Project Goal

To modify case information when a judge and/or referee changes so that the case reflects the correct judge and/or referee.

Business Objective

Modify Judge Switch Process to reassign cases to different judge and/or referee. Modify current court applications such as mainframe CMS, Imaging system, Judicial Schedule Online, ePraeipce, and Court Recordings Online to reflect the judge and/or referee switch.

Major Deliverables

- Judge changes defined in mainframe CMS, imaging system, and other affected court applications
- Programmatic reassignment of cases to different judge
- Modified Blind Draw application
- Reassignment of FOC Referees if needed
- Data file or case list provided for updating in TCS if needed
- Updated docket information in Case Management Systems for other departments such as Prosecutor and Reimbursement
- Notices of reassignment for all cases reassigned and docket entry added
- Necessary reports for reassignment
- Modify routing rules in EDMS
- Add network folders as required

Approach

- Follow standard Project Management Office Model
- Work with Business Court Chiefs and Managers to define judge change requirements for all systems:
 - Mainframe CMS
 - Imaging system
