October 1, 2009

President

Executive Director

The Governmental Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Oakland County, Michigan for its triennial budget for the triennium beginning October 1, 2009. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

Oakland County received this award for the FY 2010 thru FY 2012 Program Budget book. This award is valid for a period of three years only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

INTRODUCTION

**OAKLAND COUNTY
2013-2014-2015 BUDGET**

Board of Commissioners - Transmittal Letter

To the Citizens of Oakland County, Michigan
October 22, 2012

On September 20, 2012, the Oakland County Board of Commissioners adopted the 2013-14-15 Triennial Budget and General Appropriations Act under the authority of Section 45.556(d) of Public Act 139 of 1973, (as amended by Public Act 100 of 1980), entitled the *Optional Unified Form of County Government Act*, and in compliance with Public Act 621 of 1978 entitled the *Uniform Budgeting and Accounting Act*. Total appropriations in 2013 will be \$776,246,306, with \$418,655,204 of that amount for General Fund/General Purpose Funds. Approval of the 2013-14-15 Adopted Budget and General Appropriations Act represents the culmination of many months of effort on the part of a host of county officials and employees, particularly the Finance and Human Resources Committees, the Board of Commissioners and their staff, the County Executive and the Management & Budget and Human Resources Departments. By approving a Triennial Budget, both the Board of Commissioners and the County Administration are informing citizens of the measures Oakland County plans to take to keep the budget balanced for the next three years. Advising the public of our long-term budgeting plans eliminates fear of the unknown, thus providing some security for individuals and corporations as they plan their own budgets for the next few years. In addition, each county department or agency will know well in advance of any cuts that will be coming, enabling them to adjust their budgets and carryover any unspent allocations from prior years, should they foresee a need for more funds in 2014 or 2015.

Since 1993, the Oakland County Board of Commissioners has worked diligently to keep county expenditures from growing. The current consensus of the Board and Administration is that the days of 7.5% average annual revenue expansion are over. Instead, they see looming on the horizon negative or static revenue through 2015. In the budget, most line items are impacted by the rate of inflation or such market fluctuations as energy, health care and postage costs, and are hard to contain. This creates a budget gap and mandates that we find a way to use less of those resources. County elected officials have met and/or exceeded budget tasks the last three years to bridge that gap.

To be sure, the 2013-2015 Triennial Budget is balanced, as required by law. However, continued diligence and forward planning is essential to maintain balance after those three years. The continuing weakness in the State of Michigan's economy, declining property values, and consequent cutbacks in Lansing present Oakland County with recurring challenges to balancing our own budget. Several years ago we predicted that by 2010, the gap between revenues and expenses would be ten million dollars. We took steps to close that gap – not only in 2010, but also in the years immediately following. Failure to take proactive measures would have resulted in a revenue shortfall of more than \$50 million by 2014. As you can see, it will take continued leadership and continued vigilance to maintain services within a balanced budget.

Oakland County leadership has reacted swiftly and decisively to cope with revenue declines. For example, decreases in County property tax revenue have been offset by the adoption of sensible belt-tightening measures. Among them, the County continues its policy of not creating new positions unless new funding is provided to support them. Employees took a 2.5% pay cut in 2010 and a 1.5% pay cut in 2011. That 4% reduction continues in 2013. Employees will continue to make increased contributions to their health care. Elected officials refunded 2.5% of their salaries in 2010, and took a 1.5% pay cut in 2011 and 2012. They have indicated they will continue this practice. The Board of Commissioners has eliminated automobiles for all elected officials and their deputies. Those passing through the criminal justice system have been required to pay more in fees and court costs. As a result, all ongoing budget tasks for fiscal years 2013-15 have been met, and no new budget tasks have been imposed. These and other enterprising solutions have enabled Oakland County to weather current budget challenges without layoffs, while maintaining high levels of service to citizens, and preserving our AAA bond rating.

The FY 2013-2015 budget holds the line, but addresses such major challenges as current employee health benefits and retiree health care. This fiscal obligation has seriously and adversely impacted major corporations as well as many local governments. Making the issue acute are changes required by the Government Accounting Standards Board (GASB) in Statements 43 and 45. These mandates require all governmental units to report actuarially estimated retiree costs on balance sheets as liabilities.

A simple “pay as you go” cash basis statement will no longer suffice. Oakland County has long addressed these legacy costs, but rising health care expenditures and, more recently, two actuarial reports have required we move more forcefully. We are also closely monitoring the new federal health care law, and how its rising premiums will adversely affect Oakland County. Retiree benefits, however, are taken care of.

In 2007, Oakland County issued Trust Certificates in the amount of \$557 million, at a low interest rate, and invested the funds in permissible long-term investments. Oakland County was able to secure the most favorable interest rates possible because of its AAA bond rating. Other post-employment benefits (OPEB) funding was implemented in a timely fashion, capping retiree health benefit costs, thus eliminating future budget difficulties due to retiree benefit expenses. Because of this forward thinking, the County’s retiree health care will be fully funded – an enviable situation few other governments can claim. Our commitment to our workers will be met, and the County will not experience a crisis while doing so.

The line has been held on new positions. Budget restrictions mean no new full time eligible General Fund/General Purpose positions will be authorized. One hundred fifty-two senior employees took advantage of the county’s retirement incentive package. These and subsequent retirees have been replaced by department reorganizations or part-time employees, or not at all.

A continuing challenge has been the uncertainty about funds from the state and federal governments. All manner of grants and state payments are at risk. The Board’s policy known as the “Gosling Amendment,” specifying that when grant money is accepted, the program or position funded by that grant will discontinue upon the grant’s termination, has been a vital tool in holding the budget line.

The following table identifies Oakland County’s unreserved fund equity since 2002

* Fund Balance numbers do not include funds designated for Property Tax which were designated for one quarter of the year.

** Source: Prior Year End Report

Oakland County has been able to maintain a sufficient fund balance while once again having one of the lowest general operating tax rates of any county in the State. The increase in designated funds represents savings by County Departments designated to prepare for future reductions in the taxable value of real property.

It is clear from the data in the following section that Oakland County has been guided by a rational, well-grounded fiscal policy, and is well positioned to keep navigating these turbulent waters. The Board of Commissioners will endeavor to uphold conservative fiscal policies that have produced such a healthy, viable financial condition; and will continue its commitment to provide responsive programs and services of the highest quality – a standard of excellence that has come to symbolize Oakland County government.

2013 BUDGET OVERVIEW

The 2013 Adopted Budget includes total appropriations of \$776,246,306 million. The 2012 tax levy will generate \$198.3 million in general fund revenue, and is based on a millage rate of 4.1900, unchanged since 1998. This current County tax rate is 0.034 mil below the maximum allowable tax levy. The budget was formulated with the determination to continue providing the same level of service as the previous year.

Property taxes account for 46.9% of the County’s General Fund/General Purpose budget, a percentage comparable to that of other counties in southeast Michigan, thus illustrating the County’s reliance upon property taxes to fund governmental operations.

Oakland County's millage rate has decreased over the past 30 years, from 5.2600 in 1972 to 4.19 in 1998 and remains unchanged again in 2013. A ten-year summary of the changes in State Equalized Value (SEV), Taxable Value, Millage Rates and Property Tax Revenues are identified in the table that follows. According to the 2012 Oakland County Equalization Report, the SEV decreased by 3.08% in 2012, resulting in a decrease in taxable value of 3.08%.

LEVY YEAR	SEV (STATE EQUALIZED VALUE)	TAXABLE VALUE	MILLAGE RATE	GROSS TAX LEVY*
2003	67,085,441,782	50,688,809,599	4.1900	212,386,112
2004	70,296,996,641	53,179,886,010	4.1900	222,823,722
2005	73,459,188,359	55,986,490,872	4.1900	234,583,397
2006	76,439,725,583	58,862,866,940	4.1900	246,635,412
2007	77,331,082,036	62,133,415,235	4.1900	260,339,010
2008	74,491,081,562	64,720,016,857	4.1900	271,176,872
2009	67,858,986,149	62,416,676,895	4.1900	261,525,877
2010	57,745,076,507	55,081,707,586	4.1900	230,792,357
2011	52,453,460,343	50,798,540,257	4.1900	212,845,883
2012	50,839,024,966	49,235,953,993	4.1900	206,298,647

*Actual Tax Collections are less due to TIFA/DDA funds.

Until 2008, Oakland County experienced a decade of significant SEV growth. Proposal A, approved by the voters in 1994, capped “taxable value” of real property to the rate of inflation or 5%, whichever is less for each year. The difference between SEV and Taxable Value, as shown on the chart, historically represents significant savings to taxpayers, although in the last three years that gap has narrowed dramatically. Ever mindful of the tax burden of its constituents, the Board of Commissioners will continue to establish means by which to control the growth of expenditures.

REVENUES

Oakland County's financial resources are traditionally divided into two classifications, Governmental and Special Revenue & Proprietary Funds. Revenues are further categorized to facilitate planning, control and evaluation of governmental processes. The following table presents a summary of the Governmental revenue categories budgeted for 2013.

OAKLAND COUNTY, MICHIGAN REVENUES BY CATEGORY, 2013 General Fund/General Purpose Funds Only		
REVENUES	2013 ADOPTED	% OF TOTAL
PROPERTY TAXES	\$196,508,241	46.9%
INTERGOVERNMENTAL REV	30,372,464	7.3%
CHARGES FOR SERVICES	108,480,715	25.9%
INVESTMENT INCOME	2,849,000	0.7%
MISC REV/RES CRD FWRD	80,444,784	19.2%
TOTAL REVENUES	\$418,655,204	100.0%

The Headlee Amendment will impact future revenues, and removes the potential to modify millage rates without voter approval. However, the continuing weak Michigan economy has resulted in decreasing property values, which has led to a downturn in property tax revenues. This is a serious issue of which we must be wary. Also, while millages levied in the past few years have been well below the allowable maximum, that allowable maximum has been decreasing due to the mechanisms put in place by Headlee. In other words, if the need arises to fund a major project such as a jail or courthouse construction, the ability to provide funds for such a project may be severely constrained.

The Board of Commissioners must be alert to other revenue sources, preferably those that provide greater tax relief for Oakland County residents, and to vigorously re-examine County programs and services to determine their continued value and effectiveness.

The following chart illustrates County revenues by their sources in the 2013 Budget.

APPROPRIATIONS

Oakland County has traditionally categorized its operations by functional area with respect to appropriations. These functional areas are: Administration of Justice, which includes the Circuit, District and Probate Courts; Law Enforcement, which is comprised of the Sheriff's Office and Prosecutor's Office; General Government, which consists of the Board of Commissioners, Treasurer, Clerk/Register, and the Water Resources Commissioner; County Executive, which includes a variety of administrative departments; and Non-Departmental, which includes remaining appropriations not budgeted to specific county departments.

At the top of the next page is a summary of funds appropriated for these categories in 2013.

**OAKLAND COUNTY, MICHIGAN
 APPROPRIATIONS BY FUNCTIONAL AREA, 2013
 (General Fund/General Purpose Funds Only)**

FUNCTIONAL AREA	2013 ADOPTED	% OF TOTAL
ADMIN OF JUSTICE	\$ 73,727,208	17.6%
LAW ENFORCEMENT	157,023,341	37.5%
GENERAL GOVERNMENT	28,861,519	6.9%
COUNTY EXECUTIVE	121,673,746	29.1%
NON-DEPARTMENTAL	37,369,390	8.9%
TOTAL APPROPRIATIONS	\$418,655,204	100.0%

The chart below symbolizes the allocations of resources to functional areas in the 2013 Fiscal Year Budget.

HUMAN RESOURCES

Incorporated into the 2013 Adopted Budget are gross salary and fringe benefit appropriations of more than \$364.7 million, or 47 percent of the total budget, to support a total work force of 4,268 employees. Oakland County Government remains one of the top employers in Oakland County.

Personnel costs remain the driver behind the County's budget. These costs, particularly fringe benefits and especially health care, have risen sharply in recent years and will continue to do so. Total personnel costs in the General Fund have been generally stable, but since 2007 have decreased each year. The number of workers supported by Special Revenue fluctuates as Grant Funding comes and goes. The number of employees actually increased in 2011, as the county contracted to provide police services to the City of Pontiac. Seventy-four police positions and six dispatchers were added, all paid for by Pontiac.

The Human Resources Committee closely studies staffing levels, salary changes and fringe benefits in an effort to further constrain rising personnel costs. This year, the only approved position requests were those where funding offsets exist to fully cover the cost of the position on an ongoing basis. In addition, the "Gosling Amendment" concerning grant positions (when grant funding goes away, the position goes away) is strictly adhered to.

The graph below illustrates the trend in County positions over the past ten years. The graph shows total positions, the percentage of Special Revenue/Proprietary positions and the percentage of Governmental positions.

COUNTY INITIATIVES

Once again, the County was awarded the highest possible bond rating, AAA, by both major bond rating agencies, Standard & Poors and Moody's Investor Service. This benefit to the County taxpayers is a result of sound fiscal practices, as evidenced by the fund balance shown on an earlier page. The AAA bond rating allows the County to fund infrastructure and other capital improvements at the lowest interest rate available.

As an example, in real terms, of the significance of a AAA bond rating, the Oakland County Building Authority in 2010 issued bonds to refinance the debt on two municipal buildings in the City of Keego Harbor. Because of the AAA rating, Keego Harbor will save \$60,000 per year – *enough money to save one job*.

The 4% pay cuts of 2010/2011 remain in effect – and employees continue contributing to their own health benefits. These contributions enable the County to continue offering first-rate health care insurance to employees at the lowest possible cost.

Oakland County has issued Trust Certificates totaling \$557 million, at a low interest rate. County officials in turn invested that money in secure, permissible higher paying long-term investments. Oakland's AAA bond rating is what enabled the County to get the lowest interest rate available. The dividends from this arrangement are being used to fund post-employment benefits. This reliable unearned income, along with capped retiree health benefit costs, eliminates future budget difficulties due to retiree benefit expenses.

The new E-File system enables attorneys to file court documents from their own office computers for a small fee. This is a win-win for everybody. Attorneys no longer have to make a trip to the Courthouse to file necessary documents, and the County now has another source of revenue. The clerk's office is continuing to expand its online services. The entire county is reducing paper and postage costs by relying more heavily on electronic transmission of documents.

In 2012, the county initiated a new payment plan system for homeowners delinquent in their property taxes. This new payment plan system brought in \$11 million to the county that otherwise would have been lost, while allowing homeowners to avoid foreclosure and stay in their homes. The county also began promoting its auctions of foreclosed properties, which brought in more buyers who paid higher prices and put more vacant homes back on the property tax rolls. The county also stepped up its initiative to prevent foreclosures by holding a mortgage foreclosure prevention forum in 2012, with another scheduled for 2013.

New contracts for the successful Fire Records Management program continue to be approved. Plans to offer the program to municipalities outside of Oakland County are still being considered.

In the past 36 months, six new communities have contracted with the Oakland County Equalization Department for assessing and equalization services. These communities benefit by not having to support Assessing Departments. The County was able to absorb the six new communities without increasing staff. The total number of communities now served by Oakland County's Equalization Department for commercial and/or personal property assessing is 37.

The banking, mortgage, insurance and real estate sectors of Oakland County's economy benefit from Board approval of new rate structures for @CCESS Oakland, making this service even more useful and affordable to those enterprises, while generating revenue for the County.

A new institution – another first for Oakland County – can be found on the Oakland University campus: In 2011, Oakland University opened the first medical school in the County, and in 2012 admitted its second class of 50 future doctors who began their studies in the fall.

Finally, the Board of Commissioners reaffirmed its decision in fiscal year 2010 to adopt a triennial budget. The advantages of a three-year budget plan are significant. By continuing to use a three year fiscal plan through 2015, the various county departments are able to adopt budget tasks that allow for cash flow variations created by abrupt changes in the economic environment. These budget tasks have been met and often exceeded. No new budget tasks were assigned for 2013, 2014 or 2015.

PENDING PROJECTS AND ISSUES

County government, including the environment within which it functions, is not static, but is ever changing and emerging to meet the challenges and opportunities that present themselves. With this in mind, the Board of Commissioners, in conjunction with the County Executive, has identified several significant projects and issues that will be continued, considered or implemented in 2013.

Continuing into 2013, for example, Oakland County will initiate and support clean water and other green projects. The issue of water and sewer rates is an ongoing concern of many Oakland County communities, and continues to be a high priority for the coming year.

Job growth and new, diverse businesses must be priority number one if Oakland County is to continue to be the economic engine of the State of Michigan. The Emerging Sectors Unit, in the Department of Economic Development and Community Affairs, was created to make that happen. The ESU has more than proved its worth. Since it was established in 2009, through FY 2012, the ESU has brought to Oakland County 218 new companies that have invested almost \$2 Billion, created 26,634 new jobs and retained 12,400 jobs. In 2012, the Emerging Sectors Unit brought Oakland County 28 new and diverse emerging sector companies, which invested \$45,899,680, created 1,091 new jobs, and retained 1,591 jobs. In the traditional category, 10 companies were brought in, or kept from leaving Oakland County, by the Emerging Sectors Unit. These companies invested \$79,172,680, created 1,813 jobs, and retained 5,818. These are accurate numbers, provided by the businesses themselves.

Traditionally, the Board of Commissioners, in conjunction with other County officials, has been responsive to the needs of Oakland County residents, and has been aggressive in developing and maintaining programs and services that provide the greatest possible benefits and affords the highest possible quality of life. An example is the addition of Bushman Lake to Independence Oaks Park.

The State of Michigan's long-term financial problems continue to impact the Oakland County Budget, requiring constant planning for revenue decreases and budget adjustments: the tax acceleration and revenue sharing loss that began in 2009 - and is projected to continue - illustrates the uncertain nature of Lansing's funding support, while debate over Community Development Block Grants (CDBG) does the same for Federal funds. We must remain ready to react swiftly to changes in our financial picture during Fiscal Years 2013-2015 and beyond, and are prepared to do so.

Oakland County is well into a period of constant dynamic change and uncertainty requiring full effort and cooperation between the Board, County-wide elected officials, and the Executive. So far, such cooperation and coordination have occurred. Everyone involved considers the welfare of Oakland County citizens to be their highest priority.

In addition, our County has avoided the deficits and layoffs plaguing our neighbors. While our employees have had to accept lower pay and assume more cost-sharing with health care co-pays, we have preserved their jobs and retiree benefits. That's a deal that laid-off workers would envy. The storm is still swirling about, but we're riding it out, and we intend to maintain the highest standards of financial responsibility that our citizens have come to expect.

Accordingly, on behalf of the Oakland County Board of Commissioners, I present the FY 2013-2014-2015 Oakland County Adopted Budget.

