive to develop solutions and disseminate those solutions in an accessible and informed manner.

Values

- Inclusivity – Any individual or group is welcomed, respected, supported, and valued to participate fully.
- Collaboration – Work together to achieve the best outcomes.
- Respect – Critiques are directed at ideas and not people.
- Innovation – Encourage new ideas.
- Progress – Continuously work toward program and industry improvement.
- Education – Always learning, growing, and informing others.

Goals

- Build trust.
- Create a safe and healthy food service environment.
- Create a web of awareness, concern and educational opportunities.
- Connect food service establishments and consumers with food safety resources.
- Provide a forum for disseminating and receiving information.
