My vote is YES and YES as well. A sufficient number of voting members have responded. This is considered approved to proceed with the project sizing and presented at the 10/29/19 Leadership Group meeting.

Chris,

Please approve eVote verbiage to request to size the "BOC Hardware Replacement Implementation" project. Let me know if you would like the below wording modified or if it is approved to be sent to the Finance Admin Leadership Group:

The approval of this eVote will bring it in process so that the project can be presented and prioritized at or before the October 29 Leadership Group Meeting if funding is identified/provided.