Respectfully submitted,

Thomas F. Middleton, Chairman
Finance Committee
Commissioner, District #4

L. BROOKS PATTERSON, OAKLAND COUNTY EXECUTIVE

**OAKLAND COUNTY, MICHIGAN
COUNTY EXECUTIVE BUDGET MESSAGE
FISCAL YEARS 2013, 2014, AND 2015 TRIENNIAL
OPERATING AND CAPITAL BUDGETS**

To the Board of Commissioners and Citizens of Oakland County:

I am pleased to present the Fiscal Year 2013-2015 Triennial Budget Recommendation for your review and approval. Promulgated in accordance with the Unified Form of County Government Act, 1973 P.A. 139, and the Uniform Budgeting and Accounting Act for Local Units of Government, 1968 P.A. 2, as amended, the General Fund/General Purpose Estimated Revenue and Appropriations are balanced at \$417,894,807 for Fiscal Year 2013, \$424,271,405 for Fiscal Year 2014, and \$428,639,468 for Fiscal Year 2015. The total budget for all funds amounts to \$775,464,839 for Fiscal Year 2013, \$782,091,068 for Fiscal Year 2014, and \$786,148,971 for Fiscal Year 2015.

For several decades, Oakland County was one of the few governments in America to operate on a biennial budget. Three years ago we expanded our biennial planning efforts and established a triennial approach, adopting a three-year line item budget. Continuing that effort, this budget recommendation presents a balanced triennial budget for FY 2013 through FY 2015. If I had to identify the primary factors responsible for our financial management successes, they would be our committed adherence to long range planning and budgeting practices. It is forward planning coupled with action that separates Oakland County from the other counties in Michigan and the nation. Our forward planning coupled with action is why we are recognized by Moody's Investors Service and Standard & Poor's as the very best at maintaining fiscal stability, even in turbulent economic times.

INTRODUCTION

The National Advisory Council on State and Local Budgeting (NACSLB) defines the budget process as a set of activities that encompass the development, implementation, and evaluation of a plan for the provision of services and capital assets. A good budget process consists of far more than the preparation of a legal document appropriating funds for a series of line-items. Instead, a good budget process involves political, managerial, planning, communication, financial dimensions, and is characterized by the following essential features:

- Incorporates a long-term perspective
- Establishes linkages to broad organizational goals
- Focuses budget decisions on results and outcomes
- Involves and promotes effective communication with stakeholders
- Provides incentives to management and employees

These five features are characteristic of a budget process that moves beyond the traditional concept of line-item expenditure control, providing incentives and flexibility to managers that can lead to improved program efficiency and effectiveness.

The Government Finance Officers Association (GFOA) of the United States and Canada has established an Award Program for Distinguished Budget Presentation. The GFOA Award Program recognizes budget publications that adhere to a strict set of criteria leading to exemplary budget documents. Eligible budgets are evaluated by three independent out-of-state practitioners who are members of GFOA's Budget Review Panel. Eligible budgets are evaluated based on four categorical guidelines:

- The budget as a Policy Document
- The budget as a Financial Plan
- The budget as an Operations Guide
- The budget as a Communications Device

Oakland County is proud to be one of the 33 units of Michigan government, out of more than 1,800 governmental units, that have been accorded the Award for Distinguished Budget Presentation by the GFOA. We can all be proud that in 1984 when the GFOA award program was first initiated, Oakland County was the first governmental unit in Michigan, and only the 11th in the nation, to achieve this distinction. Even more impressive, Oakland County has received the Distinguished Budget Presentation Award for every multi-year budget submitted since that time, 27 years' recognition of excellence. Oakland County's continuing commitment to budgeting excellence is further demonstrated by the County's support of the GFOA national program for improved budget development practices as evidenced by the involvement of the Department of Management & Budget staff as Budget Review Panel members.

The hallmark of the County's focus on long-term financial planning is the preparation and adoption of a Triennial Budget which includes a summarized five-year forecast. However, the budget process does not stop with the adoption of the Triennial Budget. Our frequent analyses and budget amendment process ensures that the budget and long-term financial plan remains current. In accordance with 1973 P.A. 139, the County Executive is required to report the current financial condition of the County to the Board of Commissioners on a quarterly basis. We exceed this requirement by not only reporting the current financial condition of the County each quarter, but we also provide a quarterly forecast of the projected financial condition of the County at the close of the current fiscal year. These reports include a comparison of the amended budget to the forecasted amounts and explanations for major variances. Any recommended budget amendments are presented at that time.

Oakland County's budget is unique in comparison with other government budgets because it is a "rolling" Triennial Budget. Upon adoption of the detailed line-item budget for the next three fiscal years, the Triennial Budget is considered a "rolling" budget – when the budget is amended (with quarterly forecasts and also by individual resolutions), the detailed amendment reflects the impact by line item for both the remainder of the current fiscal year and the subsequent two fiscal years. This process ensures that the budget remains current for all three years. Ultimately, during next year's budget process, the budget as amended for the two subsequent years (e.g. FY 2014 and FY 2015 for this Recommended Triennial Budget) will simply "roll" forward and the third year will be added (e.g. FY 2016).

In addition to the Distinguished Budget Presentation Award, Oakland County has also received the GFOA Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report (CAFR) and the GFOA Popular Annual Financial Reporting Award. This is truly an outstanding achievement as Oakland County is one of only seven units of government in the entire state to receive all three awards. All three Oakland County GFOA award-winning reports can be viewed on the internet at http://www.oakgov.com/fiscal/info_pub/.

FINANCIAL OUTLOOK

OAKLAND COUNTY'S ECONOMY

Overview

Incorporated in 1820, Oakland County covers an area of approximately 910 square miles with a population of 1.2 million. The County's reputation as a world class community is due not only to its renowned business environment, but is also due to many attributes that contribute to an excellent quality of life.

Oakland County has been recognized as one of the most prosperous counties in the nation. Over half of the County's residents have a college degree with about 42% having attained a bachelor's degree and nearly 18% have post-graduate degrees. In comparing Oakland County with 35 other prosperous counties of similar population throughout the nation, economists rank Oakland County twelfth overall with respect to number of residents with higher education, lower occurrence of child poverty, higher income levels, and number of residents working in professional and managerial occupations.

A home, place of business, lifestyle . . . whatever you're seeking, chances are you'll find it in one of Oakland County's many distinctive communities, a diverse mix of urban and rural communities with many scenic natural settings as well as thriving downtowns. Oakland County has the perfect fit for every income, lifestyle, and taste. Quality-of-life advantages include 88,000 acres of park land, over 1,400 fresh-water lakes and the headwaters of five major rivers, 76 public and private golf courses, as well as miles of trails and pathways for hiking, biking and horseback riding. There are a wide variety of shopping experiences ranging from small boutiques along quaint village main streets to large high-end multi-level malls. Multiple institutions of higher-learning and cultural entertainment venues are abundant. Whether you're looking for a place to call home, raise a family, work or spend leisure time, there's a community with your name on it in Oakland County.

The Beginning of an Economic Recovery in Oakland County

The decade which ushered in the new millennium was painfully challenging for the entire state of Michigan. It was one of the longest and most severe economic recessions in our state's history. From 2000 through 2010, the number of employed people in Michigan decreased by over 760,000. Oakland County lost more than 147,000 jobs during that period. The largest annual job loss in the County's history occurred in 2009 when 9% of the workforce countywide was affected with nearly 60,000 jobs lost.

The prolonged Michigan economic downturn eventually resulted in our state having the highest annual unemployment rate in the nation from 2006 through 2009. The history of annual unemployment rates for the period 2000 through 2011 for Oakland County, Michigan, and the United States are provided in Chart 1, which is located within the appendix to this budget message. As can be seen in that chart, unemployment peaked in 2009 when the annual rate was 12.9% for Oakland County, 13.4% for Michigan, and 9.3% nationally. Since then, the unemployment rate has been decreasing (improving) at a faster rate proportionally for Oakland County and Michigan when compared to the national rate. The latest unemployment data available from the U.S. Bureau of Labor Statistics for Oakland County is for May 2012, which reports the unemployment rate for Oakland County is now 8.6%, a significant improvement from the 2011 annual rate of 10.0%.

Oakland County's per capita personal income (PCI) rose by 3.28% from 2009 to 2010 while total personal income rose by 3.4% compared to an increase of 3.3% for the State of Michigan and 3.7% for the nation. Nevertheless, over the past five years, Oakland County's PCI decreased by 4.64%; yet at \$49,917, Oakland County's PCI remains the highest in the State of Michigan and 11th highest nationally among counties with more than 1 million residents.

While data indicates that the U.S. economy is now in recovery and that we are seeing evidence of a local recovery, most economists would agree that it will be a slow and long rebound until full recovery. While unemployment rates are now declining, there are many people who are still unemployed or underemployed and many people who have left the workforce and, thus, are not included in the calculation of the unemployment rate. The international economic turbulence, particularly in the Eurozone with several countries in financial crisis, has resulted in an unstable and volatile stock market. Here in the U.S., there is uncertainty regarding how the government will resolve the federal deficit - whether it will be resolved through tax increases, deep budget cuts, or some combination thereof. The effect is a drag on the economic recovery since many companies which might otherwise expand and create jobs are instead preserving available cash reserves just in case there is another looming worldwide recession or until stability and certainty can be restored through governmental reforms around the world.

In 2011, Oakland County experienced the beginning of an economic recovery locally, experiencing our second best year for job growth since 1994. The 23,426 new jobs created last year in Oakland County – more than double the number that economists had projected – exceeded expectations and constituted almost one-third of all new jobs created in Michigan in 2011. As illustrated in Chart 2 located within the appendix to this budget message, economists George A. Fulton and Donald R. Grimes from the University of Michigan are projecting that more than 33,700 new jobs will be added in Oakland County over the next three-year period from 2012 through 2014. The Economic Outlook Report can be viewed on the internet at <http://www.advantageoakland.com/ResearchPortal/Documents/econoutlookreport.pdf>.

“Full employment” is a Herculean effort but we believe it is within Oakland County’s reach. What is 18,174? That’s the number of jobs that need to be created in Oakland County to get its unemployment rate down to 5%, a rate which economists call “full employment.” We have printed that number on posters hanging throughout the Department of Economic Development & Community Affairs and other County departments to remind employees tasked with attracting companies that the goal of “full employment” is our objective, a goal within reach utilizing the County’s multiple job creation and economic diversification initiatives such as Emerging Sectors and Medical Main Street.

Since I began as County Executive in 1993, the focus of my administration has been to diversify Oakland County’s economic base to hedge against downturns in single sectors, such as what occurred in the automotive sector. While it is unrealistic to believe that our local economy will ever be recession-proof, our goal is to become more recession-resistant. Clearly, our future is tied to the knowledge based economy. Aided by the commitment and support of the Board of Commissioners, this focus has resulted in the establishment and execution in Oakland County of programs that address the transformational change occurring in Michigan’s private employment sector, economic development programs we believe will pay dividends well into the future.

Perhaps the primary forward-looking economic development program is Oakland County’s Emerging Sectors initiative. Looking out 10, 20, and in some cases 30 years, our researchers endeavored to identify those areas that promised to be at the core of the 21st Century’s thriving economic growth. The top emerging sectors were identified and chosen to be the targets of our program, which include:

- Advanced Electronics & Controls
- Advanced Materials & Chemicals
- Aerospace
- Alternative Energy & Power Generation
- Communications & Information Technology
- Defense & Homeland Security
- Film & Digital Media
- Medical Main Street (Life Sciences)
- Robotics & Automation
- Water Technologies

Oakland’s Emerging Sectors initiative is proving to be an unqualified success. Since the inception of Emerging Sectors, nearly \$2 billion in private investment has created 26,000 jobs and retained more than 11,000 jobs. Out of the 10 emerging sectors, Alternative Energy, Life Sciences and Information Technology are our fastest growing sectors. For example, 87 technology companies located in Oakland County during the past 5 years, a period that includes the worst years of the national recession.

Medical Main Street brings together a unique alliance of world-class hospitals, universities, medical device and bio-pharmaceutical companies as well as some of the country’s top medical professionals. These diverse sectors have joined to create a global center of innovation in health care, research and development, education and commercialization in the life sciences industry. Oakland County's health care and life science companies and organizations employ more individuals than the Mayo and Cleveland Clinic regions combined. Additional information about Medical Main Street and Emerging Sectors can be obtained by visiting www.advantageoakland.com.

Since its inception nearly three years ago, Medical Main Street has seen 26 life sciences companies locate/expand in Oakland County, investing over \$240 million and creating over 1,900 new jobs in our community. That development, coupled with the new Oakland University William Beaumont School of Medicine, will soon place Oakland County, Michigan in top 10 of the nation’s most vibrant life sciences clusters.

Automation Alley is another award-winning economic development initiative which was envisioned by the Oakland County administration in 1997 as part of the effort to preserve and grow our economic base. The Alley was recognized in 2008 by President George W. Bush with the Presidential E Award for Excellence in Exporting. The E Award, established in 1961 by President John F. Kennedy to recognize the achievements of individuals and organizations in promoting and increasing American exports, is the highest honor the Federal government bestows in that particular area.

Automation Alley began with 44 members located in Oakland County. The Alley is a high-tech branding initiative designed to assist businesses in retaining and attracting the skilled workforce required by the region's technology companies. It is a partnership between business, government, and education. Since its inception, the Alley has evolved to become regional in focus and membership. Having established its headquarters in the City of Troy, an Oakland County community, the Alley works to promote, support and develop high tech industries throughout southeastern Michigan. Since its beginning in 1997, Automation Alley has grown to over 1,000 members spanning an eight county area. It has attained national and global recognition as a technology consortium capable of competing with the world's best and brightest. The Alley has conducted 14 trade missions around the world, creating more than 900 new jobs and garnering more than \$166 million in contracts for the participating companies. For more information, visit their website at automationalley.com.

Oakland County's economic development initiatives are bound together by the common denominator of high-tech, high-quality, and high-paying jobs. These jobs naturally fit with Oakland County demographics of highly skilled, educated professionals. And while the domestic automotive industry went through an unprecedented restructuring which resulted in fewer manufacturing jobs locally over the past several years, much of the automotive research and development remains because of the education, talent, and experience that reside locally. On January 11, 2012, the Detroit Free Press published a story with the following headline: "***Oakland County Leads in Job Growth.***" The first paragraph of the article reads: "From June 2010 to June 2011, Oakland County had the ninth largest increase in employment of the nation's 322 largest counties, according to data released Tuesday by the U.S. Bureau of Labor Statistics." The impact of our successful economic development initiatives on our local economy and for the State of Michigan is clear.

Oakland County's Tax Base

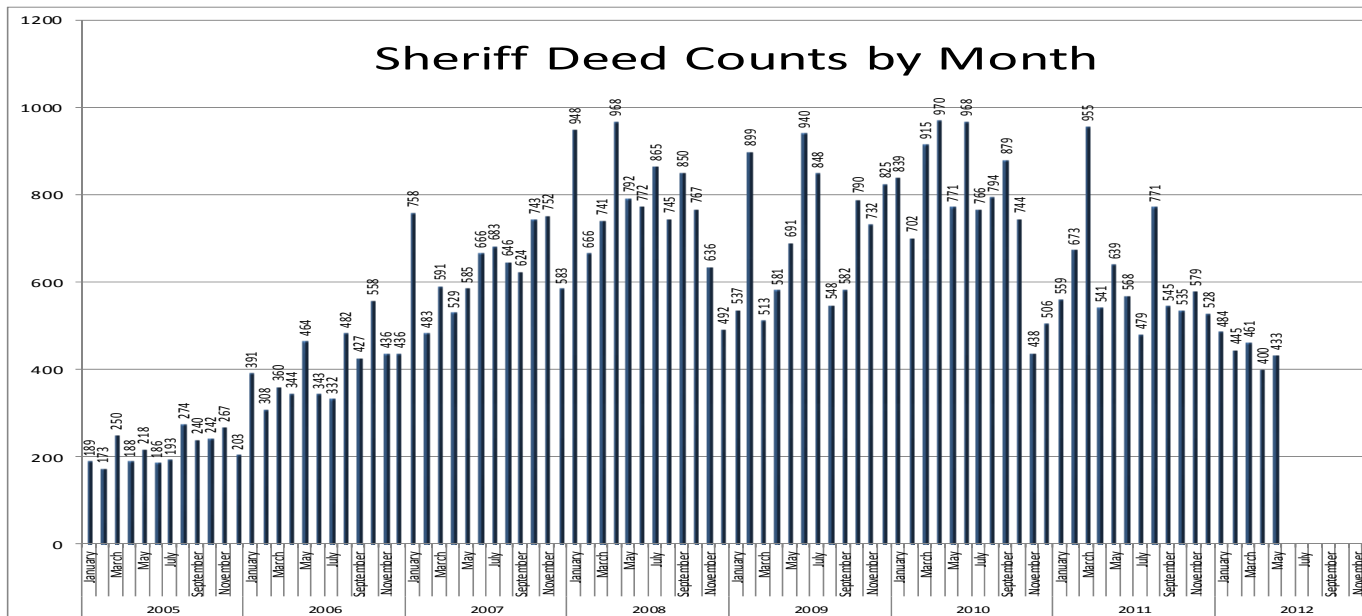

Oakland County has not escaped the adverse impact which the negative real estate market has had on our state and nation. The real estate downturn has proven to be a severe problem nationally, causing record-setting numbers of property foreclosures and declining property values. In comparison with the rest of the country, the real estate market began trending downward earlier in southeast Michigan because of the magnitude of job losses in the region.

Oakland County's centralized land record system, maintained on behalf of its cities, villages and townships, has allowed County managers to recognize the negative impact on Oakland County's tax base caused by declining property values well before almost any other governmental entity in Michigan. In 2006, we realized that the trend, if it continued, would create downward pressure on the real estate market, particularly in the residential segment. Recognizing that foreclosures are one of the leading indicators of changes in the housing market, the County began closely monitoring foreclosure rates on a monthly basis at that time. Such data is very important to monitor since declining real estate values negatively impact the County's budget, which is discussed in more detail subsequently within this budget message.

As can be seen in Chart 3 located within the appendix section of the budget message, the number of property foreclosures in Oakland County increased dramatically in the latter half of the past decade. More than 42,000 Sheriff deeds were issued for property foreclosures during the peak five-year period from 2007 through 2011.

A chain of events started with the increase in foreclosed properties in 2006. The foreclosures created a large inventory of homes for sale - an increase in supply. The situation became worse with the sudden decrease in the demand for real estate due to rising unemployment. It became difficult for employed potential homebuyers to obtain mortgage loans after the credit freeze following the panic caused by the 2008 financial market crash and, consequentially, tighter mortgage regulations. With the supply of homes on the market vastly exceeding demand, there was a dramatic drop in real estate values. As real estate values fell and as distressed property sales increasingly dominated the already-weak housing market, it became difficult for homebuyers to obtain a sufficiently valued home appraisal to satisfy the lender, putting further downward pressure on the market.

The following graph illustrates the declining trend in the number of Sheriff deed foreclosures thus far in 2012. If this trend continues, there could be an estimated 5,300 total foreclosures for 2012 or lower. Although close to the level of foreclosure activity experienced in 2006 before the foreclosures peaked in the subsequent 5-year period, it is still significantly higher than the typical amount of foreclosure activity historically experienced in Oakland County prior to the Great Recession.

Total assessed property values in Oakland County began a decline beginning in 2008 (see chart 4 in the appendix). In Michigan, assessed value approximates 50% of market value. It is important to note that values for governmental assessing purposes lag real estate sales by up to two years, meaning that the real estate market value decline began before being recognized in 2008 for assessment purposes. Based on the most recent values published in the 2012 Oakland County Equalization Report, total assessed value in the County has fallen by more than 34% since 2007. However, the rate of decline is now slowing with the decrease in the 2012 valuation being -3.08% countywide. There were a few communities within Oakland County that experienced a small increase but the majority of communities still had decreases. (Equalization Reports are available on the County's website at http://www.oakgov.com/equal/info_pub/equal_equal_rpt.html.)

Despite the impact of the weak economy, Oakland County's home ownership rate of 75.5% is higher than both the State's 74.6% and the U.S. average of 66.9%. Oakland County's property values remain the highest value of all 83 counties in Michigan, and represents 14.5% of the state's total value (even though Oakland County's population represents only approximately 10% of Michigan's total). The majority of Oakland County's taxable value is within the residential class of property, which is approximately 69.2% of the total property tax base. The average price in 2011 for a home in Oakland County was \$190,324.

The County reduced its millage rate from a high of 4.4805 mills (authorized in 1993) to 4.1900 and has maintained that low rate even during recent years of budget challenges and even though it is below the authorized rate allowed by law. The property tax "returned" to the County's taxpayers as a result of millage reductions is approximately \$61.8 million over the past 15 years as a result of the difference between the county's 4.1900 millage rate and the authorized rate allowed to be charged – the current authorized rate is 4.2240. (See chart 5 in the appendix for historical taxable values and millage rates). Maintenance of this low operating millage continues to demonstrate to residents and businesses that Oakland County is an attractive place to live or locate a business.

There are several leading indicators which offer some encouraging signs that perhaps we are beginning an impending recovery in the real estate market in Oakland County: a decline in the foreclosure activity as previously mentioned; improved employment data; building permit activity in some communities, which was almost nonexistent over the past several years; financial institutions now seem motivated to participate in short-sale negotiations; the average number of days on the market has decreased for listed homes; the clearing of the back-log of assessment challenges in the Michigan Tax Tribunal; and a decreasing inventory of foreclosed or distressed homes for sale.

THE FINANCIAL CONDITION OF OAKLAND COUNTY GOVERNMENT

Oakland County employs policies and practices designed to ensure its continuing ability to provide quality services despite economic or budgetary challenges. Oakland County government's strong financial position is primarily a reflection of its adherence to policies and practices that result in strong long-term financial planning, low debt obligations, and maintaining responsible fund balance amounts in conformance with GFOA Recommended Practices.

Under Michigan law, the maximum amount of debt that could have been issued by Oakland County in 2011 was \$5.25 billion or 10% of its State Equalized Value. However, operating under the fiscally conservative policies of the County Executive, County Treasurer, and Board of

Commissioners, as of the close of Fiscal Year 2011 Oakland County had incurred outstanding debt of \$798.6 million, only 15.2% of the permissible level. Of the total amount of debt issued, \$641.4 million was issued by the County as the primary governmental unit. In addition to the County's primary debt, the County pledged its full faith and credit as secondary obligor in the amount of \$157.2 million for Drainage District component unit debt.

With the exception of the annual issuance of limited taxing authority notes related to delinquent tax receivables, Oakland County's practice is to issue debt only for the purchase and/or construction of capital assets or to fund long-term liabilities such as the retirees' healthcare obligation. Any decision to issue debt, as opposed to using current resources or fund balance, is made only after it is determined to be fiscally advantageous to do so.

The majority of Oakland's pledged debt, approximately \$185.1 million, was issued to finance water, sewer, lake level, and drainage district projects. That debt will be repaid from special assessments levied by the local communities against the users of those systems. Another \$50 million of the total debt represents short-term tax notes issued to purchase delinquent tax receivables from governments within Oakland County. That debt is repaid from the interest and penalties associated with those delinquent taxes. Of approximately \$79.8 million debt outstanding through the Building Authority, \$3.4 million was issued on behalf of the City of Rochester Hills for the Sheriff Substation, \$19.2 million was issued on behalf of the City of Pontiac to refinance debt outstanding and complete the Phoenix Center, and \$5.5 million was issued to assist the Oakland County Community Mental Health Authority (OCCMHA) to purchase homes to support developmentally disabled individuals. The remainder of the debt issued through the Building Authority was for facilities utilized directly for daily County operations. The Building Authority debt for County-specific facilities will be repaid from either resources set aside in the County's Delinquent Tax Revolving Fund (see further discussion below) or from the Airport Fund for construction of the new LEED certified terminal.

In addition to the pledged debt, in 2007 Oakland County issued \$557 million in Trust Certificates of Participation (COPs) which is taxable no-pledge debt. Taking advantage of the County's low amount of debt and its AAA credit rating, in July 2007 the COPs were issued to fully fund the remaining amount of unfunded accrued liability for "other post-employment benefits" (OPEB) which is primarily retiree health care. As a result of this action, Oakland County is the first county in the nation to fully fund its long-term retiree health care obligation. Conservatively, it is estimated that net present value savings in the range of \$100 million to \$150 million will be realized over the 30-year amortization of the OPEB liability. The anticipated savings result from the projected investment income that will be earned over the long-term from the COPs proceeds which exceed the locked-in interest rate paid on the debt for the COPs. As of September 30, 2011, the remaining balance on this debt was \$483.7 million.

Much of Oakland County's financial success has resulted from its focus on long-term financial planning with an emphasis on thoughtful strategic management vs. crisis management. For the past two decades, the County has gone beyond the requirement of adopting an annual budget by operating under a two-year "rolling budget." Three years ago, the effort was expanded to a three-year line item budget. This practice requires continuous financial planning that looks at least three fiscal years into the future. That continuous, forward-looking focus enables the County to anticipate problems and to take appropriate action well in advance of major budgetary fluctuations.

The County also maintains a strong position control and position budgeting system, and follows the practice of budgeting for full employment. Should vacancies occur or positions become filled at a level lower than the maximum authorized, the resulting favorable budget variance falls to fund balance.

Maintenance of a favorable fund balance is an indicator of a healthy operating environment. Favorable variances falling to fund balance are created as part of an intentional financial management strategy (for example, budgeting for full employment) and are relied upon to ensure that adequate fund equities are maintained to pay employees and vendors throughout the year, particularly in the General Fund.

The General Fund is the principal fund used to record the operations of typical government functions. The fund's primary source of revenue is the property tax. For the fiscal year ended on September 30, 2011, the total fund balance in Oakland County's General Fund was \$201.2 million, of which all but \$1.5 million is restricted, non-spendable, or otherwise assigned for specific purposes. The total fund balance in the General Fund represents approximately 48.3% of the General Fund/General Purpose (GF/GP) Adopted Budget for Fiscal Year 2012. This level of fund balance exceeds the minimum amount of two months' operating reserves (approximately 17%) recommended as a best practice by the Government Finance Officers Association (GFOA). As planned, after reaching this peak point in fund balance, surplus savings which were generated over the past several years as a result of accelerated budget reductions will be used during the current and subsequent three fiscal years (from current FY 2012 through FY 2015). The long-term financial plan is to maintain a sustainable long-term General Fund equity target of \$85 million (target is 20% of GF/GP expenditures). This will be discussed subsequently within this budget message in further detail.

The Delinquent Tax Revolving Fund (DTRF) is another fund meriting discussion. The DTRF was established in 1974 to help stabilize annual revenues for local taxing units. It does this by paying our local communities 100% of their share of delinquent property taxes in anticipation of the collection of those taxes by the County Treasurer. The County funds the DTRF by borrowing money and issuing revolving fund notes. Payment of the notes is made from the proceeds of delinquent tax collections. Once the notes are paid in full, any surplus in the fund may be transferred to the County General Fund by action of the Board of Commissioners.

Upon recommendation of my Administration and with the support of the County Treasurer, in 2001 the Board of Commissioners adopted the DTRF Fiscal Responsibility Plan. The purpose of the Fiscal Responsibility Plan is to guide the prudent use of surplus fund balance in the DTRF without jeopardizing the fund's primary mission of providing a timely, stable revenue stream to the local taxing units. At the close of Fiscal Year 2011, the total DTRF fund balance reported was \$218.7 million.

The foremost rule of the Fiscal Responsibility Plan is that the DTRF must maintain a sufficient corpus in the fund to guarantee timely payment of outstanding notes and acquisition of delinquent property tax receivables from governmental units. Accordingly, \$130 million of the fund balance was restricted to provide the cash flow necessary for the purchase of delinquent tax receivables and note repayment.

Beyond protecting the fund's primary purpose, Oakland County's Fiscal Responsibility Plan includes a strict policy for accessing funds from the DTRF. Any appropriation from unrestricted DTRF funds, except penalties and investment interest, are limited to one-time or short-term expenditures. This avoids reliance on the DTRF for the general and recurring operating costs of the County. Instead, the DTRF provides a

funding mechanism for major capital projects, which are generally one-time expenditures. Use of DTRF funds requires an affirmative vote by two-thirds of the Board of Commissioners. As of September 30, 2011, approximately \$56.5 million of the DTRF fund balance has been restricted to fund debt service payments on bonds issued for Board-approved major capital projects. Projects secured by the DTRF debt service funding program include the Work Release Facility, the Video Conferencing System, the Jail Management System, the Rochester Hills District Court, and the purchase and renovation of the former Oakland Intermediate Schools building which is now the Executive Office Building.

In FY 2006 the equity position of the DTRF increased above the long-term target amount of \$200 million, in part because of a growth in penalties and interest over the prior several years from increased property tax delinquencies resulting from the problems in the real estate and employment markets. DTRF equity peaked at \$229.4 million by the end of fiscal year 2009. The retention of available surplus equity above the target amount without specific plans for its use would be inappropriate if, alternatively, severe cuts to essential programs would otherwise be required. Thus, for a limited period of time over the past several years, the County has judiciously used the DTRF operating surplus to fund certain General Fund and other County operating costs. As part of a planned multi-year approach which utilized DTRF equity above the \$200 million target amount, the authorized transfer from the DTRF to support the FY 2012 General Fund budget was \$23.15 million, which is the last year in the long-term plan for an elevated amount of operating transfer. The Recommended Budget includes a \$10.8 million operating transfer from the DTRF to the General Fund for each of the next three years, FY 2013 through FY 2015. With this planned use of DTRF equity to support General Fund operations over the next three years, equity for this fund is projected to be \$204.3 million at September 30, 2015, which is above the long-term target amount of \$200 million.

Oakland County's strong economic base, solid tax base, and responsible financial policies and practices have been acknowledged by the financial investment community. In recognition of Oakland County's financial strength and superior managerial performance, the County has continued to earn the highest bond rating achievable, AAA, from Standard & Poor's and Moody's Investors Service. This AAA bond rating allows the County to borrow at the lowest possible interest rate, saving County taxpayers millions of dollars in future borrowing costs. Local governments and authorities within Oakland County benefit from this bond rating for certain projects as well (such as water and sewer projects and Community Mental Health Authority program needs).

APPROACH TO BALANCING THE BUDGET

Much of Oakland County's financial success results from its focus on long-term financial planning – again, emphasizing thoughtful strategic management vs. crisis management. Budgeting on an annual basis and year-after-year of short-term or one-time fixes are not only fatiguing, but can become an impediment to restructuring for long-term sustainability. Restructuring should consider how to get the most out of the limited available resources. As a result of the budgetary challenges imposed by unfavorable economic conditions that were beyond our control, we accelerated our proactive financial planning efforts. Three years ago we enhanced our budgetary planning efforts and expanded our two-year budget to a three-year budget. The triennial budget proved to be an essential asset in our successful effort to sustain the County's fiscal strength during the most difficult time.

The development of the budget recommendation begins with a detailed analysis contained in a report entitled "Framework: Summary of Future Operating Issues and Related Resolution" (aka, the Framework). The analysis contains a thorough assessment of: 1) the closed accounting records as of September 30, 2011; 2) a discussion of economic issues that may impact future operating budgets; 3) projected operating needs for FY 2012 through FY 2015; and 4) details regarding how budget and fund equity targets will be met through FY 2015. The full Framework report can be obtained on the County's web site at <http://www.oakgov.com/exec/budget>.

Throughout most of the past decade, since the onset of the previous national recession in the early 2000's, Oakland County's elected officials, department heads and managers have been diligently adjusting the budget so that spending does not exceed the constrained revenues. We have been able to do this using various initiatives: technology enhancements; restructuring and downsizing; retirement incentives; hiring freezes; fringe benefit changes; privatization of some programs; as well as reducing or closing some programs. Because the County has been continually focused on budget reductions for the past decade, it has become an embedded part of the County's culture throughout all organization levels to continuously search for service and process enhancements. Beyond simply reducing the workforce, alternative service delivery options are explored which include partnering with the private sector or non-profit agencies, sharing services with other governmental units, and utilizing technology to improve the efficiency of operations. These efforts usually take time to plan and implement and can extend beyond a government's current fiscal year. A multiple-year budget can lead to meaningful restructuring and result in improved government services over the long-term. Long-term budgeting may not totally prevent the need for difficult budget cuts, but it can serve to minimize the severity of cuts and help protect essential core government services. In the design and execution of an effective long term budget, it is also essential to have the commitment and cooperation of all elected officials. Oakland County government enjoys that commitment and cooperation.

Oakland County's methodical budget process has mitigated the impacts of the fiscal turmoil caused by events outside its control (i.e., unemployment, property value declines, automobile industry restructuring, and budget turmoil at all levels of government – Federal, State, and local). To date, Oakland County has successfully balanced its budget while mindful of the following goals and practices:

- Avoid increasing taxes and fees which burden County residents and businesses.
- Retain stable and essential services while minimizing involuntary employee separations.
- Grant programs are restructured and/or reduced as needed consistent with reductions in special revenue grant funds, which prevents assuming new program obligations within the General Fund and potential "crowding out" of general resources.
- Retain the County's financial strength in stable fund equity and cash positions, provide adequate cash flows throughout the year, and maintain low outstanding debt.
- Restrict the use and reliance on equity and other 'one-time' budget "sources" in solving structural operating shortfalls.
- Rely heavily on strong accounting, budgeting and other business practices in achieving long-range planning efforts.

- All new major capital and technology projects undergo a rigorous return on investment process before they are launched. Projects are funded out of current operations to the extent feasible.
- Provide continuous communication with County-wide elected officials concerning the status of the operating budget with emphasis on obtaining commitment from the County-wide elected officials to solve their share of budget task and avoid unnecessary interference in their respective programs by the County Administration and Board of Commissioners.
- Building and maintaining strong relationships as well as unique personal respect between the County Executive and the other elected officials.

CURRENT BUDGET ISSUES AND RECOMMENDATIONS

Property Tax Revenue

Certainly, the real estate market collapse experienced around the country also severely impacted Oakland County. As with many governments across the country, our single largest revenue source, property tax revenue, experienced a significant decrease. In the five-year period from 2007-2012, property values in Oakland County fell by more than 34%. Taxable values also fell. (Note: in Michigan, taxable value is calculated differently than assessed value; for more information regarding how these values are determined, refer to the County's Equalization website at <http://www.oakgov.com/equal/assets/doc/PropAinfo/ProposalAGuide12-14-10.pdf>.)

Taxable value is the base upon which property taxes are calculated. Even with the recent decline in taxable value, property tax is the primary source of revenue for the County's GF/GP operations. Currently, property tax revenue represents 46.5% of the total amended FY 2012 GF/GP budget; in comparison, 60% of total GF/GP revenues in 2008 came from property taxes. The effect of the declining real estate market has been a total reduction of over 26% in the County-wide taxable value since 2007. Chart 4 illustrates historical and projected annual percentage changes for both assessed and taxable values.

Even while property tax revenues continue to decline, they are not declining at the same precipitous pace experienced over the past several years. County-wide real property values are projected to be near bottom and any future decline will be much smaller than experienced over the past five years. In developing this budget recommendation, county-wide real property taxable value is conservatively estimated to further decline slightly by 1.0% in 2013, remain flat in 2014, and then increase by 1% in 2015.

In an effort to entice businesses to locate in Michigan and to encourage existing businesses to expand, the Governor and State Legislature have developed a plan designed to eliminate commercial and industrial personal property tax (PPT). The PPT is paid by business owners and is an ad valorem tax on personal property such as equipment, tools, furnishings, etc. Legislation has already been passed in the House of

Representatives, and it is likely that the Senate will approve the proposed legislation in the latter part of 2012 before the legislative session ends. The plan is to retain the PPT on utility equipment but phase out commercial and industrial PPT by 2023.

If the legislation that has already been approved by the House passes through the Senate without any changes, the first phase of the PPT plan will take effect next year. Beginning in 2013, businesses owners would be exempted from paying the PPT if their personal property has a combined total taxable value of less than \$40,000. The impact from this initial exemption will result in reduced tax revenue for Oakland County in the amount of approximately \$1.3 million annually, which has been included in this budget recommendation beginning with FY 2013 and all subsequent years.

The second part of the PPT phase-out applies to new manufacturing equipment placed into service on or after January 1, 2012. That property will become exempt from the PPT beginning in 2016. The third part of the phase-out applies to any remaining commercial and industrial personal property that was not previously exempt during the first two parts of the phase-out – the PPT on the remaining property will be phased out over a seven year period beginning in 2016. The exception is that manufacturing equipment will be phased out over a six year period since new equipment placed into service from January 1, 2012, and forward will already be exempt - after equipment is 10 years old, it is no longer taxable - in 2016 the only manufacturing equipment that will still be taxable would have been purchased sometime during 2006-2011. Currently, commercial and industrial personal property represents 5.86% of total taxable value in Oakland County and generates approximately \$12 million of tax revenue.

Since elimination of the PPT results in a loss of revenue for local governments, a State reimbursement fund will be established beginning in 2016 to offset some of the revenue loss. It will be formula based, and the threshold to qualify for reimbursement will be based on 2% of the local unit's General Fund budget; the threshold will be lower at 1% for financially distressed communities. So, as a theoretical example, if the reimbursement were to be applied next year (rather than 2016 as reflected in the current House-passed bill), based on the County Executive's recommended FY 2013 General Fund budget amount of \$417.9 million, the 2% threshold amount would be almost \$8.4 million. Translated, that means that Oakland County would not be reimbursed for any portion of the first \$8.4 million of lost PPT revenue. The amount of reimbursement that our County would be eligible to receive for the remainder of PPT loss above that threshold amount is unknown at this time since the reimbursement formula is yet to be determined.

Long-Term Sustainability: Balancing Revenues and Expenditures While Maintaining a Healthy Fund Balance

Oakland County sees long-term fiscal stability as a process which is not simply based upon balancing annual appropriations with available revenues, but a process designed to maintain a healthy balance sheet.

Over the past several years, in developing the "rolling" Triennial Budget, elected officials were allocated an apportioned budget reduction task amount targeted for each of the subsequent three fiscal year periods. The task amounts were assigned to each elected official based on their portion of the GF/GP budget. An incentive was also provided: as elected officials reduced their budget by an amount which exceeded their task for any given year, the "surplus" savings were assigned in the General Fund's fund balance and earmarked for each elected official based upon their effort. They were promised that the amounts could be used as an offset against future budget tasks. The fund balance

“credits” are designed to be a one-time source of budget transition funds, permitting the County’s leaders with sufficient time to plan and implement permanent, structural budget reductions. Once these budget transition credits are exhausted, structural permanent reductions are expected to be implemented for long-term sustainability.

Efforts as described above enabled our General Fund balance to increase from \$43 million as of fiscal year-end 2000 to \$201.2 million by fiscal year-end 2011, which is remarkable considering that the past decade has been most challenging financially as discussed throughout this budget message. This growth in fund balance was deliberate and planned as part of Oakland County’s approach to sustainability and balancing the budget for the long term. The County Executive Administration’s benchmark for a “healthy balance sheet” in the long-term includes a General Fund balance that equals at least 20% of expenditures - thus, ideally, our long-term sustained fund balance target is \$85 million. The 20% figure is slightly above the best practice recommendation by the Government Finance Officers Association (GFOA) to maintain a minimum two months of revenues in fund balance (approximately 17%). It is prudent for Michigan counties to maintain a level of fund balance above the minimum amount recommended by GFOA due to fact that counties must collect property taxes in arrears (i.e. expenditures are paid months ahead of the related property tax collections), pursuant to Public Act 357 of 2004. By maintaining a healthy balance sheet, in addition to a balanced budget, the County’s elected officials can ensure the continuation of vital services to County residents.

Over the next several years, fund balance will be drawn down gradually as planned while programs are further restructured for ongoing permanent savings. (See Chart 6 in the appendix for fund balance projections through FY 2015.) The projected fund balance for fiscal year-end (FYE) 2015 is \$81.1 million which is very near our \$85 million long-term target. I have no doubt that as we continue with our "rolling" triennial budget planning process, there will be no problem meeting our long-term target. Thus, for the FY 2013 – FY 2015 Recommended Triennial Budget, no new budget tasks were allocated (other than what has already been committed in the current adopted budget for FY 2012 – FY 2014).

There are some minor budget adjustments that were requested by departments or elected officials and included in this budget recommendation. Such adjustments may include swapping an employee position scheduled for deletion with some other position or making other adjustments to stay within total budget task amounts if an earlier program initiative did not materialize. For example, when the FY 2012 – FY 2014 Triennial Budget was adopted last year, the Sheriff was negotiating with the State Department of Corrections to house short-term medium security State prisoners in an existing available County facility. This contractual arrangement would have resulted in an estimated net financial benefit for the County in the amount of \$1 million which was included in the budget recommendation last year and credited against the Sheriff’s budget task allocation. At that time, the Sheriff made the commitment that if for some reason a contract was not executed with the State, then he would propose alternative reductions in his budget. Ultimately, the State chose not to lease the beds, and the Sheriff honored his commitment by offering other budgetary adjustments. Every County elected official has cooperated and met all budget task amounts that have been allocated annually over the past several years.

This is the first time since FY 2006 that new additional budget tasks have not been required. However, based on Oakland County’s culture of continuous scrutiny for savings opportunities, it is expected that while no budget reductions are required, reductions will continue to occur naturally. Thus, we believe that the fund balance projections illustrated in Chart 6 are conservative and are likely to improve in the future

beyond current projections as has been already demonstrated when comparing past projections with actual results. For example, two years ago in 2010 when the FY 2011 – FY 2013 budget was adopted, we were concerned about the longer-term fund balance projection for FYE 2014 which was four years away – it was forecasted that the General Fund balance by FYE 2014 *could* fall to \$49 million at that time. That could have been the case if the County team had decided to take a "wait and see" approach and stopped budget restructuring efforts. That obviously did not happen. As a result of continued budget reduction efforts, last year the projected FYE 2014 fund balance estimate improved to \$79.9 million, and this year the projected fund balance estimate for FYE 2014 has further improved to \$125.3 million as noted in Chart 6 of the appendix. Projections are expected to further improve in the future particularly because there are many employees eligible to retire now and over the next several years, which will create further opportunities to reorganize and restructure operations through natural attrition, which is anticipated to accelerate based on retirement eligibility projections. The future improvements will be needed to balance a projected shortfall in FY 2016 of approximately \$50.5 million. In fact, many County departments now are focused not only on reorganization opportunities but also on succession planning efforts to smoothly transition leadership responsibilities to potential future successor employees.

Instead of a 5-year capital plan, this budget includes an expanded 10-year capital plan for Facilities and Information Technology needs. The capital plan will be funded through a combination of available fund balances within the specific internal service funds and the issuance of 10-year bonds. Normally, the County funds capital projects out of General Fund operations. With interest rates as low as they have been over the past few years, the County has funded the last few major capital projects through the issuance of bonds. The County plans to take further advantage of the continued low interest rates by issuing approximately \$19 million of bonds to be repaid over a 10-year period to fund the longer-term 10-year capital plan for building improvements, infrastructure, and technology projects. In addition to the low interest rates, construction costs are favorable due to economic conditions and are expected to increase if the economy rebounds more aggressively in the future. Thus, timing is optimal to issue bonds as a financing mechanism for capital projects. A significant portion of the annual debt service payments would be provided by equity available in the DTRF, which is above the minimum targeted DTRF fund balance amount of \$200 million as previously discussed. The recent analysis of the DTRF indicates that \$1.7 million is available for use in FY 2013 through FY 2015 (in addition to the \$9.1 million DTRF transfer for General Fund operations). The additional \$1.7 million from the DTRF would be earmarked to partially fund an estimated \$2.2 million of annual debt service payments for the CIP and technology capital needs.

Employee Compensation

Oakland County attributes much of its budgetary success to long-term financial planning. This includes proactive employee benefit reforms. Such benefit reforms were implemented incrementally over the past several decades (see chart 8 in the appendix). Earlier efforts are now yielding big dividends and more recent changes promise to yield significant additional savings in the future. Salary and fringe benefit costs comprise over 65% of General Fund expenditures.

Employee healthcare is one benefit that has received much attention over the past several years. As can be seen in Chart 9 of the appendix, employee healthcare costs had been steadily rising in the early part of the decade and then increased substantially in 2007. Since that time, there have been many changes that were implemented to control costs. Costs have remained flat over the last five years with the help of the following contributors:

- The OakFit employee wellness program was introduced in 2007.
- During 2008-2011, 300+ full-time positions eligible for benefits were deleted (with only about a dozen lay-offs).
- During 2009-2011, the administrative fee was waived by Blue Cross/Blue Shield as part of a settlement agreement.
- Employee healthcare contributions increased in 2008 and 2009.
- Prescription drug formulary changes were implemented in 2009.
- Competitive bids were issued coupled with aggressive negotiations with vendors in 2009, 2010, and 2011.

After several years of keeping expenditures flat for employee healthcare, it would be unrealistic to assume no increase in costs going forward for these expenditures. In fact, healthcare costs typically rise at a rate greater than general inflation. The County self-insures its employee healthcare plan. Last year during the budget process, the budget conservatively included an increase of approximately \$10 million for employee medical costs in FY 2012 based on illustrative rates recommended by the plan's third-party administrator. Actual experience over the past year, however, resulted in costs that are less than the recommended illustrative rates. Thus, the County adjusted the rates downward by 10% in January 2012. These reduced illustrative rates are continued in the recommended budget for FY 2013 and thereafter have been increased by 6% annually for FY 2014 and FY 2015. These cost assumptions do not include any potential financial impacts from the future implementation of the Federal Patient Protection and Affordable Care Act. As of the date this message was written, the Supreme Court has not issued a ruling regarding the Act's validity, so it is unknown if and how the Act will be applied going forward.

Most recently in June 2012, the County Executive Administration proposed to make minor modifications to the healthcare plan, which will increase the prescription drug co-pay from the current levels of \$5 (generic)/\$10 (brand)/\$25 (non-preferred brand) to \$5/\$20/\$40. In addition, an emergency room co-pay of \$100 would be implemented for non-emergency conditions. These changes are designed to encourage the use of generic prescription drugs and the use of physician office visits and/or urgent care centers for non-emergency related care. These changes would apply to all non-represented employees, retirees, and represented employees whose bargaining agreements provide for these changes effective January 1, 2013. The savings are estimated to be \$850,000 annually but have not been incorporated into this recommended budget; the savings will be recognized in future budget recommendations after verification through actual experience.

During the past 10 years, Oakland County's general salary increase has clearly been conservative and since 2008 it has lagged behind both market increases and the consumer price index (see Chart 10 in the appendix section). Despite this fact, we have experienced tremendous, lock-step support from employees, most labor organizations, and elected officials in holding the line on wages in an effort to avoid layoffs. However, prudent long-term planning requires that we contemplate a bigger picture, namely, the need to recruit and retain a quality workforce in the future. Public sector economic recovery will lag behind private sector. When the market begins to recover, our ability to react in an effort to compete for labor will be limited by our revenue. With the anticipated need to recruit (due to retirements) and retain (due to competition in the labor market), it is imperative that our "total compensation" package be competitively positioned. Based on our history of cuts in wages and benefits, our package will not "lead" the market but it must remain within striking range. As the traditional lure of public sector employment, namely employee benefits, begins to look more and more like private sector (e.g., defined contribution pension plans, no retiree health care, higher health care contributions, etc.), the benefit package distinction diminishes and competitive salary becomes a more critical component of total compensation. With this in mind, included in this budget recommendation is a one-time \$500 lump-sum payment

for full-time employees for FY 2013. This \$500 payment would not be recurring and would not be included in the base pay structure. The impact on the General Fund is approximately \$1.4 million for FY 2013 only. Since it is a one-time payment, there is no impact on FY 2014 and FY 2015 operating budgets. A separate resolution will be subsequently presented to the Board of Commissioners for approval and authorization of the one-time payment. There is no general salary increase being recommended for FY 2013, however, a general salary increase of 1% is recommended in both FY 2014 and FY 2015.

Since 1997, the County's defined benefit (DB) pension plan has been fully funded and, until recently, required no annual required contribution (ARC) payment. As can be seen in Chart 8 in the appendix, there have been many incremental reforms over time to the County's pension plan which included closing the DB plan to new hires in 1994 and replacing with a defined contribution (DC) plan and allowing existing employees to voluntarily convert from the DB plan to the DC plan. Currently, approximately 17.5% of active eligible employees are in the DB plan while the remaining eligible employees are in the DC plan. However, similar to the majority of pension systems, the County's projected DB pension liability now exceeds the actuarial valuation of the assets. This is primarily the result of intermittent investment losses over the past several years as a result of a volatile market, which began with the sudden and severe world-wide financial market collapse in October 2008. As a result, an ARC payment of \$5.4 million will be required in FY 2013 and is attributed solely to the liabilities for the Deputies and Command Staff employee groups, with no ARC payment required for the General Employees group. Approximately \$1.3 million of the ARC will be recovered through reimbursements for road patrol services provided by the Sheriff's Department to local units of government.

Most recently in May 2012, the Center for State & Local Government Excellence issued a brief titled "The Funding of State and Local Pensions: 2011-2015" which reports that ". . . *the funded status of state and local pensions has once again slipped.*" However, the report also includes a projection that the funding status will gradually improve by 2015 and ". . . *if financial markets do not collapse again, the public pension landscape will look better.*" At this time, given the uncertainty of the financial market, particularly the volatility in the Eurozone, it is difficult to project the amount of ARC payments that may be required beyond FY 2013. Thus, the budget includes an ARC payment of \$5.4 million for FY 2014 and FY 2015 as well. When the accounting records are closed after September 30, 2012, a revised projection of the ARC payment for FY 2014 and beyond will be calculated and a budget amendment will be recommended if required.

Many of the changes discussed above, which are incorporated within this budget recommendation, have already been deliberated and previously approved over the past several months through separate resolutions adopted by the Board of Commissioners.

FUTURE BUDGET OUTLOOK AND CONSIDERATIONS

Oakland County goes beyond the legal requirement of adopting an annual budget as evidenced by our three-year budget plan. Beyond developing the three-year budget plan, Oakland County looks for potential future budgetary issues by projecting future revenue and expenditure trends. The budget for Fiscal Years 2013, 2014, and 2015 has been balanced through the acceleration of cost reduction efforts proposed and implemented by the County's elected officials and by the short-term use of surplus made available as a result of accelerated efforts. Unfortunately, due to the permanently lowered threshold of property tax revenue resulting from the economic decline, reduced state revenue sharing, and limited ability to use available fund balance, structural budget shortfalls are projected for FY 2016 and FY 2017 as noted

in Table 1 within the appendix section. Given our existing revenue structure and current programs, it is clear that *if* preemptive action were not taken, Oakland County would have serious budget shortfalls in the long-term as illustrated in Chart 7 (contained within the appendix) which compares historical and projected GF/GP revenues to expenditures. This preemptive action will be quantified at that time and then remedial steps will commence starting directly after the close of the September 30, 2012, accounting records in October 2012.

The five-year forecast through FY 2017 does not include some expenditure savings that are expected to accrue going forward. For example, as already mentioned, there are many employees who are currently eligible to retire or will soon be eligible. The majority of those employees earn 10% service increment (longevity) pay in addition to their base pay. Based on the recent increasing trend in the number of retirements, it is estimated that longevity pay attrition as a result of pending retirements should result in a cumulative savings of \$900,000 over the next three years between FY 2013 – FY 2015. Those savings will not be recognized, however, until the retirements actually occur and, thus, are not included in the current budget recommendation nor reflected in the five-year forecast. Furthermore, reorganizations are already under consideration for some known pending retirements, which will also yield annual savings but are not yet included in the budget.

As evidenced through previous budgetary actions throughout most of this past decade, Oakland County has and will continue to operate within its limited resources. This will be accomplished by continuation of our successful financial planning practices which include long-term financial forecasting, monitoring of the economic conditions and their impact on the budget, identifying opportunities for increased efficiencies, and continuous efforts toward reducing expenditures.

Governmental Budgets in Michigan and Intergovernmental Cooperative Efforts

One significant change in the estimated revenue for FY 2015 and beyond is an assumed one-third reduction in State revenue sharing payments (\$8.2 million reduction). As historical background information on this issue, State revenue sharing payments to counties were eliminated with the passage of the State's FY 2005 budget. As a temporary replacement for these state payments, the legislature imposed a summer county tax across the state, which transitioned over a three-year period beginning in July 2005. The end result after the three years was a permanent date shift in the county tax collection period from winter to summer. The intentional result by the State was an additional year of property tax collections over the three years. In essence, four years of property taxes were levied within three fiscal periods. The accelerated one year's worth of additional property tax revenue was required by State law to be placed in a restricted Revenue Sharing Reserve Fund (RSRF). The RSRF dollars are used to replace the State suspended revenue sharing payments to counties – in Oakland County's case, over eleven (11) years into 2015. The RSRF will be depleted in FY 2015 as planned and intended by the State. At that time, it is expected that the State will honor its promise to once again provide revenue sharing payments to the County as it already has to the other counties that have depleted their RSRF dollars. However, because the State budget now includes a one-third reduction for revenue sharing payments, we are assuming that our funding will be reduced likewise when State revenue sharing is restored to Oakland County in FY 2015; the FY 2015 operating budget reflects this reduction.

In developing prior years' budgets, from FY 2004 through FY 2011, the State of Michigan struggled with severe budget shortfalls which created much uncertainty for its subordinate local governments, including Oakland County. There is much more certainty now with respect to State funding which began with the passage of the State's budget for FY 2012 and its many accompanying reforms that targeted tax revisions,

local funding formula revisions, and limitations for public employee compensation. The pending changes for personal property tax were discussed previously and its near-term impact of an estimated \$1.3 million reduction in property tax revenues for the County has been included with this budget recommendation. The limitations on public employee compensation, primarily for fringes, are tied to revenue sharing incentive payments, which Oakland County is not scheduled to receive until FY 2015. Regardless, we monitor our fringe benefit costs closely to ensure that we are in compliance with the State-imposed limitations, and we will continue to make incremental changes going forward as needed to ensure that the County remains in compliance when we become eligible to begin receiving revenue sharing in 2015.

Beginning in FY 2012, the State also established funding incentives to encourage collaboration and shared service agreements between independent governmental entities within Michigan. A portion of the allocated revenue sharing payment requires cooperation, collaboration and consolidation efforts between governmental jurisdictions. The goal is to attain cost savings through economies of scale and reducing duplication of efforts.

Oakland County has long been a leader in collaborative initiatives, not just among local units of government within our County's borders but also regionally beyond our borders. Automation Alley is a highly successful collaborative initiative highlighted previously in this document while discussing our economic development initiatives. A premiere example of collaboration is our Courts and Law Enforcement Management Information System (CLEMIS) program. CLEMIS provides data sharing and low-cost access to criminal information through cutting-edge computer technology. Over the past 36 years it has evolved from its roots as a service provider to Oakland County local police agencies to an award-winning program that is one of the largest law enforcement consortiums in the nation. The CLEMIS membership includes over 200 public safety agencies across five Southeastern Michigan counties: Oakland, Macomb, Washtenaw, Wayne and Genesee. CLEMIS products, which are developed and managed by Oakland County, include: computer aided dispatch, records management, digital mug shots and fingerprints, crime analysis mapping, mobile data computing in vehicles, and numerous other applications.

Many of our CVTs contract with Oakland County for services, such as road patrol, animal control services, real property assessing and personal property appraisal services, Information Technology services, water and sewer services, and collection of delinquent taxes, just to name a few. Most recently the City of Pontiac, which is operating under an Emergency Manager, entered into a contract with the County last year for the Sheriff's Department to provide police and dispatch services on behalf of the City. This contract provides approximately \$2.2 million in annual cost savings for Pontiac and was a major component of the city's deficit-elimination plan. Pontiac citizens have benefitted from an increased number of police officers (increasing from 51 to 74) and enhanced dispatch services. Oakland County also provides free support to its local communities such as community planning services, support of the Main Street program which includes 11 downtown areas, and free internet to local units of government in the County. The current Federal budget situation creates uncertainty for all levels of government, including Oakland County. The situation is widely characterized as a Federal "fiscal cliff" that will manifest on January 1, 2013 - the deadline when the Federal leaders must reach agreement on a long-term plan to resolve the national deficit. It is likely that there will be no agreement until after the November elections, when the discussion will focus on whether the deficit should be resolved through tax revisions or entitlement program or a combination of taxes and cuts. County programs which are funded by Federal grants could be affected. Oakland County adheres to a long-standing grant acceptance

policy which requires corresponding expenditure reductions when grant funding is reduced. As it becomes known which grants will be affected by Federal budget cuts, then the corresponding County programs funded by those Federal grants likewise will be directly affected.

CONCLUSION

We in Oakland County have much to be proud of. While tough decisions have been and will continue to be made, because we are planning ahead we are able to make those decisions in a manner that will ensure long-term financial sustainability for the services that we provide to our citizens. Our history of diligent financial planning and demonstrated ability to manage our budget over the difficult past decade demonstrates the talent and leadership of Oakland County's elected officials and the ability to work as a team - something that we can and should be proud of.

This budget recommendation embodies the principles that are important to Oakland County and have long been voiced by those of us who are elected to serve its citizens. This budget was balanced without a tax increase and ensures delivery of needed services to the Oakland County citizens for the next three years. And, it was accomplished through a partnership of all Oakland County elected officials who have embraced the prospect of reshaping our County government to become stronger and even more efficient in the long run. I also want to take this opportunity to thank the Oakland County employees for their dedication and hard work. I am confident that Oakland County will continue to rank as a premier County, both financially and programmatically. Wall Street shares this confidence, having affirmed the County's AAA bond rating for the past 15 years.

rate instead of the maximum millage rate allowed by law. However, despite our past ability to levy a rate well within the Maximum Allowable Tax Rate, the County is not immune to millage rollbacks in the future. The calculation of the rollback depends on several factors, including:

- Inflation as measured by the Consumer’s Price Index
- Increase in taxable value of existing property
- Additions and deletions to the County’s assessment roll

Real estate sales have been suppressed as a result of the recent economic downturn and historic number of property foreclosures. Thus, there has been very little uncapping of taxable value for the past few years on existing properties for ownership transfers, and no rollback has been required since 2005. However, when property sales eventually normalize, the Headlee Amendment will require the County, at some time in the future, to roll back the Maximum Allowable Tax Rate to an amount below the current millage rate levied by Oakland County. Then, the only growth in the property tax revenue base beyond the rate of inflation (limited to a maximum of 5%) would come from new construction, which is entered onto the tax rolls at its current market value.

Property Tax Limitations Since adoption of the Headlee Constitutional Tax Limitation Amendment in 1978, Oakland County has been in the position of being able to consistently levy a millage rate well within the Maximum Allowable Tax Rate. If property values increase above the inflationary rate, the impact from the Headlee Amendment usually results in a required “roll-back” in the maximum authorized rate. Without a vote of the people that rate can never be “rolled up.” Thus, if property values decline, the result is merely a temporary halt of the roll-back. Due to the cumulative impact of the Headlee Amendment, the differential between the County’s current levy of 4.19 mills and the maximum allowable rate is diminishing, as illustrated in Chart 5.

Translated into property tax dollars that otherwise could have been levied during the 15-year period displayed, Chart 5 shows that **Oakland County taxpayers were spared in tax collection more than \$61.8 million** because County government opted to levy a reduced

Chart 6 represents the estimated level of General fund balance based on the County Executive Recommended Budget for FY 2013 – FY 2015. These estimates reflect planned use of fund balance, assumed personnel turnover savings of \$7.5 million annually, and estimated savings in service increment (longevity) pay resulting from anticipated employee retirements over the next several years. As can be seen, the current General Fund balance projection based on the FY 2013 – FY 2015 Recommended Budget (top line in the chart) demonstrates an improvement in financial position in comparison to last year’s projection which was presented with the FY 2012 – FY 2014 Recommended Budget. As the County continues its ongoing efforts to reduce the budget for long-term sustainability, it will continue to have a positive impact on future General Fund balance projections.

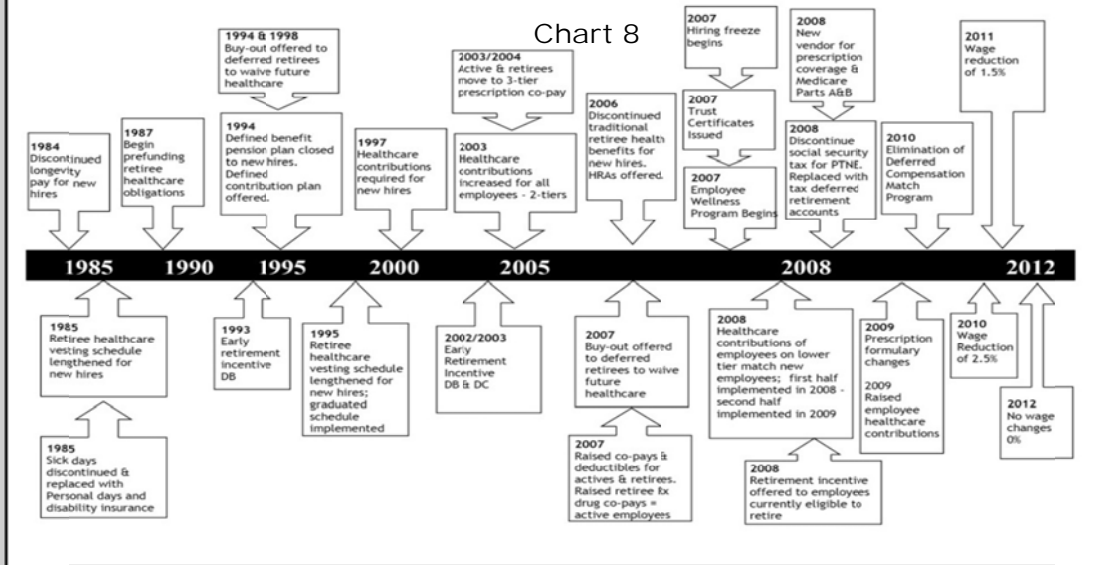

Chart 7, illustrates that there is diminished ability to rely on the General Fund balance beyond FY 2015. Hypothetically, if the County stopped its ongoing practice of continually seeking budget reductions and there were no future budget reductions beyond those already planned for in this Recommended Budget, then potentially there would be a substantial budget gap of \$50.5 million for FY 2016 and \$48.6 million for FY 2017. The FY 2013 – FY 2015 Recommended Triennial Budget is balanced for the next three years. As demonstrated by the County’s elected officials over the past decade, we must continue our efforts and remain vigilant as opportunities exist for budgetary reductions to ensure continued fiscal strength in FY 2016 and beyond.

Major Changes in Benefits & Compensation

Oakland County controls fringe benefit costs over the long term by making incremental changes that when sustained over time produce significant savings. As a result, the fringe benefit rate for new hires has been greatly reduced. The fringe benefit rate for an employee hired after January 2006 is 34% lower than an employee hired prior to this date.

Employee healthcare reforms which began back in 2007 include: implementation of the OakFit wellness program; adjustments to employee contribution amounts, co-pays, and deductibles; prescription formulary changes; and competitive vendor bids for plan administration. The result is an estimated annual savings of \$19 million in avoided costs.

GENERAL INFORMATION

**COUNTY OF OAKLAND
FISCAL YEAR 2013 BUDGET
GENERAL APPROPRIATIONS ACT**

MISCELLANEOUS RESOLUTION #12232

BY: Finance Committee, Tom Middleton, Chairperson

IN RE: FISCAL YEAR 2013 GENERAL APPROPRIATIONS ACT AND 2013 COUNTY GENERAL PROPERTY TAX RATES

To the Oakland County Board of Commissioners

Chairperson, Ladies and Gentlemen:

WHEREAS in accordance with the provisions of Public Act 139 of 1973, the Unified Form of County Government Act, and Public Act 621 of 1978 (as amended by P.A. 493 of 2000), the Uniform Budgeting and Accounting Act for Local Government, it is the responsibility of the Oakland County Board of Commissioners to establish and adopt the annual County Budget and work program; and

WHEREAS the Finance Committee received budget requests from all County Departments, and has reviewed in detail the County Executive's Fiscal Year 2013 Budget Recommendation; and

WHEREAS the Finance Committee, after due deliberation, has formulated a Recommended General Appropriations Act balancing total appropriations with available resources at \$776,237,427 for Fiscal Year 2013, a summary of which was included in the Notice of Public Hearing published in newspapers of general circulation; and

WHEREAS the further intent of this resolution is to maintain a budgetary system for the County of Oakland on the same basis of accounting (generally accepted accounting principles) as the actual financial information is maintained; to define the powers and duties of the County's officers in relation to that system; to designate the Chief Administrative Officer and Fiscal Officer; and to provide that the Board of Commissioners and committees thereof, as well as the Fiscal Officer, shall be furnished with information by the departments, boards, commissions and offices relating to their financial needs, revenues and expenditures/expenses, and general affairs; to prescribe a disbursement procedure, to provide for an allotment system; and to provide remedies for refusal or neglect to comply with the requirements of this resolution; and

WHEREAS the Circuit Court Mediation Fund (Miscellaneous Resolution #90177) is used to cover the total cost of Attorney Mediators, with the balance to be used for enhancement of Court operations as requested by the Court and approved by the Board of Commissioners; and

WHEREAS the Board of Commissioners supports the concept of cultural diversity training for Oakland County employees and requires all supervisory, division manager and director level employees to attend cultural diversity training.

NOW THEREFORE BE IT RESOLVED the Oakland County Board of Commissioners does hereby adopt and amend the Fiscal Year 2013 General

Appropriations Act recommended by the Finance Committee as advertised and placed in the Clerk's Office for public inspection.

BE IT FURTHER RESOLVED that \$77,000 of Cigarette Tax Revenue distributed by the State to Oakland County under the authority of the Health and Safety Fund Act, P.A. 264 of 1987, be divided between the Health Division (12/17 or \$54,000) and the Sheriff's Department (5/17 or \$23,000).

BE IT FURTHER RESOLVED that funds from the Civil Mediation Account (10100-240201) be utilized to cover the total costs incurred in Fiscal Year 2013 for the Civil Mediation Program.

BE IT FURTHER RESOLVED that the following policy be established regarding administration of the Delinquent Tax Revolving Fund:

- 1) The Delinquent Tax Revolving Fund (DTRF) was established in accordance with the provisions of Public Act 206 of 1893 (as amended) for the purpose of paying local taxing units within the County their respective shares of delinquent ad valorem real property taxes, in anticipation of the collection of those taxes by the County Treasurer. This policy statement, which encompasses the precept of self-funding, ensures that utilization of unrestricted DTRF funds does not impair the functional intent or operational success of the DTRF as originally established.
- 2) To that end, at no time shall funds be diverted from the DTRF that would cause the unrestricted balance to fall below a level that would assure a prompt payment of all current and future outstanding General Obligation Limited Tax Notes, as well as assure the continued operation of the DTRF as specified in the preceding paragraph.
- 3) Penalties and investment interest generated by the DTRF may be transferred, in whole or in part, to the General Fund of the County upon majority vote of the Board of Commissioners so long as such transfer(s) meets the provisions of paragraph #2 above.
- 4) Any and all appropriations from unrestricted DTRF funds, excepting penalties and investment interest, shall be limited to one-time expenditures, as opposed to recurring operations.
- 5) Unless otherwise specified, appropriations from the DTRF shall be considered long- or short-term advances (with specific time frames detailed in the authorizing resolution), to be repaid with interest as specified below.
- 6) Any appropriations from unrestricted DTRF funds, excepting penalties and investment interest, not considered advances to be repaid within a time certain shall require a two-thirds majority vote of the Board of Commissioners.
- 7) All appropriations from unrestricted DTRF funds considered to be advances to be repaid within a time certain shall require a majority vote of the Board of Commissioners.
- 8) Terms and conditions of any and all advances from the DTRF shall be specified in the authorizing resolution, including interest obligations detailed as follows:

- a. Interest on each payment will be based on the average monthly rate paid during the term of the agreement by the agent of the DTRF for that year's outstanding borrowing, or
- b. In the event no borrowing occurs for the DTRF, principal and interest payments will be made in accordance with the previously established "Loan of County Funds Policy" (Miscellaneous Resolution #89276) which requires Board approval of repayment terms at an interest rate no less than the prevailing six-month Treasury Bill rate and that such rates shall be computed and compounded quarterly.

BE IT FURTHER RESOLVED that \$10,800,000 in DTRF interest earnings will be transferred to the General Fund to support General Fund/General Purpose activities.

BE IT FURTHER RESOLVED that an indirect cost charges will be billed by the General Fund to the DTRF, in accordance with Oakland County's approved Central Services Indirect Cost Allocation Plan.

BE IT FURTHER RESOLVED that the Oakland County Board of Commissioners, in accordance with the requirements of Public Act 214 of 1899, as amended, authorizes that .0004 mills Current Property Tax Levy be designated for the purpose of funding Veterans' Services Soldier Relief.

11. The County Board of Commissioners may revise, alter, or substitute for the proposed general appropriations measure in any way, except that it may not change it in a way that would cause total appropriations, including an accrued deficit, to exceed total estimated revenues, including an unappropriated surplus. An accrued deficit shall be the first item to be resolved in the general appropriations measure.
12. The County Board of Commissioners shall fix the time and place of a public hearing to be held on the budget and proposed appropriations measure. The Clerk/Register shall then have published, in a newspaper of general circulation within the County of Oakland, notice of the hearing and an indication of the place at which the budget and proposed appropriations measure may be inspected by the public. 14. The Board of Commissioners may authorize transfers between appropriation items by the County Executive or Fiscal Officer within limits stated in the appropriations measure. In no case, however, may such limits exceed those provided for in paragraph #22 and #23 of this resolution.
15. A deviation from the original general appropriations measure shall not be made without first amending the general appropriations measure through action by the Board of Commissioners, except within those limits provided for in paragraph #16 of this resolution.
16. Appropriations accumulated at the following three summary levels of expenditure within each County Department will be deemed maximum authorization to incur expenditures: Personnel Expenditures, Operating Expenditures, and Internal Support Expenditures. The County Executive or the Fiscal Officer shall exercise supervision and control of all budgeted expenditures within these limits, holding expenditures below individual line-item appropriations or allowing overruns in individual line-items providing that at no time shall the net expenditures exceed the total appropriation for Personnel and Operating Expenses, respectively, for each department as originally authorized or amended by the Board of Commissioners. Further, Personnel Expenses are authorized only for positions specifically authorized pursuant to this Act as adopted and amended by Board of Commissioner resolution, and appropriated overtime, holiday overtime, on-call pay, shift premium summer help, emergency salaries, and any adjustments required by collective bargaining agreements. The Fiscal Officer shall submit to the Finance Committee a quarterly listing of new governmental funded appropriations and internal service fund line items created administratively which were not properly classifiable. Line-item detail, division, unit or cost center detail and allotments, which provide a monthly calendarization of annual appropriations, as deemed necessary by the Fiscal Officer shall be maintained and utilized as an administrative tool for management information and cost control. The Fiscal Officer shall not approve any expenditure beyond that necessary to accomplish stated program or work objectives authorized in the general appropriation measure as originally approved unless

amended, in which case the amendment takes precedence.

17. In order to amend the General Appropriations Act the amendment must specifically identify the fund, department, division, unit, program and account affected by the amendment. Additionally, if the amendment increases an appropriation, the source of funding for that additional appropriation, whether an increase in revenue or an offsetting decrease in expenditure, must be presented as part of the amendment.
18. The Fiscal Officer shall maintain, for all budgeted funds, appropriation ledger accounts in which are to be recorded such expenditure encumbrances and obligations for the future payment of appropriated funds as the Fiscal Officer may approve.
19. Each purchase order, voucher or contract of Oakland County shall specify the funds and appropriation designated by number assigned in the accounting system classification from which it is payable and shall be paid from no other fund or appropriation. The necessary amount of the appropriation from such account shall be transferred pursuant to the provisions of this resolution to the appropriate general appropriation account and the expenditure then charged thereto.
20. No obligation shall be incurred against, and no payment shall be made from, any appropriation account unless there is a sufficient unencumbered balance in the appropriation and sufficient funds are or will be available to meet the obligation. All capital projects funded from the Capital Improvement Fund shall require approval of the Board of Commissioners on recommendation of the appropriate liaison committee (Planning and Building Committee) prior to initiation of the project. Any obligation incurred or payment authorized in violation of this resolution shall be void and any payment so made illegal except those otherwise ordered by court judgment or decree.
21. The Fiscal Officer, after the end of each quarter, shall transmit to the Board of Commissioners a report depicting the financial condition of budgeted operations, including, but not limited to:
 - (a) A forecast of actual revenues by major source compared with budgeted revenues accompanied by an explanation of any significant variances,
 - (b) A forecast of actual expenditures and encumbrances by department compared with authorized appropriations accompanied by an explanation of any significant variances, and
 - (c) A forecast of actual expenditures, encumbrances and transfers from each of the several non-departmental appropriations accounts compared with authorized appropriations accompanied by an explanation of any significant variances.
22. Direct expenditure and/or transfers of any unencumbered balance or any portion thereof in any appropriation for transfer account to any other appropriations account may not be made without amendment of the general appropriation measure as provided for in this resolution, except that

transfers within and between budgeted funds and departments may be made by the Fiscal Officer in the following instances:

- (a) Transfers may be made from the non-departmental overtime account and fringe benefit adjustment account to the appropriate departmental budget as specific overtime requests are reviewed and approved by the Fiscal Services Division. Additionally, overtime appropriations may be transferred between divisions within a department at the request of the Department Head, if authorized by the Fiscal Officer or his/her designee.
- (b) Transfers may be made from the non-departmental appropriation accounts for Maintenance Department Charges and Miscellaneous Capital Outlay to the appropriate departmental budget as specific requests for these items are reviewed and approved by the Fiscal Officer or his/her designee.
- (c) Transfers may be made from the non-departmental appropriation accounts Emergency Salaries and Summer Help as specific requests for these items are reviewed and approved by the Human Resources Department.
- (d) Transfers may be made from salary and fringe benefit savings, resulting from use of Merit System Administrative Leave without Pay provisions, from departmental budgets to a non-departmental Administrative Leave account. Quarterly reports identifying such transfers and detailing the status of the non-departmental Administrative Leave account shall be provided to the appropriate Board committees.
- (e) Fringe benefit rates shall be established annually in the budget process to charge all General Fund/General Purpose, Special Revenue and Proprietary funds for actual employer fringe benefit costs. Such rates shall be sufficient to meet all fringe benefit costs including sick leave and annual leave accumulations, tuition reimbursement, employee training, retirees' medical, required debt service on the Intermediate Retiree Medical Benefit Trust established pursuant to M.R. 07147, and retirement administration. All funds collected for Retirement, Tuition Reimbursement, Social Security (FICA), Medical for active and retired employees, Disability, Dental, Optical, and Life and Accident Insurance shall be transferred to the Employee Fringe Benefit Fund as established by Miscellaneous Resolution #81-312. Sufficient funds shall be maintained in the Employee Fringe Benefit Fund liability account for sick leave and annual leave to cover the accumulated liability at an amount equal to 50% of the sick leave accumulation and 100% of the annual leave accumulation, including applicable Social Security (FICA) taxes thereon. All funds collected by Workers' Compensation and Unemployment Compensation shall be transferred to the Fringe Benefit Fund as established by Miscellaneous Resolution #81-012 and modified by Miscellaneous Resolution #96-024.

- (f) The transfer of funds to the Capital Improvement Fund and Building Fund shall not be made prior to September 30, without approval from the Finance Committee of the Board of Commissioners.
- (g) Transfers (advances) may be made as necessary from the Drain Revolving Fund to Drain Construction Funds and Drain Maintenance Funds as short term advances for costs incurred such as preliminary engineering fees and ongoing maintenance costs. Costs incurred by Drain Maintenance Funds and Drain Construction Funds will be repaid by the Drain Fund through assessments. Specific requests will be reviewed and approved by the Fiscal Officer or his/her designee.
- (h) A transfer of any or all of the appropriation allocated under the Non-Departmental account for Legislative Expense (#10100-9090101-196030-731080) shall not be made to any departmental budget without adoption of an Oakland County Board of Commissioners resolution.

23. The Board of Commissioners may make supplemental appropriations by amending this general appropriations measure as provided by this resolution, provided that revenues in excess of those anticipated in the original general appropriations measure become available due to:
- (a) An unobligated surplus from prior years becoming available;
 - (b) Current year revenue exceeding original estimate in amounts sufficient enough to finance increased appropriations. The Board of Commissioners may make a supplemental appropriation by increasing the dollar amount of an appropriation item in the original general appropriations measure or by adding additional items. At the same time the estimated amount from the source of revenue to which the increase in revenue may be attributed shall be increased, or other source and amount added in a sum sufficient to equal the supplemental expenditure amount. In no case may such appropriations cause total estimated expenditures, including an accrued deficit, to exceed total estimated revenues, including an unappropriated surplus.
24. Whenever it appears to the County Executive or the Board of Commissioners that actual and probable revenues in any fund will be less than the estimated revenues upon which appropriations from such fund were based, the County Executive shall present to the Board of Commissioners recommendations which, if adopted, will prevent expenditures from exceeding available revenues for the current fiscal year. Such recommendations shall include proposals for reducing appropriations, increasing revenues, or both. After receiving the recommendations of the County Executive for bringing appropriations into balance with estimated revenues, the Board of Commissioners shall amend the general appropriations measure to reduce appropriations or shall approve such measures necessary to provide revenues sufficient to equal appropriations, or both.
25. All appropriations are annual and the unexpended portion shall lapse at year-end. Encumbrances and appropriations carried forward shall be recorded

as an assigned fund balance, and the subsequent year's budget amended to provide authority to complete these transactions. Appropriations shall not be carried forward for more than six (6) months into the budget year following the year in which they were originally appropriated. A status report on Appropriations Carried Forward, as required by Miscellaneous Resolution #93-156, will be incorporated as an integral part of the ensuing year's Second Quarter Financial Forecast for the purposes of determining their continuation for the remainder of the year. The recommended year-end budget amendment shall be supported with a statement of revenues and expenditures and operating surplus or deficit which shall contain the following data: (1) budget as adopted; (2) budget amendments; (3) budget as adjusted; (4) revenues and expenditures, operating surplus or deficit; (5) accrued revenue and expenditures; (6) transfers; (7) total revenues and expenditures and transfers, operating surplus or deficit, including accruals and transfers; (8) encumbrances; (9) appropriations carried forward; (10) total revenues and appropriations utilized, operating surplus or deficit, including encumbrances and appropriations carried forward; (11) balance of revenues not collected, unencumbered appropriation balance, operating surplus or deficit; (12) detail of adjustments to designated and undesignated fund balance, detail of adjustment to reserves and/or any other utilization of surplus; (13) final surplus or deficit or undesignated fund balance carried forward to the subsequent year's budget.

26. A member of the Board of Commissioners, the County Executive, any elected officer, the Fiscal Officer, any other administrative officer or employee of Oakland County shall not: (1) create a debt, incur a financial obligation on behalf of the County against an appropriation account in excess of the amount authorized, (2) apply or divert money of the County for purposes inconsistent with those specified in this general appropriations measure as approved and amended by the Board of Commissioners, nor (3) forgive a debt or write off an account receivable without appropriate authorization of the Board of Commissioners, as described in Miscellaneous Resolution #93-135 (Bad Debt Write-Off Policy) and Miscellaneous Resolution #12-048 (Short Sale Policy). Specifically, application of the foregoing Bad Debt Write-Off Policy shall be invoked for all amounts in excess of \$1,000; transactions of a lesser amount shall be considered within the administrative authority of the Fiscal Officer or his/her designee. Application of the foregoing Short Sale policy may be invoked to allow the County to consider less than the balance owed on an Oakland County home improvement loan in a proposed sale of property, unless prohibited by Federal Regulations, as determined by the Manager of the Oakland County Community and Home Improvement Division or his/her designee. Furthermore, the Fiscal Services Division must submit to the Board of Commissioners, as part of the quarterly financial report, a listing of all bad debt write offs (including short sales) occurring during the preceding three months. In addition, transactions relating to Inmate Prisoner Billings which are billed in excess of ability to pay, as determined by the Fiscal Services Division, are hereby authorized to be adjusted in accordance with Public Act 212 of 1994 with the resultant amount of the write-off subsequently reported to the Board of Commissioners as part of the Quarterly Financial Report. Also, within the administrative authority of the Fiscal Officer and with the general approval of the Court, Circuit Court and

Probate Court financial orders for \$2,500 or less may be reduced and amended by the Fiscal Services Division based on an individual's ability to pay. Waiver of fees in excess of \$2,500 shall require the approval of the Court. Except as otherwise stated in the General Appropriations Act, funds shall not be expended without specific appropriation or other appropriate action by the Board of Commissioners from reserved, designated or undesignated fund equity; from balance sheet accounts for the purchase of fixed assets not cited in paragraph 26 of the General Appropriations Act, non-routine prepaid items or non-routine obligations related to a specific appropriation; or from funds not budgeted.

27. All Internal Service Fund budgets that have depreciable assets shall have a capital budget with detail supporting the amount of annual depreciation therein included, as well as a fiscal plan for replacing, upgrading or disposing of those assets.
28. The budgetary system shall be maintained on the same basis of accounting (generally accepted accounting principles) as the actual financial information is maintained.
29. Any violation of the general appropriations measure by the County Executive, the Fiscal Officer, any administrative officer, employee or member of the Board of Commissioners detected through application of generally accepted accounting procedures utilized by Oakland County or disclosed in an audit of the financial records and accounts of the County shall be filed with the State Treasurer and reported by the State Treasurer to the Attorney General. Pursuant to Public Act 621 of 1978, the Uniform Budgeting Act, the Attorney General shall review the report and initiate appropriate action against the person or persons in violation. For use and benefit of the County of Oakland, the Attorney General or Prosecuting Attorney may institute a civil and/or criminal action in a court of competent jurisdiction for the recovery of County funds disclosed by an examination to have been illegally expended or collected as a result of malfeasance, and for the recovery of public property disclosed to have been converted or misappropriated.
30. The provisions of this act shall be applied to the General Fund and all Special Revenue and Proprietary Funds of the County, including Enterprise Funds and Internal Service Funds.

BE IT FURTHER RESOLVED that as a condition of appropriation to a Community Mental Health Authority, the Community Mental Health Authority shall submit to an annual performance audit by an entity to be selected by the Board of Commissioners with the parameters of said annual performance audit to be determined by the County's Audit Committee.

FINANCE COMMITTEE

Tom Middleton, Chairperson

FY 2013 - FY 2015 BUDGET FINANCIAL / BUDGETARY INFORMATION

I. FORM OF GOVERNMENT

Oakland County is organized under the authority of Michigan Public Act 139 of 1973 (as amended by Public Act 493 of 2000) the optional Unified Form of County Government Act. Policy formulation is a function of the twenty-five member Board of Commissioners, a partisan elected-body representing equally populated districts and serving a two-year term. Administrative responsibilities are a function of the County Executive, an elected official serving a four-year term. The Executive has veto authority over Board action, which requires a two-thirds majority vote to override.

II. ORGANIZATION AND FINANCIAL STRUCTURE

The County Budget is prepared in such a way as to maintain accountability both by programmatic cost center and by source of funds. Organizationally, the budget parallels the service delivery structure of Oakland County government including the following programs and departments:

Administration of Justice

Circuit Court
District Court
Probate Court

Law Enforcement

Sheriff
Prosecutor

General Government

Clerk/Register
Treasurer
Water Resources Commissioner
Board of Commissioners
Parks and Recreation

County Executive

Administration
Management & Budget
Central Services
Facilities Management
Human Resources
Health and Human Services
Public Services
Information Technology
Economic Development and Community Affairs

Non-Dept. Appropriations

The County's financial resources are budgeted by two major categories: General Fund/General Purpose and Special Revenue & Proprietary Funds. The former includes:

- General Fund
- Child Care Fund
- Social Welfare Foster Care Fund

Special Revenue & Proprietary Funds include all Grant Funds, Internal Service Funds, and Enterprise Funds.

Revenues are further categorized by Taxes, Federal Grants, State Grants, Other Intergovernmental Revenues, Charges for Services, Investment Income, Contributions, Indirect Cost, Other Revenues and Transfers In.

Expenditures are controlled at the Department level by three appropriation categories:

- Personnel Expenditures
- Operating Expenditures
- Internal Support Expenditures (Internal Service Funds)

III. BASIS OF ACCOUNTING

The accounting records of the County are maintained according to Generally Accepted Accounting Procedures (GAAP) as pronounced by the Government Accounting Standards Board (GASB) and its predecessors. Specifically, the County uses a modified accrual basis of accounting for the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds. A full accrual basis of accounting is used for Enterprise Funds, Internal Service Funds, Agency Funds, and Pension Trust Funds.

In general, under the modified accrual accounting, revenues are recognized when they are available to pay obligations of the fiscal period, and expenditures are recognized when they are due and able to be paid from available resources. The budget is prepared in conjunction with the modified accrual accounting policies practiced by Oakland County.

IV. FUND DESCRIPTIONS

Following Generally Accepted Accounting Principles (GAAP), Oakland County budgets and accounts for financial activities by fund. A fund is a self-balancing set of accounts, recording cash and other financial resources together with all related liabilities and balances, which are segregated for the purpose of carrying out specific activities. All County financial activity is recorded in one of nine fund types: General Fund/General Purpose, Special Revenue, Debt Service, Capital Project, Enterprise, Internal Service, Investment Trust, Pension Trust and Agency.

County financial activity is recorded in one of these fund types, but not all fund types are included in the budget, e.g., authorized for expenditure. However, those funds which are included in the Oakland County Budget fall into two main categories. The first category is General Fund/General Purpose, which includes the General Fund as well as two (2) Special Revenue Funds: Child Care Fund and Social Welfare/Foster Care Fund. These two (2) particular Special Revenue Funds are titled "General Purpose" because it is the County's intention to make up any revenue shortfall with General Fund monies. The second category includes all the other Special Revenue Funds as well as the Proprietary Funds. The fund types whereby County financial activity is recorded, but not budgeted are Capital Projects Fund, Debt Service Fund, and Fiduciary Funds.

GENERAL FUND/GENERAL PURPOSE FUNDS

The General Fund/General Purpose operations are those supported by the County property tax levy and fees generated by activities supported by the property tax levy. Included in this category is the General Fund, which covers all activity not specifically assigned to any other fund, and those Special Revenue Funds where the General Fund has pledged to cover all expenditures not covered by individual fund revenue. The Board of Commissioners exercises their greatest level of discretion over the level of appropriation and activity within these funds.

General Fund is used to account for all County financial activity that is not specifically assigned to any other fund. It is the primary vehicle by which the property tax levy is used to provide services. Unless otherwise noted, the General Fund is the sole resource for all governmental funded activity.

Child Care Fund is used to account for activity related to the placement of children in foster care homes and for the detention of children at Children's Village as ordered by Circuit/Family Court. The existence of this separate fund is required by the Michigan Social Welfare Act and assists in obtaining Child Care reimbursement from the Michigan Department of Human Services. The organizations supported by this fund include portions of the Health and Human Services Administration Division, Children's Village, and the Circuit Court's Family Division.

Social Welfare Foster Care Fund is used to reimburse agencies and individuals for board and care expenditures of foster care children awaiting adoption, under the supervision of the State Department of Human Services. Partial reimbursement of these expenditures is received from the State of Michigan. A portion of the Health and Human Services Administration Division is supported by this fund.

SPECIAL REVENUE AND PROPRIETARY FUNDS

Special Revenue and Proprietary Funds form a composite category which includes all fund types not primarily supported by the County property tax levy. Included in this designation are Special Revenue Funds, including Grants, as well as Proprietary Funds defined as Internal Service or Enterprise.

SPECIAL REVENUE FUNDS

Special Revenue funds are used to account for proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes such as special assessment revenues, non-capital grants, and other earmarked revenues not included within other fund categories.

Special Revenue - Grants

The County has several separate grants budgeted in FY 2013 - FY 2015. Obviously, such a large number precludes listing and describing all the applicable funds. Below please find the list of grants and the number of each in a category:

The Multi-Organizational Grants Fund - accounts for costs in the following grants:

- Community Corrections, which uses State funds to increase utilization of community-based sanctions and services for nonviolent offenders.
- Law Enforcement Block Grant, which provides funds for projects to reduce crimes and improve public safety.
- Justice Assistance Grant (JAG) provides state and local governments funding to support a broad range of activities to prevent and control crime, and to improve the criminal justice system.

The Workforce Development Grants Fund - accounts for costs to provide employment services to individuals who are unemployed, physically or economically disadvantaged, or transitioning from school to employment. Costs include training, education, and transportation, funded through state and federal grants.

The Law Enforcement Grants Fund - consists of grants used to record costs of various law enforcement programs utilizing federal, state, and local funds.

Also included are CDBG-R and the Neighborhood Stabilization Program.

The Human Service Grants Fund - accounts for the cost of various health-related/grant-funded programs.

The Other Grants Fund - consist of grants whereby the function does not relate specifically to one of the other areas. They include:

- Grant for Clerk/Register of Deeds' Survey/Re monumentation consisting of state funds to locate, verify, replace, or reposition government sector corners and quarter corners within the County, per Public Act 345 of 1990.

Upon completion of the projects, these systems are turned over to the respective municipalities for operations and maintenance. This fund is not included in the County’s budget.

The Lake Levels Act 146 Fund - is used to account for funds from special assessments to finance the cost of maintaining County lake levels (currently 30) created under Public Act 146 of 1961. This fund is not included in the County’s budget.

The Lake Improvements Act 345 Fund - is used to account for special assessment revenues collected to oversee the improvement (i.e., weed control) of various lakes in Oakland County. Efforts are in progress whereby the lake improvement board will name the treasurer of the local municipality (as opposed to the former arrangement with the Oakland County Treasurer) as treasurer of the respective improvement board. This will remove accounting and reporting responsibility from Oakland County (3 remaining as of 9/30/2010). This fund is not included in the County’s budget.

The Pollution Control Grants Fund - is used to account for awards of various pollution control program grants received from federal, state, and local sources. This fund is not included in the County’s budget.

PROPRIETARY FUNDS

Proprietary Funds operate as private businesses whose purpose is to provide services either to customers within the County government (Internal Services) or to customers outside the County government (Enterprise). Revenue to operate the fund is generated by charges for the services provided.

Proprietary – Internal Service Funds

Internal Service funds account for the financing of goods or services provided by one County department to other departments or agencies on a cost-reimbursed basis.

Monies are accumulated in this fund as a result of payroll allocations made on a departmental and/or bargaining unit basis. This fund also accumulates and disburses monies related to workers' compensation and unemployment compensation claims, and performs as the debt service fund for the County's Interim Retiree Medical Benefits Trust effective with Fiscal Year 2008.

V. BUDGET POLICY AND PROCEDURES

Budgeting policies and procedures are delineated in the General Appropriations Act adopted annually by the Board of Commissioners which complies with Public Act 621 of 1978, the Uniform Budgeting, and Accounting Act for Local Units of Government in Michigan. This act mandates a balanced budget, designates the County Executive as the Chief Administrative Officer and the Director of Management & Budget as the Chief Fiscal Officer. The act further spells out the fiduciary responsibilities of all County employees, elected and appointed, specifies the minimum required contents of the budget document and prescribes appropriate actions in the event of violation.

VI. BUDGET PROCESS

The Oakland County Budget Process is typically divided into four (4) phases and functions on a Triennial basis, which began in 2009 for processing the FY 2010-2013 budget.

With the recent economic downturn and the need to plan further into the future, the County will continue with the “triennial budget”, projecting out to three fiscal years (FY 2013, FY 2014, and FY 2015). By preparing a three-year budget we hope to gain more advanced notice, better long term planning, and greater opportunities to react before a crisis arises, thereby easing the fear of the unknown.

Phase I - Development of Budget Preparation Materials

This first phase begins with Fiscal Services Division staff, working with the operating departments, developing preliminary General Fund/ General Purpose revenue estimates. This work is undertaken during January and early February. The staff members involved will use a number of techniques in developing these revenue estimates. Some of the techniques include reviewing historical revenue patterns; analyzing economic information such as the local consumer price index, construction activity, land sale activity, etc; reviewing property value information provided by the County's Equalization Division; and reviewing revenue estimates provided by the Michigan Department of Treasury. The result of this activity is the compilation of Estimated County General Fund/General Purpose Revenue for the upcoming triennial period. This information is shared with the Board of Commissioners' Finance Committee, as well as County Administration.

The primary purpose of estimating revenues is the development of the budget parameters for the next triennial period. The level of projected revenue growth will determine whether an inflation factor will be allowed for existing programs, what level of salary and wage increases will be proposed by the Executive, and the level of resources which will be available for program expansion. The budget parameters are communicated through a letter signed by the Director of Management and Budget and the Director of Human Resources. The letter is included and discussed during the Budget Orientation Sessions.

Upon completion of the revenue estimation function, Fiscal Services Division staff develop materials for the departments to use in requesting a budget for the next triennial period. This includes gathering historical expenditure information so the departments have some rational basis to make their requests, preparing the financial system to enter budget data, and developing the salary forecast, which provides the detailed costs of salaries and fringe benefits for each authorized position within the County departments. Aside from revenue estimates, generating an accurate salary forecast is perhaps the most crucial part of the budget process, as personnel costs account for nearly half of the County's entire budget.

The final step in Phase I is the Budget Orientation session. These sessions, attended by all operating departments and administered by Fiscal Services and Human Resource Department staff, are designed to emphasize the budget parameters, go over the budget calendar and instructions, and provide departments with information useful to the development of their budget requests including current and historical expenditure information and an annualized salary and fringe benefit forecast.

Phase II - Development of Department Budget Requests

At this stage, the normal process would be for departments to develop their budget allocation requests and submit them to the Fiscal Services Division and Human Resources Department by end of April, for each of the following categories:

1. Current Programs - Departments may request inflation adjustments or other known increases in allocations to operate at their current program levels.
2. Program Change - Departments may request an allocation to fund any new program, innovation, requirement, or other substantial change in their operation.

However, during the past few fiscal years (beginning FY 2008), the County, as most governmental entities, encountered economic recessive factors that resulted in a significant shortfall in revenue and the need to reduce personnel and operating expenses. This required a more rigorous approach to meet the challenge of developing a balanced budget. As a result, a Budget Task was assigned to each Elected Official of the County as a means to reduce expenditures in order to balance the budget for each future fiscal period. These tasks were assigned based upon the individual percentage of the General Fund/General Purpose budget for the fiscal period, as well as any carried forward credit and remaining structural budget issues from the previous fiscal period.

When Budget Tasks are assigned, each Elected Official is required to develop a structural plan to resolve the Budget Task assigned to them by producing NEW revenue and not merely increasing revenue based upon activity levels, and/or by specific structural reductions in expenditures. It is at the discretion of the Elected Official as to how the task will be distributed among the departments he or she oversees. In the event no budget tasks are assigned to the Elected Officials, the normal process for developing the budget would be followed as indicated in bullets 1 and 2 of Phase II. In either event, the plans are to be submitted to the County Executive's Budget Task Force by late April. The Budget Task Force consists of the five (5) Deputy County Executives, with staff support provided by the Directors of Management and Budget and Human Resources. Please note there were no budget tasks assigned to any Elected Official for FY 2013, FY 2014, or FY 2015.

Phase III - Development of the County Executive's Recommended Budget

The initial activity during this phase is the analysis of the Elected Officials' plans to meet the Budget Task. There may be a meeting between the Elected Officials and the Budget Task Force for questioning, clarification, and possible negotiation if needed. Analysts from Fiscal Services and Human Resources are usually on hand and called upon to assist with the analysis process in order for the Budget Task Force to make a decision about budget plans submitted. Once the Budget Task Force has reviewed the plans and given approval for its recommendation, the Fiscal Services and Human Resources staff begins developing the County Executive's Recommended Budget, which usually occurs during the months of May and June.

The County Executive Recommended Budget is produced in line-item document form and must be submitted to the Board of Commissioners by July 1, or ninety days before the start of the triennial period. State law and the County General Appropriations Act require that this Recommended Budget be "balanced" with revenues equaling expenditures.

Phase IV - Board of Commissioners' Process for Budget Adoption

Upon receipt of the County Executive Recommended Budget, the Board of Commissioners reviews the recommendation. The Board has the authority to accept the County Executive Recommendation in total, reject it in total, or to modify the Recommendation. In almost all situations, the latter option is implemented.

Although not required by any statute, typically the Board of Commissioners will utilize its Finance Committee (lead committee on the budget) and Human Resources Committee (support committee) to conduct budget hearings on the County Executive Recommendation. The committees have options as to how they conduct the hearings and who is requested to be present to defend the recommendation. Generally, Fiscal Services staff and Human Resources staff appear at each hearing as well as specific departments as requested by the committees.

During the budget hearing process a number of amendments to the County Executive Recommendation may be introduced. Some of the recommended amendments may be initiated by the Administration as a result of continued negotiations with the operating departments. The Commissioners recommend other amendments. The recommended amendments are not voted on during the hearing process. Rather they are placed on an "amendment list". At their last meeting in August, the Finance Committee will vote on each item on the list, and any other proposed amendments brought during that meeting. The result of these actions will produce a Finance Committee Recommended Budget. State law and the County General Appropriations Act also require that this Recommended Budget be "balanced" with revenues equaling expenditures.

The Finance Committee Recommended Budget is then moved to the full Board of Commissioners for action at their last meeting in September. A public hearing on the Finance Committee Recommended Budget is also scheduled for that day. Public Notice regarding the Finance Committee Recommended Budget (including a brief summary of the recommended budget) and the budget hearing is placed in one general circulation newspapers throughout the County at least seven (7) days prior to the hearing date. A copy of the Finance Committee Recommended Budget is placed with the County Clerk for public inspection.

At the final meeting in September, the full Board of Commissioners will first conduct a public hearing on the Finance Committee Recommended Budget. After the hearing, the Board may entertain any amendments from Commissioners. Each amendment is voted on separately. After consideration of any amendments, the Board adopts the Triennial Budget, which again must be balanced.

VIII. BUDGET AMENDMENT PROCESS

In Oakland County, the budget is a living document which can be adjusted to meet the changing demand for services during the fiscal year. Accordingly, the budget amendment process is part of a larger on-going budget monitoring process. Rather than hold budget changes to one or two specific times in the fiscal year, the County's Administration and policy makers prefer to deal with issues as they arise, making appropriate budget adjustments.

Oakland County operates with a three-year "rolling budget". This means that unless an adjustment is a one-time circumstance, all budget amendments modify the current fiscal year budget and the two subsequent fiscal year budgets. This practice allows the County to not only anticipate but to allocate the impact of adjustments over a multi-year time frame.

With few exceptions, a resolution adopted by the Board of Commissioners is required to amend the budget. All requests for budget amendments must be approved by the Board of Commissioner's Finance Committee prior to full Board approval. Any operating department or elected official may request a budget amendment. All requested amendments are reviewed by Management and Budget which, in turn, recommends (in the name of the County Executive) approval or disapproval of the requested amendment.

The exceptions, as listed in the General Appropriations Act, allows the Chief Fiscal Officer (Director of Management and Budget) to transfer funds from budgeted reserve accounts into a departmental budget to cover overtime needs, capital outlay requests, and maintenance department charges. The Chief Fiscal Officer is required to report the Finance Committee when such transfers are made.

In addition, the Department of Management and Budget prepares quarterly financial forecasts that project budget performance through the end of the fiscal year.

Section 24 of the General Appropriations Act provides that:

Whenever it appears to the County Executive or the Board of Commissioners that actual and probable revenues in any fund will be less than the estimated revenues upon which appropriations from such fund were based, the County Executive shall present to the Board of Commissioners recommendations which, if adopted, will prevent expenditures from exceeding available revenues for the current fiscal year. Such recommendations shall include proposals for reducing appropriations, increasing revenues, or both. After receiving the recommendations of the County Executive for bringing appropriations into balance with estimated revenues, the Board of Commissioners shall amend the general appropriations measure to reduce appropriations or shall approve such measures necessary to provide revenues sufficient to equal appropriations, or both.

Section 23 of the General Appropriations Act provides that:

The Board of Commissioners may make supplemental appropriations by amending this general appropriations measure as provided by this resolution, provided that revenues in excess of those anticipated in the original general appropriations measure become available due to:

- (a) An unobligated surplus from prior years becoming available; or
- (b) Current year revenue exceeding original estimate in amounts sufficient enough to finance increased appropriations.

The Board of Commissioners may make a supplemental appropriation by increasing the dollar amount of an appropriation item in the original general appropriations measure or by adding additional items. At the same time, the estimated amount from the source of revenue to which the increase in revenue may be attributed shall be increased, or other source and amount added in a sum sufficient to equal the supplemental expenditure amount. In no case, may such an appropriation cause total estimated expenditures, including an accrued deficit, to exceed total estimated revenue, including an unappropriated surplus.

Section 22 of the General Appropriations Act provides that:

Direct expenditure and/or transfers of any unencumbered balance or any portion thereof in any appropriation for transfer account to any other appropriation account may not be made without amendment of the general appropriations measure as provided for in this resolution, except that transfers within and between budgeted funds and departments may be made by the Fiscal Officer in certain specified instances.

IX. USE OF FUND BALANCES

It is Oakland County's sustainable practice to maintain a General Fund balance equating to approximately 20% of annual General Fund / General Purpose expenditures. This figure is calculated based upon two criteria. The first criterion is the Government Finance Officers' Association (GFOA) recommendation to retain at least two months of annual expenditures (approximately 17%) in fund balance. Such a practice provides a cushion against sudden fiscal crises, allowing the County to meet emergency demands without severely disrupting ongoing operations and services.

The second criterion is the need for an additional cash flow cushion based upon the fact that Michigan Public Act 357 of 2004 requires the County to collect property taxes in arrears. Under this State Act, counties levy property taxes in July of each calendar year, which is ten months AFTER the beginning of Oakland County's fiscal year. Prior to enacting P.A. 357, the County levied property taxes in December only three months after the beginning of the fiscal year. This shift to a later levy date results in the need for short-term borrowing to augment General Fund cash balances around April of each fiscal year.

Maintaining a General Fund balance of approximately 20% of annual General Fund / General Purpose (GF/GP) expenditures is sufficient to maintain services, without disruptive financial swings. Any amount in excess of that 20% can be used to cover one-time expenditures, or to provide time and flexibility to decision makers to implement thoughtful structural reductions required to meet shrinking revenues.

The General Fund balance also includes \$134.8 million assigned for "Budget Transition". A portion of this balance will be used to support County General Fund / General Purpose operations for FY 2013 (\$37.6 million), FY 2014 (\$44.8 million), and FY 2015 (\$52.4 million). These funds will be used for short-term, limited relief to allow the County to thoughtfully and prudently plan for major budget reductions.

**REVENUE DESCRIPTIONS
GENERAL FUND / GENERAL PURPOSE FUNDS**

TAXES (NON-DEPARTMENTAL)

PROPERTY TAX LEVY: For Fiscal Year 2013, the Ad Valorem Tax Levy (levy) is based on the anticipated December 31, 2012 State Taxable Value (STV) of **\$48,743,594,453** multiplied by the County's authorized millage rate of **4.2240** mills. For Fiscal Year 2014, the levy is based upon the estimated December 31, 2013, STV of **\$48,743,594,453** (no change) by the County-authorized millage rate of **4.2240** mills. For Fiscal Year 2015, the levy is based upon the estimated December 31, 2014, STV of **\$49,231,030,398** (1% increase) by the County-authorized millage rate of **4.2240** mills. The Property Tax levy conforms to the Headlee Constitutional Tax Limitation Amendment as well as P.A. 4 of 1982, Truth in Taxation requirements.

DELINQUENT TAXES PRIOR YEARS: Collection of previous years' delinquent property taxes previously treated as "uncollectible". Also, the "actual" column includes a payment from the Delinquent Tax Revolving Fund (DTRF) for property taxes listed as "delinquent" during that fiscal year. This payment is budgeted under "property taxes" for FY 2013, FY 2014, and FY 2015.

TREASURERS - Payments made in lieu of taxes.

TRAILER TAX: Fifty cents (\$0.50) of each \$3.00 monthly fee collected on mobile homes in trailer parks.

LESS: TAX FINANCING OFFSETS TIFA/DDA/CIA: Amount expected to be lost from County property tax collections due to Tax Increment Finance Authority (TIFA) and Downtown Development Authority (DDA), and Corridor Improvement Authority (CIA) exemptions granted by local communities for redevelopment of deteriorated industrial areas. It is anticipated that by granting these exemptions and redeveloping these areas, it will encourage economic development, job creations and increased property tax valuations in future years. **BROWNFIELD DEVELOPMENT:** Amount expected to be lost from municipal implementation of Brownfield plans and promotions for the redevelopment and revitalization of environmentally distressed areas, per P.A. 381 of 1996.

LESS: DELINQUENT TAXES - CURRENT: Amount of delinquent property taxes written off as "uncollectible" during the fiscal year.

LESS: MILLAGE REDUCTION: The effect of reducing the County's authorized millage rate by **0.034** mills, from 4.2240 mills to **4.19** mills.

TUITION REIMBURSEMENT

FY 2012 Allocation: \$260,000

FY 2013-2015 Allocation: \$260,000

Merit Rule 20 provides tuition reimbursement to County employees eligible for fringe benefits for successfully completing coursework related to their present or probable future County job. This benefit provides for up to \$800 per semester, with an annual limit of \$2,400 per fiscal year. Current rate of reimbursement was established by the Board of Commissioners as part of the FY2000 budget. The Human Resources Department provides uniform coordination of the program and compliance with Merit System Tuition Reimbursement policy. Employees invest their own time to complete the course work.

Tuition Reimbursement has become increasingly important as the County seeks to prepare employees to meet future needs in terms of succession planning in the years ahead.

The following is an historical breakdown of the program budgets and expenditures.

EMERGENCY SALARIES

FY 2012 Allocation: \$1,310,000

FY 2013-2015 Allocation: \$1,310,000

The Emergency Salaries Fund was established in 1981 and is administered by the Human Resources Department to provide the most economical and efficient means of temporary staff replacement to accomplish essential County work. Use of Emergency Salaries is an economical alternative to the addition of permanent positions to accommodate fluctuating workloads.

The Human Resources Department maintains a number of emergency salary clerical employees (commonly referred to as the clerical pool) who are available on short notice to fill in for emergency clerical situations. A number of emergency salary positions are also created for Children's Village to provide flexibility in staffing coverage where dependent wards of the Court require around-the-clock supervision as occupancy varies. Other departments utilize this resource for absences resulting from long-term illnesses, injuries, family leave or special projects. Emergency Salaries are not intended to cover functions or positions requested but not approved in the budget process.

The Emergency Salaries fund continues to be an economical method of meeting temporary emergency staffing needs.

SUMMER EMPLOYMENT

FY 2012 Allocation: \$250,000

FY 2013 - 2015 Allocation: \$250,000

Oakland County has traditionally hired part-time non-eligible seasonal employees to perform a variety of routine jobs during the summer months. The Human Resources Department administers the program with departments submitting requests during each budget process. Summer applications are accepted from mid-February until the first of March. Summer employment is from mid-April until mid-September. Summer employees perform routine office duties and seasonal work in the maintenance of County grounds and the operations of County parks. In addition to the amounts recommended here for the governmental summer employment fund, costs for Proprietary/Special Revenue summer employees are recovered through charges to departments and/or park user fees.

Senior Auditor

Dental Clinic Assistant II

**Note: Given the continuing economic situation facing the State, County Elected Officials (excluding the County Executive whose salary was reduced by 2.5% in 2010 and 1.5% in 2011) and the Assistant Prosecuting Attorneys have voluntarily donated an amount equivalent to 4% of their salary back to the County. This is consistent with the salary reductions experienced by County employees during fiscal years 2010 and 2011.*

Chairperson, on behalf of the Human Resources Committee, I move the acceptance of the foregoing report.

HUMAN RESOURCES COMMITTEE

Human Resources Committee Vote:

Motion carried unanimously on a roll call vote with Nuccio and Covey absent.

**OAKLAND COUNTY, MICHIGAN
CAPITAL IMPROVEMENT PROGRAM
FY 2013 through FY 2022**

This Capital Improvement Plan is meant to identify projects that MAY be executed in FY 2013 through FY 2022. Presently, Oakland County, as are other governmental units, is experiencing economic pressures not ever seen before. To that end, the project prioritization addresses asset maintenance and preservation and those assets that support direct services to the public. Other projects may be appropriate for consideration under normal circumstances, but must be delayed until the economic recovery occurs.

It must be understood that inclusion in this plan does not indicate approval for a project to go forward. No project will go forward without first receiving the express recommendation of the County Executive followed by a full review and approval by the Board of Commissioners. No project will be recommended by the County Executive without a funding source first being identified for both the project's capital and on-going operating components.

Building Space Cost Allocation

The Facilities Maintenance and Operations Fund accumulates the costs of operating and maintaining the County's buildings, grounds and utilities. The building space rates are calculated by taking the costs by building (tracked through the Operating Unit chartfield), adding admin/overhead costs, and then dividing by the building square footage to get the cost per square foot for each building. The occupants of the buildings are then charged by taking the building square footage rate and multiplying it by the assigned square footage. These amounts are used for the budget and for the amount billed to the customers/departments; which means that there is usually no variance between budget and actual charges for building space. The costs/rates are reviewed on an annual basis and adjusted in the following fiscal year.

IN RE: DEPARTMENT OF MANAGEMENT AND BUDGET - FISCAL YEAR 2012 THIRD QUARTER FINANCIAL FORECAST AND BUDGET AMENDMENTS

To the Oakland County Board of Commissioners

Chairperson, Ladies and Gentlemen:

WHEREAS Public Act 621 of 1978, the Uniform Budgeting and Accounting Act for Local Units of Government, provides for adjustments to the adopted budget; and

WHEREAS in accordance with Oakland County General Appropriations Act Section 22, which authorizes budget amendments for variances between the budgeted revenue and actual revenue, and Section 23, which authorizes budget amendments for variance between estimated revenue and projected expenditures, amendments are required; and

WHEREAS the Fiscal Year (FY) 2012 Third Quarter Financial Forecast Report has identified several variances and budget amendments are recommended; and

WHEREAS the 52nd District Court - Division II (Clarkston) and the Circuit Court have requested a budget amendment to correct a budget amendment made with 2nd Quarter that contained an incorrect Department number; and

WHEREAS a budget amendment is recommended for the Prosecuting Attorney to recognize expense reductions and revenue increases for FY 2012 to offset anticipated DHS revenue reductions for which budget task credit was previously awarded; and

WHEREAS a budget amendment is recommended in the Clerk/Register of Deeds office to reallocate funds in the amount of \$10,000 from Professional Services to Micrographics – Maintenance Contract to accurately account for actual expenditures; and

WHEREAS a budget amendment totaling \$36,400 is recommended to reallocate funds from the Board of Commissioner's Non-Departmental Legislative Expense to the Public Information line item to accurately account for Webcasting expenditures; and

WHEREAS the Water Resources Commissioner is requesting to amend the General Fund budget to correct the General Fund and Drain Equipment Fund for hospitalization illustrative rates. The

implementation of the Collaborative Asset Management System (CAMS) moved the General Fund salaries and fringes to the Drain Equipment Fund. The hospitalization illustrative rates should have been deducted from the Drain Equipment Fund instead of the General Fund; and

WHEREAS the Township of Milford Tri-Party Project #50361 was originally approved per MR #10123 at a total project cost of \$706,726 of which the County agreed to fund \$235,575. The Township of Milford and the Road Commission for Oakland County (RCOC) approved additional funding from Tri-Party monies allocated since Project #50361 was initiated. The County share for this additional cost is \$2,788. Funding for this additional \$2,788 is available in the General Fund Assigned Fund Balance for Tri-Party funding (GL acct #383510); and

WHEREAS a budget amendment is recommended to recognize that the Health Division has received additional funding from MDCH through the Comprehensive Planning, Budgeting, and Contracting (CPBC) Agreement in the amount of \$52,254 which is less than fifteen percent of the original agreement required to accept the amendment via separate resolution. Actual amendments to the County budget will consist of \$53,460. The difference of \$1,206 is related to Grant Fees and Collections obtained from the grant award for WIC Resident Services. Funding in the amount of \$40,000 relating to Tobacco Retailer Inspections will be budgeted in the General Fund as the grantor has recently changed the contract terms allowing the County to bill on a fixed fee for service; and

WHEREAS a budget amendment is recommended to transfer funding in the amount of \$22,300 from the Professional Services line item within the Health and Human Services Admin Division to the Training-Educational Supplies line item within the Children's Village Division to cover costs associated with a research based treatment component being incorporated into residential programming; and

WHEREAS the Department of Information Technology has requested a budget amendment in the amount of \$1,500,000 to reappropriate funds previously approved by the Board for various IT projects such as Medical Examiner's, E-Health, and CAMS; funding is available in the IT Fund Net Assets-Designated for Projects; and

WHEREAS a budget amendment totaling \$27,065 is requested within the Motor Pool Fund (#66100) to reallocate revenues and expenditures as a result of a decrease in used replacement vehicle purchases, insurance costs, indirect costs, external business revenue and external-warranty reimbursement, with an increase in depreciation, internal parts and accessories usage, productive labor services, and gain on sale of equipment and vehicles; and

WHEREAS a budget amendment is recommended in the Friend of the Court - Access and Visitation Grant (#27120) fund to reallocate revenue from State Operating Grants to Federal Operating Grants; and WHEREAS a budget amendment is recommended in the Prosecuting Attorney – Cooperative Reimbursement Program (CRP) Grant (#27315) fund to move the budget for FY 2012 to the account where actual revenue is being received; and

WHEREAS the Prosecuting Attorney received contributions (donations) in the amount of \$235.45 for the Victim Services Section; and

WHEREAS the Parks and Recreation Commission has one (1) check unable to be processed due to insufficient funds amounting to \$19.00 and reports that the amount due and Non-Sufficient Fund Fees (NSF) for these checks be written off or deemed uncollectible; and

WHEREAS the Oakland County Department of Economic Development and Community Affairs has attempted to collect funds from loan recipients for the Community Development Block Grant (\$49,822.51) and the Home Investment Partnership Act Accounts (\$50,109.00) and recommends (\$99,931.51) be written off in uncollectible loans.

NOW THEREFORE BE IT RESOLVED that the Board of Commissioners accepts the Fiscal Year 2012 Third Quarter Financial Report.

BE IT FURTHER RESOLVED that the contributions made to the Prosecuting Attorney are accepted as previously detailed.

BE IT FURTHER RESOLVED that the uncollectible debts, as recommended by the Department of Management and Budget and detailed in schedules are authorized to be written off.

BE IT FURTHER RESOLVED that the FY 2012 Budget is amended pursuant to Schedule A (General Fund/General Purpose Budget Amendments) and Schedule B (Proprietary and Special Revenue Budget Amendments).

WHEREAS the Finance Committee received budget requests from all County Departments, and has reviewed in detail the County Executive's Fiscal Year 2013 Budget Recommendation; and

WHEREAS the Finance Committee, after due deliberation, has formulated a Recommended General Appropriations Act balancing total appropriations with available resources at \$776,237,427 for Fiscal Year 2013, a summary of which was included in the Notice of Public Hearing published in newspapers of general circulation; and

WHEREAS the further intent of this resolution is to maintain a budgetary system for the County of Oakland on the same basis of accounting (generally accepted accounting principles) as the actual financial information is maintained; to define the powers and duties of the County's officers in relation to that system; to designate the Chief Administrative Officer and Fiscal Officer; and to provide that the Board of Commissioners and committees thereof, as well as the Fiscal Officer, shall be furnished with information by the departments, boards, commissions and offices relating to their financial needs,

revenues and expenditures/expenses, and general affairs; to prescribe a disbursement procedure, to provide for an allotment system; and to provide remedies for refusal or neglect to comply with the requirements of this resolution; and

WHEREAS the Circuit Court Mediation Fund (Miscellaneous Resolution #90177) is used to cover the total cost of Attorney Mediators, with the balance to be used for enhancement of Court operations as requested by the Court and approved by the Board of Commissioners; and WHEREAS the Board of Commissioners supports the concept of cultural diversity training for Oakland County employees and requires all supervisory, division manager and director level employees to attend cultural diversity training.

BE IT FURTHER RESOLVED that \$77,000 of Cigarette Tax Revenue distributed by the State to Oakland County under the authority of the Health and Safety Fund Act, P.A. 264 of 1987, be divided between the Health Division (12/17 or \$54,000) and the Sheriff's Department (5/17 or \$23,000).

BE IT FURTHER RESOLVED that funds from the Civil Mediation Account (10100-240201) be utilized to cover the total costs incurred in Fiscal Year 2013 for the Civil Mediation Program.

BE IT FURTHER RESOLVED that the following policy be established regarding administration of the Delinquent Tax Revolving Fund:

- 1) The Delinquent Tax Revolving Fund (DTRF) was established in accordance with the provisions of Public Act 206 of 1893 (as amended) for the purpose of paying local taxing units within the County their respective shares of delinquent ad valorem real property taxes, in anticipation of the collection of those taxes by the County Treasurer. This policy statement, which encompasses the precept of self-funding, ensures that utilization of unrestricted DTRF funds does not impair the functional intent or operational success of the DTRF as originally established.
- 2) To that end, at no time shall funds be diverted from the DTRF that would cause the unrestricted balance to fall below a level that would assure a prompt payment of all current and future outstanding General Obligation Limited Tax Notes, as well as assure the continued operation of the DTRF as specified in the preceding paragraph.
- 3) Penalties and investment interest generated by the DTRF may be transferred, in whole or in part, to the General Fund of the County upon majority vote of the Board of Commissioners so long as such transfer(s) meets the provisions of paragraph #2 above.
- 4) Any and all appropriations from unrestricted DTRF funds, excepting penalties and investment interest, shall be limited to one-time expenditures, as opposed to recurring operations.
- 5) Unless otherwise specified, appropriations from the DTRF shall be considered long - or short-term advances (with specific time frames detailed in the authorizing resolution), to be repaid with interest as specified below.
- 6) Any appropriations from unrestricted DTRF funds, excepting penalties and investment interest, not considered advances to be repaid within a time certain shall require a two-thirds majority vote of the Board of Commissioners.
- 7) All appropriations from unrestricted DTRF funds considered to be advances to be repaid within a time certain shall require a majority vote of the Board of Commissioners.
- 8) Terms and conditions of any and all advances from the DTRF shall be specified in the authorizing resolution, including interest obligations detailed as follows:
 - a. Interest on each payment will be based on the average monthly rate paid during the term of the agreement by the agent of the DTRF for that year's outstanding borrowing, or
 - b. In the event no borrowing occurs for the DTRF, principal and interest payments will be made in accordance with the previously established "Loan of County Funds Policy" (Miscellaneous Resolution #89276) which requires Board approval of repayment terms at an interest rate no less than the prevailing six-month Treasury Bill rate and that such rates shall be computed and compounded quarterly.

BE IT FURTHER RESOLVED that \$10,800,000 in DTRF interest earnings will be transferred to the General Fund to support General Fund/General Purpose activities.

The Fiscal Officer shall not approve any expenditure beyond that necessary to accomplish stated program or work objectives authorized in the general appropriation measure as originally approved unless amended, in which case the amendment takes precedence.
17. In order to amend the General Appropriations Act the amendment must specifically identify the fund, department, division, unit, program and account affected by the amendment. Additionally, if the amendment increases an appropriation, the source of funding for that additional appropriation, whether an increase in revenue or an offsetting decrease in expenditure, must be presented as part of the amendment.
 18. The Fiscal Officer shall maintain, for all budgeted funds, appropriation ledger accounts in which are to be recorded such expenditure encumbrances and obligations for the future payment of appropriated funds as the Fiscal Officer may approve.
 19. Each purchase order, voucher or contract of Oakland County shall specify the funds and appropriation designated by number assigned in the accounting system classification from which it is payable and shall be paid from no other fund or appropriation. The necessary amount of the appropriation from such account shall be transferred pursuant to the provisions of this resolution to the appropriate general appropriation account and the expenditure then charged thereto.
 20. No obligation shall be incurred against, and no payment shall be made from, any appropriation account unless there is a sufficient unencumbered balance in the appropriation and sufficient funds are or will be available to meet the obligation. All capital projects funded from the Capital Improvement Fund shall require approval of the Board of Commissioners on recommendation of the appropriate liaison committee (Planning and Building Committee) prior to initiation of the project. Any obligation incurred or payment authorized in violation of this resolution shall be void and any payment so made illegal except those otherwise ordered by court judgment or decree.
 21. The Fiscal Officer, after the end of each quarter, shall transmit to the Board of Commissioners a report depicting the financial condition of budgeted operations, including, but not limited to:
 - (a) A forecast of actual revenues by major source compared with budgeted revenues accompanied by an explanation of any significant variances,
 - (b) A forecast of actual expenditures and encumbrances by department compared with authorized appropriations accompanied by an explanation of any significant variances, and
 - (c) A forecast of actual expenditures, encumbrances and transfers from each of the several non-departmental appropriations accounts compared with authorized appropriations accompanied by an explanation of any significant variances.
 22. Direct expenditure and/or transfers of any unencumbered balance or any portion thereof in any appropriation for transfer account to any other appropriations account may not be made without amendment of the general appropriation measure as provided for in this resolution, except that transfers within and between budgeted funds and departments may be made by the Fiscal Officer in the following instances:
 - (a) Transfers may be made from the non-departmental overtime account and fringe benefit adjustment account to the appropriate departmental budget as specific overtime requests are reviewed and approved by the Fiscal Services Division. Additionally, overtime appropriations may be transferred between divisions within a department at the request of the Department Head, if authorized by the Fiscal Officer or his/her designee.
 - (b) Transfers may be made from the non-departmental appropriation accounts for Maintenance Department Charges and Miscellaneous Capital Outlay to the

appropriate departmental budget as specific requests for these items are reviewed and approved by the Fiscal Officer or his/her designee.

- (c) Transfers may be made from the non-departmental appropriation accounts Emergency Salaries and Summer Help as specific requests for these items are reviewed and approved by the Human Resources Department.
 - (d) Transfers may be made from salary and fringe benefit savings, resulting from use of Merit System Administrative Leave without Pay provisions, from departmental budgets to a non-departmental Administrative Leave account. Quarterly reports identifying such transfers and detailing the status of the non-departmental Administrative Leave account shall be provided to the appropriate Board committees.
 - (e) Fringe benefit rates shall be established annually in the budget process to charge all General Fund/General Purpose, Special Revenue and Proprietary funds for actual employer fringe benefit costs. Such rates shall be sufficient to meet all fringe benefit costs including sick leave and annual leave accumulations, tuition reimbursement, employee training, retirees' medical, required debt service on the Intermediate Retiree Medical Benefit Trust established pursuant to MR 07147, and retirement administration. All funds collected for Retirement, Tuition Reimbursement, Social Security (FICA), Medical for active and retired employees, Disability, Dental, Optical, and Life and Accident Insurance shall be transferred to the Employee Fringe Benefit Fund as established by Miscellaneous Resolution #81-312. Sufficient funds shall be maintained in the Employee Fringe Benefit Fund liability account for sick leave and annual leave to cover the accumulated liability at an amount equal to 50% of the sick leave accumulation and 100% of the annual leave accumulation, including applicable Social Security (FICA) taxes thereon. All funds collected by Workers' Compensation and Unemployment Compensation shall be transferred to the Fringe Benefit Fund as established by Miscellaneous Resolution #81-012 and modified by Miscellaneous Resolution #96-024.
 - (f) The transfer of funds to the Capital Improvement Fund and Building Fund shall not be made prior to September 30, without approval from the Finance Committee of the Board of Commissioners.
 - (g) Transfers (advances) may be made as necessary from the Drain Revolving Fund to Drain Construction Funds and Drain Maintenance Funds as short term advances for costs incurred such as preliminary engineering fees and ongoing maintenance costs. Costs incurred by Drain Maintenance Funds and Drain Construction Funds will be repaid by the Drain Fund through assessments. Specific requests will be reviewed and approved by the Fiscal Officer or his/her designee.
 - (h) A transfer of any or all of the appropriation allocated under the Non-Departmental account for Legislative Expense (#10100-9090101-196030-731080) shall not be made to any departmental budget without adoption of an Oakland County Board of Commissioners resolution.
23. The Board of Commissioners may make supplemental appropriations by amending this general appropriations measure as provided by this resolution, provided that revenues in excess of those anticipated in the original general appropriations measure become available due to:
- (a) An unobligated surplus from prior years becoming available;
 - (b) Current year revenue exceeding original estimate in amounts sufficient enough to finance increased appropriations. The Board of Commissioners may make a supplemental appropriation by increasing the dollar amount of an appropriation item in the original general appropriations measure or by adding additional items. At the same time the estimated amount from the source of revenue to which the increase in revenue may be attributed shall be increased, or other source and amount added in a sum sufficient to equal the supplemental expenditure amount. In no case may such appropriations cause total estimated expenditures, including an accrued deficit, to exceed total estimated revenues, including an unappropriated surplus.
24. Whenever it appears to the County Executive or the Board of Commissioners that actual and probable revenues in any fund will be less than the estimated revenues upon which

appropriations from such fund were based, the County Executive shall present to the Board of Commissioners recommendations which, if adopted, will prevent expenditures from exceeding available revenues for the current fiscal year. Such recommendations shall include proposals for reducing appropriations, increasing revenues, or both. After receiving the recommendations of the County Executive for bringing appropriations into balance with estimated revenues, the Board of Commissioners shall amend the general appropriations measure to reduce appropriations or shall approve such measures necessary to provide revenues sufficient to equal appropriations, or both.

25. All appropriations are annual and the unexpended portion shall lapse at year-end. Encumbrances and appropriations carried forward shall be recorded as an assigned fund balance, and the subsequent year's budget amended to provide authority to complete these transactions. Appropriations shall not be carried forward for more than six (6) months into the budget year following the year in which they were originally appropriated. A status report on Appropriations Carried Forward, as required by Miscellaneous Resolution #93-156, will be incorporated as an integral part of the ensuing year's Second Quarter Financial Forecast for the purposes of determining their continuation for the remainder of the year. The recommended year-end budget amendment shall be supported with a statement of revenues and expenditures and operating surplus or deficit which shall contain the following data: (1) budget as adopted; (2) budget amendments; (3) budget as adjusted; (4) revenues and expenditures, operating surplus or deficit; (5) accrued revenue and expenditures; (6) transfers; (7) total revenues and expenditures and transfers, operating surplus or deficit, including accruals and transfers; (8) encumbrances; (9) appropriations carried forward; (10) total revenues and appropriations utilized, operating surplus or deficit, including encumbrances and appropriations carried forward; (11) balance of revenues not collected, unencumbered appropriation balance, operating surplus or deficit; (12) detail of adjustments to designated and undesignated fund balance, detail of adjustment to reserves and/or any other utilization of surplus; (13) final surplus or deficit or undesignated fund balance carried forward to the subsequent year's budget.
26. A member of the Board of Commissioners, the County Executive, any elected officer, the Fiscal Officer, any other administrative officer or employee of Oakland County shall not: (1) create a debt, incur a financial obligation on behalf of the County against an appropriation account in excess of the amount authorized, (2) apply or divert money of the County for purposes inconsistent with those specified in this general appropriations measure as approved and amended by the Board of Commissioners, nor (3) forgive a debt or write off an account receivable without appropriate authorization of the Board of Commissioners, as described in Miscellaneous Resolution #93-135 (Bad Debt Write-Off Policy) and Miscellaneous Resolution #12-048 (Short Sale Policy). Specifically, application of the foregoing Bad Debt Write-Off Policy shall be invoked for all amounts in excess of \$1,000; transactions of a lesser amount shall be considered within the administrative authority of the Fiscal Officer or his/her designee. Application of the foregoing Short Sale policy may be invoked to allow the County to consider less than the balance owed on an Oakland County home improvement loan in a proposed sale of property, unless prohibited by Federal Regulations, as determined by the Manager of the Oakland County Community and Home Improvement Division or his/her designee. Furthermore, the Fiscal Services Division must submit to the Board of Commissioners, as part of the quarterly financial report, a listing of all bad debt write offs (including short sales) occurring during the preceding three months. In addition, transactions relating to Inmate Prisoner Billings which are billed in excess of ability to pay, as determined by the Fiscal Services Division, are hereby authorized to be adjusted in accordance with Public Act 212 of 1994 with the resultant amount of the write-off subsequently reported to the Board of Commissioners as part of the Quarterly Financial Report. Also, within the administrative authority of the Fiscal Officer and with the general approval of the Court, Circuit Court and Probate Court financial orders for \$2,500 or less may be reduced and amended by the Fiscal Services Division based on an individual's ability to pay. Waiver of fees in excess of \$2,500 shall require the approval of the Court. Except as otherwise stated in the General Appropriations Act, funds shall not be expended without specific appropriation or other appropriate action by the Board of Commissioners from

reserved, designated or undesignated fund equity; from balance sheet accounts for the purchase of fixed assets not cited in paragraph 26 of the General Appropriations Act, non-routine prepaid items or non-routine obligations related to a specific appropriation; or from funds not budgeted.

27. All Internal Service Fund budgets that have depreciable assets shall have a capital budget with detail supporting the amount of annual depreciation therein included, as well as a fiscal plan for replacing, upgrading or disposing of those assets.
28. The budgetary system shall be maintained on the same basis of accounting (generally accepted accounting principles) as the actual financial information is maintained.
29. Any violation of the general appropriations measure by the County Executive, the Fiscal Officer, any administrative officer, employee or member of the Board of Commissioners detected through application of generally accepted accounting procedures utilized by Oakland County or disclosed in an audit of the financial records and accounts of the County shall be filed with the State Treasurer and reported by the State Treasurer to the Attorney General. Pursuant to Public Act 621 of 1978, the Uniform Budgeting Act, the Attorney General shall review the report and initiate appropriate action against the person or persons in violation. For use and benefit of the County of Oakland, the Attorney General or Prosecuting Attorney may institute a civil and/or criminal action in a court of competent jurisdiction for the recovery of County funds disclosed by an examination to have been illegally expended or collected as a result of malfeasance, and for the recovery of public property disclosed to have been converted or misappropriated.
30. The provisions of this act shall be applied to the General Fund and all Special Revenue and Proprietary Funds of the County, including Enterprise Funds and Internal Service Funds.

BE IT FURTHER RESOLVED that as a condition of appropriation to a Community Mental Health Authority, the Community Mental Health Authority shall submit to an annual performance audit by an entity to be selected by the Board of Commissioners with the parameters of said annual performance audit to be determined by the County's Audit Committee.
